

Oh the places you'll go... with Graphics!

The **Engineering Design Graphics Division (EDGD)** of **ASEE** invites authors to submit papers for presentation at the **72nd Midyear Conference** in **Montego Bay, Jamaica**. The Division welcomes relevant submissions from all engineering disciplines.

Topics of interest to EDGD include but are not limited to:

- 3D modeling in engineering design
- Course content and tools
- Curriculum development in graphics education
- Diversity in Engineering Graphics Education
- Graphics in an international context
- Innovative teaching and learning strategies
- Innovative technology
- Learning outcomes and assessment in graphics education
- Product lifecycle management
- Simulation and analysis software dependence on geometric models
- Teaching design intent
- Teaching simulation and analysis software at different levels
- Trends in graphics
- Virtual/augmented reality
- Visualization

Submit a 1000-1500 word digest electronically by **August 15, 2017** (5 pm EDT) to:
