SCHOLARLY COMMONS

Joint US/Russia Flight Operations; First And Next 6 months

Robert Castle

Lead Flight Director For STS-88 And Increment 0A
Johnson Space Center

The International Space Station involves NASA, RSC Energia and the Khrunichev State Research Center in a combined role for real time operations, planning, and decision making. This paper will describe the overall structure of the Flight Control teams and the real time management process since the Zarya launch up to the present and the future plans for the next 6 months.
