Gear Up At Ormond

By Ellen Nagyware

Editor’s Note: The following interview with Embry-Riddle Aeronautical University President Jack Hunt and the Florida Courier appeared in an 1978 issue of their town’s paper.

It is reprinted in the AVON to give the body a better idea of the administration’s plans concerning the future campus. The rest of the article will appear in a future issue.

Embry-Riddle Aeronautical University and the Prescott College Mortgage Trust made an agreement whereby the Florida-based university will acquire title and operate the Sid rotary Prescott campus.

The trust and Embry-Riddle have planned a fund-raising effort to raise $700,000 to refurbish the campus. The college will cover all up costs, and a feasibility study has shown that that kind of money is available in Prescott and throughout the country. In this interview, EARAU President Jack Hunt tells about Embry-Riddle’s Daytona Beach campus and what the campus plans to do with the Prescott campus.

CURIOUS: What exactly is the agreement between Embry-Riddle and the mortgage trust mean for the ownership and operation of the Prescott College campus?

HUNT: I don’t get into the philosophy of ownership. It’s very difficult to explain a non-profit extension to any body. The bottom line of what this means is that we’re going to start building.

(Continued on page 6)

The USMC flew an A-4 Skyhawk into Daytona Beach for student instruction. Captain Black, the local Marine Corps recruiter and 1st armed and trained a pilot to operate the aircraft and Marine aviation. He explained the reasons why he picked the A-4 for an introduction.

A-4 (continued)

The A-4M prototype first flew on 16 April 1979 and was delivered to the Marines in late 1980. It proved to be a successful aircraft. This particular aircraft was out of NAS Jacksonville and Capt. Black and that soon there would be another A-4 squadron housed in either Cherry Point or El Toro. The A-4 made a successful takeoff and landing performance climb out departing at altitude - Mach .85 Normal takeoff speed - around 450 mph.

Model Senate – The Senator Bertram (D-Tex.) makes a point as other student senators listen intently.

The sensors had plenty of good advice from Dr. Floyd Riddle, retired Parliamentarian of the U.S. Senate. As author of the present SENATE PROCEEDINGS manual, his expertise and ablest were invaluable in the smooth operation of the session. He advised the President of the Senate during the sessions, and was available to answer questions at any point in time from the rest of the participants.

The participants also heard from four guest speakers, two Senators and one Congressman. Thursday evening, the keynote speaker was Senator Daniel Inouye from Hawaii, speaking for the Panama Canal Treaties. Friday evening, Senator James McClure from Idaho spoke against the treaty. Saturday afternoon after the luncheon, Representative Bill Chappell from Florida also spoke out against the treaty, even though as a member of the House of Representatives, he does not have the power in the ratification of treaties. The last guest speaker was Senator Richard Schweiker from Pennsylvania, who explained the reasons why he changed his mind and cast a vote to pass the treaty.
LETTER TO THE EDITOR

Dear Sir,

Recently I learned that Goozle Beville, an instructor of the A.M.T. division at ERAU, will not have his contract renewed. This may surprise many, however, it seems to be the best interest of the school.

It appears that the A.M.T. chairman has decided that Mr. Beville is not serving in the best interest of the school. Quite the contrary, Mr. Beville is a highly qualified instructor. He holds:
- A.A. in Aerospace Technology
- A.B. in Aerospace Technology
- A.M.T. certification
- A.E. License
- A.I.T. certification

Mr. Beville teaches and has taught many of the most difficult AMT and ST courses, and in the past several trimesters he has been given many more of the new courses on account of his knowledge and his exceptional teaching abilities.

The chairman's attitude in not renewing Mr. Beville's contract appears to be lacking his personal feelings interfere in the best interest of the AMT division.

When questioned upon the matter, the chairman answered in an annoyed manner that "the matter is closed and there is nothing more to be said about it.

Is this a negative attitude on his behalf? We think not.

We raise the question to Mr. Flood, who now is the Director of Administration, and ask if this is the last say in matters of this nature.

What can be done in this case? Can you not take any action towards the chairman, who apparently believes that taking care of personal grudges such as this is more important than looking after the interest of the Division or Chairman? Should this and other misgaps continue?

The AMT students are infuriated with what has happened to Mr. Beville, and the trust and respect for the present chairman has gone down to the drain. We have started a petition circulating, and it will be presented to President Hunt and Mr. Flood.

We want Mr. Beville to remain within the ERAU AMT division. ERAU brings about their great quality in programs and instructors. If you let this turn go, you are letting a quality instructor go; and the reason: a man in a cozy position, who cannot understand your quality when he sees it. This is a preview of what is going to happen to highly qualified and experienced instructors, where will it end? Or Via BE?

The AMT division students want to see Mr. Goozle Beville's contract renewed, and we want him back as our instructor comes Fall Trimester, 1978.

Respectfully,

Students of ERAU AMT Division

Kylie Morris

The Petitions are in! The ballot for this year's election is official and so begins the campaign. This next week we will see 10 days of hectic counting as the candidates attempt to convince the student body that they can cure the problems of the S.G.A., or at least effectively represent them.

It is interesting to note that there is a fairly representative cross section of candidates. The candidates for the position of senator from the college of Aviation Technology have the only campaign—they're chosen. The race for President/Vice-President should prove to be the most interesting due to the personalities involved. I personally hope that the personalities are kept to a minimum, and that the various candidates can stress issue rather than name calling.

In the final analysis, the most important individual in this election is you, the voting student. If you don't vote, you lose! In this past year's election, only about 15% of the student body voted, which is an extremely poor turn out. At least, if you vote, then when you complain about policies of the S.G.A., you will be able to say that you didn't vote for that particular petition—"his (or her) opponent would be doing a better job." Why pay any of the polls?

The Elections

The Avion Staff
Senate Meeting Minutes

March 1, 1978

Call to Order: The meeting was called to order at 7:00 p.m. President Greaves was President at 7:10 p.m. in the absence of students.

I. ANNOUNCEMENTS

a. New Student Body member presented.

b. Announcements made that there will be a party at Big Daddy's on Saturday, March 4, 5:00 p.m. between E.R.A.

II. REPORTS

a. Senate project report was submitted by Senator, Pat, New in regard to the results of the last meeting of this past Feb. 23rd. The Senate requested that the agenda of the proposed 9 SGA members be submitted as paid salaried positions in the SGA in order to discuss their findings on their meetings. It was decided to hold the meeting approved at this time. Senate Speaker, Fred, signed the meeting.

III. NEW BUSINESS

a. SGA Fee Issue - A proposal was made to the Senate on the increase of the SGA fee. It was decided to discuss the fee issue with the Senate members in order to discuss their findings. The Senate Speaker, Fred, signed the proposal.

IV. OLD BUSINESS

a. Riddle's Bar and Grill: There were no objections to the proposal made by the Senate. The Senate Speaker, Fred, signed the proposal.

V. DISCUSSIONS

a. Student Activities Director, Senor Frost, gave a presentation on the purpose of the Student Activities Committee and the need for students to be involved in social events. The Senate Speaker, Fred, signed the presentation.

VI. MOTIONS

a. Senate Speaker, Fred, proposed the motion to approve the motion. The motion was seconded by Senator, Pat. The motion was approved by the Senate.

VII. NEXT MEETING

a. The next meeting will be held on March 15, 1978. All members are required to attend.

Date: March 1, 1978

MARCH 1, 1978

EMBRY-RIDDLE AERONAUTICAL UNIVERSITY

Minstrel Magic

By Jean Boyd

Down home rural southern humor and music is master in the spoken word, with a spirit that has been accomplished and a quartet of extremely enjoyable. This traditional style is a great story telling.

The Minstrel Magic group consists of structure and musical due to the Embry-Riddle students, staff, faculty, and are able to play for one entire minute. The group consists of six members, small town southern humor and music from North Carolina, Georgia, and several other states.

You felt like you were right with them as you listened to their music and received a warm welcome.

Dance Marathon

The Student Government Association of Daytona Beach Community College, Embry-Riddle Aeronautical University, and Bethune-Cookman College are sponsoring a Dance Marathon to benefit the Muscular Dystrophy Association. This dance will take place on April 1, 1978 at the Embry-Riddle Student Activity Center. The music will be played by various bands until midnight and will last well into the morning. The dance will be sponsored by the Student Union and Mountain Dew.

The purpose of this event is to provide an opportunity for the students to come together and support a worthy cause.

Sigma Chi

By Bob McCall

Alumni are great, this also would have not happened in the days of yore. It was a struggle then to get enough men to show up to make a minimum of 20 for a meeting. The lack of interest in Sigma Chi was quite evident. This year we have 25 members and are working hard to get more. The interest is there, but it takes time and effort to get people interested in Sigma Chi. We are working on this and hope to see more members in the future.

The letter "K" is for Kamal, the Sigma Chi President for the year 1979-1980. Kamal is doing a great job in running the chapter. He is always available to help with any problems that may arise. He is a good leader and a great example for the other members to follow.

The letter "M" is fornewsletter. We have a newsletter called "The Newsletter." It is published every month and contains news about the chapter, information on upcoming events, and other Sigma Chi related material. It is a great way to stay informed about what is happening in the chapter.

The letter "O" is for "Open House." We had an Open House on Saturday, March 25th. It was a great success and many new members were recruited. We had a lot of fun and everyone enjoyed themselves.

The letter "R" is for "Restaurant." We have a restaurant called "The Eagles Nest." It is located on the campus and is a great place to eat. The food is good and the service is excellent. We recommend it to everyone.

The letter "T" is for "Party." We had a party on Saturday, April 1st. It was a great party and everyone had a lot of fun. We were able to recruit many new members and it was a great way to kick off the spring season.

The letter "U" is for "Upcoming Events." We have some great events coming up. The Sigma Chi Annual Ball is on Saturday, April 15th. It is a great event and everyone is looking forward to it. We also have a Sigma Chi Alumni Reunion on Saturday, May 20th. It is a great opportunity to meet with old friends and have a good time.

The letter "V" is for "Volunteer." We have many opportunities to volunteer at Sigma Chi events. It is a great way to give back to the community and it is also a great way to meet new people.

The letter "W" is for "Way to Get Involved." There are many ways to get involved at Sigma Chi. You can volunteer, attend events, or simply be a part of the Sigma Chi community. It is a great way to meet new people and have a lot of fun.

Sigma Phi Delta

By Joe Philbey

This week Lambda Chi celebrated the 25th anniversary of the founding of the fraternity. Lambda Chi was founded on March 19, 1947, and has grown to be one of the largest fraternities on campus.

The Lambda Chi celebration included a variety of events, including a special ceremony and a reception. The ceremony was held in the Lambda Chi chapter house, and was attended by members of the fraternity and guests.

The Lambda Chi reception was held in the Lambda Chi chapter house as well. The reception featured a variety of refreshments and entertainment, including a live band and a DJ.

Everyone really enjoyed the Lambda Chi celebration. The Lambda Chi members were very happy to celebrate their 25th anniversary, and it was a great way to bring the chapter together.

The Lambda Chi chapter house was the center of activity for the entire week. The chapter house was decorated with Lambda Chi memorabilia, and the Lambda Chi brothers were very friendly and welcoming to all who entered.

The Lambda Chi celebration was a great success, and it was a great way to celebrate the 25th anniversary of Lambda Chi. We look forward to many more years of Lambda Chi!
Motorcycle Races

FRANCIS RIDER HEAD OF MOTORCYCLE RACES FROM TEAM

The nation's largest international motorcycle event is set for Saturday, March 26, when the AMA Motorcycle Classic, a $50,000 event, will be run from around the world. From Europe to Asia, from the United States to Canada, the event will be held.

The event, which is open to all riders, will start at 1 p.m. and is expected to last until 5 p.m. The event will feature a parade of riders, a motorcycle show, and a motorcycle race.

The event will be held at the AMA Motorcycle Classic Track, located at 1201 W. 2nd St., Daytona Beach, Fla.
