It has been accepted for inclusion in NASA Western Space Grant by an authorized administrator of Scholarly Commons. For more information, please contact commons@erau.edu, wolfe309@erau.edu.

Role and Mission Statement Western Region Space Grant

This Role and Mission Statement is for the express purpose of developing and enhancing future western region NASA Space Grant and EPSCoR educational partnerships with Native American populations, schools, faculty, and students.

This effort will be furthered by:

- § Engaging in faculty, staff, and administrative interaction between the institutions involved.
- § Enhancing curricular development activities focused on improving mathematics, science, and technology educational opportunities for Native Americans.
- § Exploring joint research and collaborative scientific opportunities.
- § Expanding student scholarship opportunities and funding mechanisms in aeronautics, space, and related fields.
- § Establishing and maintaining a database containing profile and career information on Native Americans involved in aeronautics, space, and related fields.
