## **Editor's Note**

This issue of the Journal of Digital Forensics, Security and Law features three papers designated as “Best Papers” at either one of two separate international conferences.

The first paper, “Data Security Measures in the IT Service Industry: A Balance between Knowledge & Action” by N. Mlitwa and Y. Kachala was presented at the 2008 Lex Informatica held in South Africa.

The second paper, “Extraction and Categorisation of User Activity from Windows Restore Points” by Damir Kahvedžić and Tahar Kechadi was presented at the 2008 Australian Digital Forensics Conference held in Perth, Western Australia.

The third paper, “Data recovery from PalmmsgV001” by Satheesaan Pasupatheeswaran was also presented at the 2008 Australian Digital Forensics Conference held in Perth, Western Australia.

The Journal of Digital Forensics, Security and Law is proud to be a participant in the upcoming 2009 Lex Informatica to be held in South Africa and looks forward to continuing its relationship with the 2009 Australian Digital Forensics Conference.

The Journal of Digital Forensics, Security and Law also continues to be a proud partner with the ADFSL Conference on Digital Forensics, Security and Law.

## **Call for Papers**

The Journal of Digital Forensics, Security and Law is now calling for papers in, or related to, the following areas:

- 1) Digital Forensics Curriculum
- 2) Cyber Law Curriculum
- 3) Information Assurance Curriculum
- 4) Digital Forensics Teaching Methods
- 5) Cyber Law Teaching Methods
- 6) Information Assurance Teaching Methods
- 7) Digital Forensics Case Studies
- 8) Cyber Law Case Studies
- 9) Information Assurance Case Studies
- 10) Digital Forensics and Information Technology
- 11) Law and Information Technology
- 12) Information Assurance and Information Technology

To be considered for inclusion in the 3rd issue of the 2009 volume of the Journal of Digital Forensics, Security and Law, manuscripts should be submitted prior to midnight June 30th, 2009.

## **Guide for Submission of Manuscripts**

All manuscripts should be word-processed (letter or correspondence-quality font). If the paper has been presented previously at a conference or other professional meeting, this fact, the date, and the sponsoring organization should be given in a footnote on the first page. Funding sources should be acknowledged in the "Acknowledgements" section. Articles published in or under consideration for other journals should not be submitted. Enhanced versions of book chapters can be considered. Authors need to seek permission from the book publishers for such publications. Papers awaiting presentation or already presented at conferences must be significantly revised (ideally, taking advantage of feedback received at the conference) in order to receive any consideration.

Manuscripts should be submitted through the JDFSL online system in Word format using the following link: <http://www.jdfsl.org/submission.asp>.

Manuscripts may also be submitted to the editor in Word format as well. The editor of the JDFSL, Dr. Glenn S. Dardick, may be reached via email at [editor@jdfsl.org](mailto:editor@jdfsl.org).

The copyright of all material published in JDFSL is held by the Association of Digital Forensics, Security and Law (ADFSL). The author must complete and return the copyright agreement before publication. The copyright agreement may be found at <http://www.jdfsl.org/copyrighttransfer.pdf>.

Additional information regarding the format of submissions may be found on the JDFSL website at <http://www.jdfsl.org/authorinstructions.htm>.
