“Edwards AFB and the Air Force Flight Test Center”

Charlie Bock, Col, USAF, Ret.

Hear an exciting review of Air Force flight test activity over a long period of time by someone who was there! Charlie Bock, an experimental flight test pilot for both the USAF and Rockwell, spent 19 years at Edwards flight testing the B-1, SR-71, B-58 and many others. With over 10,000 hours in 100+ aircraft, he still flies his own experimental kit airplane. Great stories to tell.
