The University of Alabama at Birmingham  
Department of Computer and Information Sciences  
Assistant/Associate Professor

The Department of Computer & Information Sciences at the University of Alabama at Birmingham (UAB) is seeking candidates for a tenure-track/tenure-earning faculty position at the Assistant or Associate Professor level beginning August 15, 2011.

Candidates with leading expertise in Information Assurance, particularly Computer Forensics and/or Computer and Network Security are sought. The successful candidate must be able to participate effectively in multidisciplinary research with scientists in Computer and Information Sciences and Justice Sciences for advancing Information Assurance Research at UAB, including joint scientific studies, co-advising of students, and funding. Allied expertise in Artificial Intelligence, Knowledge Discovery and Data Mining, Software Engineering, and/or High Performance Computing is highly desirable. UAB has made significant commitment to this area of research and teaching. Candidates must consequently have strong teaching credentials as well as research credentials.

For additional information about the department please visit http://www.cis.uab.edu.

Applicants should have demonstrated the potential to excel in one of these areas and in teaching at all levels of instruction. They should also be committed to professional service including departmental service. A Ph.D. in Computer Science or closely related field is required.

Applications should include a complete curriculum vita with a publication list, a statement of future research plans, a statement on teaching experience and philosophy, and minimally two letters of reference with at least one letter addressing teaching experience and ability. Applications and all other materials may be submitted via email to facapp.ia@cis.uab.edu or via regular mail to:

Search Committee  
Department of Computer and Information Sciences  
115A Campbell Hall  
1300 University Blvd  
Birmingham, AL 35294-1170

Interviewing for the position will begin as soon as qualified candidates are identified, and will continue until the position is filled.

The department and university are committed to building a culturally diverse workforce and strongly encourage applications from women and individuals from underrepresented groups. UAB has a Spouse Relocation Program to assist in the needs of dual career couples. UAB is an Affirmative Action/Equal Employment Opportunity employer.
