Activity Center

by Dan Hall

The Embry Riddle Activity Center is now nearing completion. It looks like it will be a good place to spend an evening. There will be pinball, foosball, pool tables, table games, darts, jukebox, a weight room, a combatives room, and food and drink machines. It won't be long now. In the mean time, we will just have to bear with it and look forward to what is to come. Right now, I see a lot of potential and we, the students can help to form one heck of a school.

Riddle Cinema

On Sunday night, the Riddle Cinema will be showing, "The Demon Seed", starring Julie Christie, Fritz Weaver and Gerrit Graham.

This is a sci-fi film about a scientist who creates a creature/computer capable of storing all man's knowledge, both of good and of evil, but unexpectedly, also has a capacity for human desires such as greed. See what this leads to on Sunday at 8:00.

Next week's movie is, "Hell Divers".

Backpacking/Wilderness Survival Course

John Annerino, Chief Instructor for Wilderness/Challenge, is offering a Backpacking/Wilderness Survival course for Embry-Riddle students beginning October 24. There will be 12 hours of classroom instruction covering such topics as poisonous bites and stings, equipment, logistics, environmental impact concerns, and first aid techniques. In addition, outings have been planned to such places as Pine Mountain Area, Sycamore Canyon Primitive Area, Mazatzal Wilderness, and either Humphrey's Peak or the Grand Canyon. The course will cost the student \$58/\$40 (check your mailbox for an explanation). Enrollment is limited to 10 students. The same course will be offered again beginning November 28. If interested, see Gary Upton as soon as possible. A \$10 deposit will reserve your spot in this first course. The balance will be due Friday, October 20.

ERAU - Flight Team Needs You

We will be having a meeting Oct: 7th at 7:00 PM in the Auditorium.

We will be passing out ballots for elections. The results will be tallied that evening and officials' names will be posted Wednesday.

We call ourselves the Alpha Eta Rho and need 200 members for possibly the World's Largest aviation fraternity.

Please help us out and have a lot of fun in the process.

#### NOTICES

SPECIAL THANKS to Mike O'Leary and Pat Witkop for their quick reactions and skill in treating Mario Rivera Wednesday night. When the ambulance arrived, they had Mario on a stretcher with the injured leg splinted. Thanks to these two students and all others who helped that night.

Last Saturday some of us went to a gathering of the Prescott Astronomical Society, where planetary clusters, binary stars and some nebulae through a member's 29 inch reflecting telescope. Anyone interested in starting an informal Astronomy group on campus, please see Ted in room 138-2 or Paul in 151-5. We would be able to work on the school's 8 inch reflector to get it back in working order.

We would like to dedicate last week's football victory to our head coach Mark Pryor.

#### Dorm Levestators

Many students are overdue in returning outdoor equipment. Fines will be levied beginning next week, as everyone should be aware of check-out, check-in procedures by this time.
