“Concorde – 20th Century Icon”

by Capt. John Hutchinson

Europe to the U.S. in less than 3 ½ hours at 60,000 feet and Mach 2! The Concorde was one of world’s most recognized aircraft and a technological marvel. Learn what it was like to fly it from a pilot who did so for 15 years. Capt. Hutchinson was a Concorde route check airman and a British Airways pilot selector. He also worked with BBC television as a presenter of Airshow programmes and helped promote the Concorde/QE2 travel packages. What a way to travel!
