Part of the Computer Law Commons, and the Information Security Commons

Recommended Citation

This Front Matter/Back Matter is brought to you for free and open access by the Journals at Scholarly Commons. It has been accepted for inclusion in Journal of Digital Forensics, Security and Law by an authorized administrator of Scholarly Commons. For more information, please contact commons@erau.edu.
Subscription Information

The Journal of Digital Forensics, Security and Law (JDFSL) is a publication of the Association of Digital Forensics, Security and Law (ADFSL). The Journal is published on a non-profit basis. In the spirit of the JDFSL mission, individual subscriptions are discounted. However, we do encourage you to recommend the journal to your library for wider dissemination.

The journal is published in both print and electronic form under the following ISSN's:

- ISSN: 1558-7215 (print)
- ISSN: 1558-7223 (online)

Subscription rates for the journal are as follows:

- Institutional - Print & Online: $395 (4 issues)
- Institutional - Online only: $295 (4 issues)
- Individual - Print & Online: $80 (4 issues)
- Individual - Online only: $25 (4 issues)

Subscription requests may be made to the ADFSL.

The offices of the Association of Digital Forensics, Security and Law (ADFSL) are at the following address:

DIGITAL EVIDENCE

The Cyril H. Wecht Institute of Forensic Science and Law's 9th Annual Conference:
A National Symposium on the Collection, Analysis and Legal Applications of Digital Evidence

Save the date
As more information becomes available, we will contact you at this address.
If you wish to add a different email address, or if this message was forwarded to you and you would like to continue receiving information, please email us at:
digitaledge@duq.edu

Oct. 23 and 24, 2009
To be held at the Duquesne Union Ballroom and Power Center Ballroom, Duquesne University
Featuring presentations and hands-on workshops regarding the collection, analysis and legal applications of digital evidence by:
- digital forensic examiners
- law enforcement officers
- criminal attorneys

This two-day program is intended to offer both practical training to crime scene investigators and laboratory analysts, and a broad grounding in the recognition and prevention of cyber-crime to computer and Internet users, parents and teachers.
