VETS CAN GET A TAX RETURN

E-RAU TAKES THREE
AT STETSON
MODEL SENATE

Three Aviation Management students from Embry-Riddle Aeronautical University swept three out of five top awards given in the Second Annual Stetson University Model Senate held in Deland, April 12-15.

One hundred representatives from more than twenty colleges and universities in the Southeast and as far away as Illinois competed in the four day workshop. In the Congressional Record Senator Chiles (D-Fla.) said the four day Model Senate is an "...important learning tool for the nation's future lawmakers."

Dick Noyes, portraying Senator Metcalf (Mont.) was a member of the "Interior Committee" which won the most effective committee award. Tom Trouble, portraying Senator Mansfield (Mont.) won the Most Influential Senator Award for his portrayal of the House Majority Leader. Ron Hyban won the best characterization of a senatorial role as Senator Buckley of New York. Tom Burke, the only co-ed of the E-RAU contingent, contributed heavily to committee work on the Award Winning Kennedy Health Care Bill as Senator Javits (N.Y.).

Dr. Ann Apperson and Mr. Roger Campbell of the E-RAU Social Science and Humanities Division and technical advisors to the student representatives from E-RAU noted:

Topics considered by the Model Senate were those of current interest including defense spending, unemployment, executive power, shield laws, and others. The E-RAU team submitted thirteen resolutions which the Model Senate considered in committee during the workshop.

E-RAU walked away from last year's Model Senate with two awards: The Best Party Award and Best Portrayal of a Senator. Student representatives from Embry Riddle Aeronautical University have fared well competing against predominately political science majors from other universities. E-RAU students are looking forward to next year's competition.

ROTC NEARING APPLICATIONS DEADLINE

AFROTC is now in the final stage of processing new applicants for the two-year AFROTC program for the Fall 73 trimester. The deadline for new applications is June 73. After 1 June 73 there will be insufficient time to allow processing for summer field training.

Therefore, all interested personnel are urged to contact AFROTC detachment personnel for immediate processing. You are reminded that no obligation is incurred by ever, you must attend field training during the program either attending field training during the summer 1973 to be eligible for entry into the AFROTC two-year program during either attending field training during this summer. How the Fall 73 or Spring 74 trimester.

Many students who served in Vietnam may not be aware of a possible tax return for their income. The Internal Revenue Code of 1954, is additionally tax-free as was the income received while in Vietnam.

This simply means that if you drew combat pay while in Vietnam all the leave time you accrued is tax free. Therefore, if you paid in the first month (based on the standard 12 month tour) of your return you are entitled to have that tax payment refunded.

In order to file for this refund you should obtain an IRS form 1040X.

On Wednesday, May 23 from 10 a.m. to 2 p.m., the Veteran's Association will have additional information and will help explain how this affects you. The event will be held in the Student Center, next to the Used Book Store.

**Ride To Riddle A Success**

In what is becoming a trimester tradition the Brothers of Lambda Chi Alpha conducted their third "Ride to Riddle."

The ride is for incoming students from the Daytona Beach airport to the E-RAU dormitory. The ride is normally held for two days previous to the first day of registration.

In addition to the transportation, the brothers provide the newcomers with information about the school and the Daytona Beach area, as well as offering a friendly welcome in an unfamiliar area.
THE SGA PRESIDENT'S CORNER

Welcome back from what I hope was a very pleasant vacation. A few of your SGA representatives managed to stay on campus while you were gone. Although no major changes have been made during the break, there are several small ones you should be aware of. Graduation. In the past graduation ceremony, the student body was well represented. The two student trustees were seated on stage with the various dignitaries and were introduced to all the parents and graduating students by President Hunt. We thank President Hunt for this recognition and I would like to say to the student body, especially the new students, that this is a true reflection of the attitude of the school's administration of how the students should be recognized.

The two winners of the President's Award for Academic Excellence were Orrville Hengen from Aeronautical Studies and Felix Temple of the College of Aviation Technology. Finally, the Alumni Association awarded its Good Citizenship Award to James Barewof after an approximate fifteen minute reading of his past accomplishments at E-RAU. Congratulations to all.

Appointments. Due to student's graduating, there are various openings on different committees of the University for students. This office is looking for persons interested in serving on these committees, especially the Student Faculty and Conduct Committee and the Student Court. All interested applicants please send a note to me in the SGA Office.

Senatorial Elections

As most of you already know, the Senatorial Elections took place at the fourth Wednesday each Trimester. There are many openings in the Senate in all curricula (approximately 12). You are qualified to be a Senator if you have been at E-RAU for at least one trimester, and are not on any probation, and if you have still two trimesters to go, counting the current trimester. Petitions for election may be obtained at the SGA Office.

Rings. During the break we have received the samples of the special Vista View Store rings (fraternities). We also have a special ring on order for the A & P graduates.

A special note to the new students. I enjoyed the opportunity to speak to you on May 3. Again, on behalf of all the representatives, students, and officers of the SGA welcome to E-RAU. I hope that you will come by and see us whenever you are in doubt about something.

Richard B. Reiman
President SGA

Note

The court has been moved to the new Academic Complex check with the SGA.

EDITOR'S DESK

Traditionally, a new editor will give his editorial policy in the first of the journalistic endeavors he is about to undertake. Herein I shall try to successfully run a news paper, the editor must have a plan of action. When I inherited this job, I inherited a constitution, by-laws, and traditions, as guide lines. But those guidelines say nothing about the content of the paper except it should be filled (a policy which I sometimes will break if need be.)

It has been my belief that communication or to be more specific, the lack of communication, is the leading headache, major cause of discontent and large at downfall of this University.

I have been in meeting after meeting that one administrator-staff-faculty-student or whatever, has stated something and then been corrected by 2 or 3 others who stated that policy or procedure has been changed** number of days, weeks, months ago. The standard reply is "This is the first I heard of it." A newspaper, even a student newspaper, should not be the mouth piece of anyone, no one administrator, staff, student organization, or person should control or filter any of the words, phrases, paragraphs or articles that enter it. A responsible editor must reserve the authority to delete profanity, the ridiculous or the untrue from a paper. Beyond that gray area, no one should pass.

During the two-plus years I have been involved with the Avion, I have seen a lot of editors, a lot of writers and a lot of power plays.

Power plays is something we as independent people have learned to expect. To the largest extent this paper has so far resisted the various pressures. There have been times when the editor or writer had rose colored glasses slipped on and or a channel of communication turned into a filter but these faults were soon identified and either corrected or circumvented.

This coming Trimester I plan to run an Honest, Factual, Responsible paper. Those that know me know I have been involved in the workings of this school ever since I walked upon campus. Many will say I have been in more hot water than anyone and some ask why. My philosophy of this paper is to praise which deserves it, condemn which needs it, and always look for a "better way." Some have blocked the path and occasionally someone has stepped on someone who blocked the path and stomped me. War on ignorance has been declared.

Jim Owen
Editor & ENTIRE STAFF

*YEL)I

**YEL)I

The Avion is a publication for Embry-Riddle students partially financed by the Student Activity Fees through the Student Government Association.

Articles may be submitted to the Avion for publication by the administration, the faculty, and the student body. The 1980 deadline is Monday afternoon before press mark all items AVION and deposit in the box outside the trailer. Inside the trailer, or E-RAU Box 1562.

TYPOST ARE PAID POSITIONS AND WE NEED TWO
TAKE HEED: TRAFFIC REGULATIONS

A. Registration Procedures and Privileges.

1. All motor vehicles operating on campus must be registered within 72 hours of the vehicle's introduction on campus.
2. Registration is accomplished through the traffic clerk located in the Security Office. Proof of insurance is required.
3. Registration is valid during a one year period from September through the following September. All previously registered vehicles are required to be re-registered during the Fall trimester registration period.
4. New owners of previously registered vehicles must re-register the vehicle within 72 hours of change of title and old owners are required to remove the old registration sticker when transfer of vehicle is made.
5. One registration sticker will be issued for each vehicle which must be attached in a clearly visible location on the left rear bumper and in a clearly visible location on motorcycles. All other stickers must be removed and the transferring of stickers from one vehicle to another is prohibited. The following types of registration stickers are issued subject to the following limitations:
   a. Blue student sticker: These are issued to all students residing off campus. These students may park in all areas for student parking with the exception of the dormitory parking area. Special parking spaces are provided for dormitory visitors and employees. Holders of blue stickers are the only students allowed to park in parking area 'B' which is adjacent to the academic complex as shown on the campus parking map.
   b. Red student sticker: These are issued to those residing in the dormitory. This sticker allows the student to park in all designated "student parking" areas except parking area 'B' adjacent to the academic complex.
   c. Green Staff and Faculty sticker: This sticker authorizes parking in any reserved parking space. These stickers will be full-time employees of the University.
   d. Guest Parking Permits: Guests may park in all areas where parking is permitted. These stickers may be obtained at the Security Office, Admissions Office, Dormitory Desk, Flight Operations or the Office of the Dean of the University.
   e. Special Stickers:
      (1) SGA members will be issued special stickers that will be affixed to the student parking permit. This is for identifying the senators only. SGA members will not have privileged parking with the exception of the SGA President and Vice President, who will have unrestricted parking privileges, and the Senators at the Student Center.
      (2) Students who are part time flight instructors will be issued a special sticker to affix to their student parking stickers. This authorizes them to park in flight instructor parking spaces on the taxiway behind the Gill Bobb Wilson building. This is in addition to their normal student parking privileges.
      6. Students changing residence from the dormitory to off-campus or vice versa will be required to immediately obtain a new parking sticker from the traffic clerk.
   B. General Rules
   1. All city and state regulations governing the use of motor vehicles will be observed at all times. It is suggested that all persons unfamiliar with these regulations pick up a copy at the Highway Patrol Office on 395 Orange Avenue, Daytona Beach.
   2. The speed limit for motor vehicles on the campus is 25 miles per hour on the streets unless otherwise posted and 10 miles per hour in all parking lots.
   3. Pedestrians have the right of way in all designated areas and crosswalks.
   4. Unnecessary noise from horns and mufflers is strictly prohibited.
   5. Careless or reckless driving practices (exhibition of power, burning of rubber) are strictly prohibited on campus.
   6. Parking is allowed only in those areas designated on the campus parking map subject to the limitations set forth in Section A, 5a through e. of these regulations. In addition, the following are considered as parking violations:
      a. Parking on a crosswalk.
      b. Parking within 15 feet of a fireplug.
      c. Obstructing a driveway or loading zone.
      d. Parking on or over parking space marker line.
      e. Double parking.
      f. Parking in a parking space (dormitory area only).
      g. Parking in a fire lane.
      h. Parking in any area not designated as a parking area.
   6. The owner and/or operator of any vehicle or vehicles considered to be abandoned or blocking the normal flow of traffic will be towed away at the owner's expense and risk.
   7. Parking in the lot behind the Student Center is strictly reserved for employees of the student center building.
   8. Motorcycles will be parked only in designated motorcycle parking areas.
   C. Enforcement. The Security Office is in charge of enforcement of these regulations. Those persons authorized to issue tickets include the Chief of Security, all security guards when on duty and traffic personnel hired by the Security Office subject to the approval of the SGA Traffic Committee. Students and who will be clearly identifiable as such when performing their duties. Traffic regulations will be enforced 24 hours a day, 7 days a week.
   1. Failure to register a vehicle and display the proper sticker will result in a fine. This fine may be doubled if the vehicle is not registered for the entire semester. Failure to appear in court when required is considered contempt of court which may result in as much as a $15.00 fine.
   2. Staff and Faculty have the option of following the procedures set forth in this section or appealing directly to the Dean of Students.
   3. Payment of any outstanding fine is a prerequisite for registration for any subsequent trimester, graduation (if current trimester is the last trimester of the violator) or transfer of grades to a subsequent school.

Note
Traffic court is now held at the rose 108 of the academic complex. If you need directions drop by Security Office.

College of Aviation Technology

Aeronautical Science

May 31 following courses only: 100, 102, 209, 302, 303, 308, 311, 404, 405, 406
July 26 following courses only: 101, 103, 201, 203, 210, 307, 401, 408, 410

RULES

1. Fill out an application at the Registrar's Office and pay the fee of $45 at the Cashier's Office.

2. Take the application form to the Division Chairman in whose Division the course is offered for which the examination is to be taken three weeks prior to the date of the examination. A course outline and textbook references will be provided for each course in which an examination is to be taken.

3. Make an appointment with the Division Chairman for the exact time and place to take the examination.

4. After the examination is graded, the person who took the examination will be notified in writing whether or not he successfully passed the examination. If he passed the examination, he will be given credit and be allowed for each course.

5. Only one examination attempt shall be allowed for each course. If the examination is not passed, the student must enroll in the course and successfully complete it in order to receive credit.

Placement

The Placement Office tries to maintain a communication line to the students through the Avion. For those of you who are not to the University, we invite you to visit our office, which is located in the Administration Building (first office to the left from the rear entrance). If you are seeking part-time employment, we maintain a listing of available local jobs - so stop by.

The U.S. Marine Officer Selection Team will be on campus on May 29 and 30, in the Student Center from 9 a.m. to 3 p.m.

Gone for Good We Hope!

That's right-Lambda Chi Alpha plans never to have another pledge. That's what we mean when we say that we plan to clear our doors when all our current members are in college. Lambda Chi Alpha has a pledge class as important a part of its history as your high school or college. We need people with initiative, with drive and with enthusiasm to keep our organization as strong as ever. The pledge class is an important part of our organization and we want you to be a part of it.

This year, Lambda Chi Alpha is open to freshmen, sophomores, juniors and seniors. We encourage all students to join our organization and work with us to make it the best it can be.

Lambda Chi Alpha - the Fraternity of Honest Friendship
