Les Williams was the grand prize winner of a free ticket on Eastern Airlines and $50 spending money, donated by the ERAU Parents Association and the ERAU Alumni Association respectively. Les' ticket was picked from among the 455 donor tickets at the conclusion of the blood drive, Friday. Second prize, a free trip anywhere on Shawnee Airlines, schedule, was won by Louana Cardau. A total of nine prizes were offered by the Blood Drive Committee, all of which were donated by local merchants. Third prize, a Jeppesen flight bag, donated by Daytona Aviation, was taken by James Mahoney. Wm. Leeds won an hour of dual in the Mooney, given by the flight line and John. Wei Chin Si and Robert John Sullens each won an introductory glider flight, donated by the Soaring Seminoles. Joseph Mondin, who was the first person to donate, won a dinner for two at the Beef and Bottle restaurant, while Doug Blank and Muhamed Seigasem each won Eastern travel bags, donated by Eastern Airlines. Of course, even if your ticket wasn't drawn you were still a winner, thanks to a free spaghetti dinner for each donor, provided by Ed Taft of Zeppo's. A total of 360 pints of the icky fluid was collected. Although this fall short of the 500 pint goal, Rick Spencer, chairman of the Blood Drive Committee pointed out that over 100 persons were turned away for medical reasons. Other reasons for the shortage of willing arms may have been Dr. Sain's unwillingness to allow the academic complex to be used and his refusal to grant students excused absences for donating blood. "It's my opinion," Rick stated, "that we would have made our quota had Dr. Sain cooperated more." Alpha Eta Rho took home the trophy for promotion. The "Rho thugs" paraded around the campus "encouraging and helping" students to donate. Ken Ellis and George Roller helped spread the word by drawing the posters which were seen around campus. Free air time was donated by five of the local radio stations. WESH-TV also provided free announcements and "Poor George" donated space in the "Green Sheet". Ken Richards, James Mancini, Tom Nanfelt, Mario Stagliano, and Steve Higginbothan all helped with the tasks of setting up and taking down the equipment. Mr. Bob Cessna made the Eastern ticket possible, while Mr. J. Cotton, of Eastern Airlines, helped arrange for the ticket from Shawnee Airlines.
Presidents Corner

The AVION is sorry to admit that the President of your SGA did not have time to write his article this week. He was off with his scissors cutting our budget. We hope he will have another big one for next week like the ones of the past.

GRADUATION - 1972
by Stephen L. Avery
Letter to the Editor

It may seem premature to many students at Embry-Riddle to begin discussing the spring graduation at this date, but for the benefit of those seniors who will be graduating in 1972 I would like to bring the discussion into view now. Overall, I think we could all benefit much more by arousing interest in graduation now, instead of two weeks before the final walk down the aisle.

For those of you who attended the preceding graduation ceremonies held at Peabody Auditorium last spring, I am sure that you are aware of the feelings that most of the seniors had after they received their diplomas. It really didn’t give the appearance of being a graduation ceremony, but seemed more like an Honorary Doctorates Awards presentation, where a considerable amount of time was spent commemorating these gentlemen and their professions. The speaker at this graduation kept patting himself on the back for his own accomplishments, and there had been mismanagement in obtaining the auditorium for the already scheduled night of graduation. The result was that the auditorium had already been booked for another purpose, and then only with severe complaints from the students, it was arranged so that graduation could take place at the auditorium, but at a later date. These difficult and time-consuming proceedings were enough to ruin anyone’s day.

It has always been my understanding that the ceremonies were to be fair to the graduating seniors, to honor them for their four years of scholastic turmoil and achievement. I hope that the administration will start planning for graduation now, and not wait until the last few days. The result was that they will be able to take positive action toward obtaining an outstanding speaker, and also provide more time for the graduating seniors, to list their achievements and cite them for their service to the school, whether it be scholastic, sports, fraternity, student government, etc. I hope they can take steps toward obtaining a building which can accommodate the entire group of people expected to attend. This would include guests, family and those students who wished to attend, not just a certain amount. It would also be more comfortable for all those attending if it was arranged that the air conditioners could be turned on a few hours in advance, rather than just an hour before the ceremonies.

The Honorary Doctorates Awards Program is all well and fine, but why can’t the administration list their activities and awards in the commencement pamphlet and then present the award to them and if anyone wishes to know what each individual has done to receive his degree they can read it. This way I believe it would save a considerable amount of time, and the seniors would not be robbed of their own individual graduation victory.

Two years ago we had an excellent speaker for the Embry-Riddle graduation, Astronaut Tom Stafford. It is my hope that such an excellent guest speaker can be obtained for this year’s graduation. The above comments are my own thoughts concerning this matter and are not to reflect upon my fraternity or any other organization that I belong to. I have suggested these reforms for graduation, not only for the benefit of those students that will graduate this year, but for those that will be graduating in the years to come. I believe that if a well organized, relative and enthusiastic program for graduation could be established now, it would continue as such for those students at ERAU in the years to come. I hope that the seniors or any other students who have suggestions towards the improvement of the graduation ceremonies would voice them now with a little physical and mental labor, so that the necessary and beneficial adjustments could be made. We need not only verbal but also followthrough. It is discouraging and most difficult to attempt to change things when many students offer their own suggestions and reforms, but then when it comes time to put the plans into action and the work to begin, these same students suddenly seem to disappear until the following year and the work is left undone. As for the suggestions and those who are interested will not only be of assistance in plans and ideas, but will also be eager to put their ideas into motion.
The scheduled game between the "Veteran's" and "69-er's" was called off Sunday because of rain. However, there were enough players on both teams to have a game so they played an unofficial scrimmage. The team is not slated to play this Sunday; they will meet the "Northerner's" on Sunday, October 24th at 9:00 AM, so come on out and do some rootin'!

We've had a lot of positive returns on the Marco Polo Christmas Party reservations: looks like it will be a roaring party. That's all for this time, don't forget the Vet's Used Book Store is for everybody! All students!! Pass the word, let's get the inventory up! Drive careful.

### FROM THE BULLETIN BOARD.

#### AAAA CHAPTER FORMED ON CAMPUS

The Embry-Riddle Chapter of the Army Aviation Association of America was formed on Sept. 22 as 36 persons interested in Army Aviation convened at Howard Johnson's West. Officers elected are: President, Bill Redman; Executive Vice President, Chuck Fountain; Vice President Programming, Bill Bayer; Vice President Membership, Curt Childre; Vice President Publicity, Skip Hatter; Secretary, Wil Middleton; Treasurer, Dick Rubiolo.

firmary (Dorm 2, Nova Road) on October 15th and December 3rd from 9 AM to 2 PM. Cost for each shot will be $1.00. If you had flu shots in 1970, you will only need one. If you didn't, you will need two shots at a two-month interval. Mrs. Curran reports this year's vaccine greatly improved with no adverse reactions reported.

LAST CALL: Alumni Office advises "The Alumnus" goes to press next week, so anyone wishing to include items of news should set Friday as your deadline for getting the info to Betty Bond. Fraternities particularly are urged to contribute current news.

RELIEF TUBE

Ah, yes, a new space filler. I'm Jim men, de facto social functions chairman, recently made permanent (despite a loud cry from yours truly). It's been suggested that a coming events calendar be published infrequently. Guess who was elected... in the bag - Last Friday your SGA played Topaz and some W.C. Fields flicks to a moderately small but well pleased crowd. Our next flick is Hotel on Nov. 12 or 13. On to better things... Halloween's Masquerade Ball is ON for the 30th. Start preparing now. The grand prizes (tentative) should be water beds for the best single costume and the best couples costume. Runny Spock will be inviting the Stetson sororities to participate. They might help mend those hearts broken at the loss of Star Track. More next time.

This brings me to the problem of the "Big Weekend", Saturday, Nov. 13th. We plan for a BBQ to start at 12:00, soccer game at 12:30, and Greek week games from 2:30 to dusk. Then we will move to Dorm 1 for "Hotel". The Frats think this is a little crowded. The only other thing to do is move the BBQ and Greek Week to another date, either the Saturday after Halloween one day later (Sunday, 14) or one week and one day later (Sunday 21). Hopefully, somewhere near by is a poll so you can voice your opinion.

Speaking of polls, I need your opinion. Would you like a "name" band concert? Your SGA President has been on my back to put one on. To do this we must charge Riddle kids and let outsiders in (for an increased price). Sounds like an administration trick to raise more money but it's only to keep from losing more than we can afford. So we have another straw poll. ZAP!

PLEASE CHECK ONE OF THE FOLLOWING AND RETURN IT TO THE SGA OFFICE:

**WOULD YOU LIKE TO HAVE:**

- MOVE THE B.B.Q. AND GREEK GAMES TO NOV 6, SAT. (ONE WEEK EARLIER)
- MOVE B.B.Q. AND GREEK GAMES TO NOV 14, SUN (NEXT DAY)
- MOVE B.B.Q. AND GREEK GAMES TO NOV 21, SUN (ONE WEEK LATER)

**WOULD YOU LIKE A "NAME" BAND?**

- YES
- Mason Proffitt
- Punch
- Grass Roots
- SOD
- Mac Davis
- NO

Anyone having anything else to list or if you wish to voice your opinion (straw poll) drop it in the SGA box or office (if you're lucky enough to see it open).

Alpha Eta Rho

With precision, power and a balanced attack, the mighty Rho machine rolled over Sigma Chi last Sunday for our first big win. We finally broke the scoring hex and came through with 13 big points and a narrow 13-12 victory. So, that at our confidence has been restored we’ll take on all comers.

It wasn’t easy playing Sunday, not after our party Saturday. AHP started what we hope will become a regular affair when we burned down Chicago at our first competitive Chicago Fire Party. The event was such a success we may burn down New York this week.

The fall blood drive left us a little richer once again. The Omicron Pledge class did a fantastic job and brought home the Advertising Trophy for the second straight time. A thank-you also to everyone who gave blood in the name of AHP.

Speaking about pledges, our group of twelve still stand and are working hard especially this Friday, the one before Hell Week. Just a reminder to keep on your toes.

Far away but here in spirit is our Treasurer. You may have any one who has been notified of Jeff’s whereabouts?

Before closing off, one last thank you to the girls of Tri-Delta Sorority at Stetson, “You made Saturday what it was.” AHP hopes to see you soon. Bye and good luck till next week.

Delta Chi

Saturday afternoon we had a BBQ. Potato salad and beans were supplied by Chi Delphia, our little sisters. Two of our faculty advisors, Dr. Eberle and Mr. Roberts were there. Also there were Mr. Parker and Dean Spears. Much thanks to Larry Lombardo and Rich Sollon for cooking all the chickens. They must have done a good job because 80 half-chickens were eaten. Mrs. Eberle made 4 dozen delicious cupcakes which vanished in short order. Our appreciation for your thoughtful-ness, Mrs. Eberle. Over all it was a well planned event which earned it success to several people. Fine job!

Sunday, the two undefeated met on the football field and Delta Chi just couldn’t be stopped. Sigma Phi Delta went down to a 20-0 defeat. At the one third season mark are now 3-0. Continued success for all you Sunday morning maniacs!!

Barreling any rain, we’re having a car wash tomorrow in various parts of town. Here’s your chance to have the barnacles taken off of your boat. Be sure to stop in at the corner of Volusia and Ridgewood.

Thanks to all who gave blood. It’s a gift of life and that’s not to be taken lightly. Discriminate!?! What’s that? See ya next week.

Sigma Chi

Left unmentioned these last few weeks has been our most active and hard-working football team. So now I’d like to pay tribute to the brothers and pledges whose efforts have made our Sigma Chi Football team a true team to be proud of. Team members are as follows: Skip Beard – end; Don Ozmondson – quarterback; Terry Gardner, Gary Clark, Joe Gamarano – halfbacks; Jim Patterson – offensive guard; defensive end; Nick Kropog, John Delafosse – defensive linemen; Tom Nannfelt – offensive guard; Larry Sweeney, Mark Rogers – center防守.

And a special thanks to the pledges, for their support in play and cheering.

This weekend’s activities highlight will include a moonlight cruise along Florida’s coast Friday night thru Saturday. Pledge Harold Kennedy from Rhode Island will be acting as Pledge Reporter for the Pledge Class. Beginning this week, there will be a weekly Pledge News report.

Pledge News Report

Monday, Oct 4, marked the first meeting of the new pledge brothers of Sigma Chi. Pledge officers were elected. Among them were Jerry Gardner, president; Jim Allen, VP; Mark Rogers, Treasurer; Rick Spitzer, Secretary; Bob Butterworth, Historian.

The items discussed were Pledge Brother’s by-laws and weekly assignments. These 21 future brothers are the largest pledge class the Eta Iota Chapter of Sigma Chi has ever had and it also promises to be the best.
Congratulations are in order for the newly installed brothers. Last weeks meeting was outstanding. We filled room A-107 and thus Bob Barresi procured another meeting place. The pledge party was definitely a success.

The new meeting place, the recreation center of Lakeview Mobile Home Estates, will provide Alpha Rho Omega with a kitchen, bar, and swimming pool. Lakeview is located on Reed Canal Road. Go down Nova Road to the Track Bar and make a left at the first street after the bar. There is no cost involved, so be sure to make the meetings, Wednesday at 7:30 PM. Let's make good use of this facility. Don't forget the installation banquet this Saturday, 6:30 PM, the Beef and Bottle. This promises to be one of our best functions of the Fall trimester. "The cost is a paltry $3.50, so why not but two." Right on Bob!

East Coast Aero Tech is the latest institution to inquire about Alpha Rho Omega. Fantastic! Thanks to all that worked and bled at the Blood Drive. As of this writing, I don't know who won the prizes.

The raffle tickets are going fast. A number of the Brothers are selling tickets faster than they can write the purchasers name and box number down. Some of the brothers are buying the tickets they are supposed to sell. Somebody wants that $50 pretty bad. Anybody got some tickets they want to sell?

---

**NOW IS THE TIME**

Yes, now is the time for ERAU students to submit their work for the Main Frame. The Main Frame is a campus magazine written and published by the students of ERAU. The magazine first appeared on our campus last Spring. This will be the second edition of the Main Frame and we need your work to make it a success.

The Main Frame contains work of artistic and literary nature done by any student here at ERAU. You don't have to be a literature major or an art major to submit work, all you have to be is a student. This offers you a chance to show your talents. The Main Frame contains poems, essays, articles, stories, photographs and art work.

Let us prove to all that the students of ERAU are people with more than just one talent. This magazine will not only be sold here on campus, but will also be sent to other campuses in exchange for their campus magazine, so get busy and submit your work so that we may prove that our student body is capable as any student body in the ability to write and create works of art and literature.

Submit your work now before Nov. 5th so that we may get the magazine published. Send your work to Jim Garrett, Box 4354, John Foster, Box 4344, or Mr. Campbell's office, room 123 Building A or the academic building. Feel free to contact any of the above mentioned people in regards to any question you may have.

---

**BASKETBALL ORGANIZATIONAL MEETING**

**THURSDAY - OCTOBER 21**

**6:00 pm**

**room 107 academic complex**

EVERYONE INTERESTED IN ERAU's N.C.A.A. BASKETBALL TEAM THE "EAGLES", PLEASE ATTEND THIS MEETING.

FOR THOSE WHO CAN'T MAKE IT, DROP YOUR NAME AND BOX# IN COACH WURZBACH'S BOX (ERAU ATHLETIC DIRECTOR).

TWO SHOPS IN THE DAYTONA BEACH AREA

856 N. Nova Holly Hill Plaza  2224 S. Atlantic across from Aku Tiki
GOLF

The results of the ERAU vs. Jacksonvile Jr. College were 307 to 336 in favor of Jacksonville. The horrible truth is that we got clobbered. The Jax team played the caliber of golf normally expected of only Florida's major colleges, such as the University of Florida. The margin was even wider than it should have been because none of our golfers played within a half dozen strokes of his normal score.

Embry-Riddle Rumble has been invited to play in the second annual Bis-cayne College Golf Classic in Miami set for Dec. 4, 5, 6, and 7.

The event, which is beginning to attract top college teams, will host Embry-Riddle University as well as Florida's other major colleges such as Embry-Riddle University, which is going to be an extremely hard job for any team to beat or even equalize them.

All the 18 players who traveled had a chance to play. By making sure that there is no danger from Shelton, Embry Riddle Soccer team once again proved to be an excellent team, giving warning to all Florida teams to watch out for them.
PARACHUTING

The ERAU Sport Parachute Club held another of its fun-filled meetings last Tuesday. Actually the meeting was routine, it was the visit to our local pub after the meeting that provided the fun. Our new officers seem to have their work cut out for them. They have to whip our team into shape for the upcoming meet. Team practice meets will be held in the near future to select those who will compete in the Collegiate Nationals in Deland over the Thanksgiving Holidays.

While our membership ranks are swelling we could still use some additional members. Please check the club bulletin board for details. We'll supply the equipment necessary for your beginning jumps and if we like your face we may even teach you how to use it. Just kidding of course. We are planning a few events that will enable the student body to see us in action. So keep your eyes open, you may get to see sport parachuting's answer to the Keystone Cops and the 3 Stooges.

Laurel and Hardy film buffs in this area will hold their next meeting at the Holiday Inn West on Monday, October 18, at 8 PM. The public is invited there to see the following movies: "The Great Train Robbery" and "Sons of the Desert". "The Great Train Robbery", directed by Edwin S. Porter, is an early short subject that introduced the movies' first cowboy, "Broncho Billy" Anderson. It was made for Thomas A. Edison in 1903. "Sons of the Desert", directed by William A. Seiter, was Laurel and Hardy's seventh feature-length film. It was released by MGM in 1934 and is ranked as one of Laurel and Hardy's best pictures.

safety tips

By Curtis J. Poree, Jr.
Credit the Flight Safety Foundation Sept.1970 issue

A common sense idea has been demonstrated to be correct in a 6-degree freedom of action simulator. The idea is: when a pilot being checked out on an engine-out approach starts to go below Vmc, the check pilot, instead of advancing power on the idled engine, pulls back on the opposite engine and then advances both.

The reason behind this technique is that power decay is much more rapid than power increase. With this procedure there is much less chance of loss of directional control.

Obviously, there is an altitude factor but the height reduction from momentary power reduction is not appreciable.

While on the subject of engine-out simulation, thoughts go back to an accident wherein an aircraft and crew were lost when a real hydraulic loss developed during an engine-out maneuver. Some 30 seconds elapsed after the hydraulic loss was noted and the loss of control occurred, but no action was taken to restore power to the idled engine.

MORAL: When a real emergency occurs, immediately restore all simulated failures to normal.

Bob Sabella
Sports..........Nancy Coates
Typists......Nancy Lucas
Circulation....George Francis
Mike Winters

The AVION is a weekly publication for Embry-Riddle students partially financed by the Student Activity Fee through the Student Government Association.

Articles may be submitted to the AVION for publication by the administration, the faculty and student body. The AVION deadline is every Monday afternoon at 4:00 P.M. Please mark all items: AVION, and deposit in the basket in the trailer, the suggestion boxes, or ERAU Box 1568.

REPORTERS AND CONTRIBUTORS
Cam McQuaid, Ralph Vlokklund, Henry Cottman, Curtis Poree, Gary Rosmini, Melonie Scofield, Skip Pannella, Mike Saunders, Dick White, and Danny Smook.
