From The Senate

SIGMA CHI SPONSORS BBQ FOR THE BLIND

Last Sunday, the Sigma Chi Fraternity sponsored a barbecue and potluck party for visually disabled people who are residents of the Rehabilitation Center of the Division of Blind Services. Mr. Carlos Adams, a representative from the center, brought about a dozen residents over to the house, where the fraternity brothers then assisted them as they green in the pool and ate lunch.

The people were all of different ages and different disabilities. While some were totally blind, others were limited in their vision. The center's goal is to help these people lead as normal a life as possible by having chances in curriculums, baking competitions, mobility.

Riddle Evaluating Bendix Avionics

Dr. Jonathan Bailey

Bendix-Riddle is in the process of evaluating a Bendix avionics system in one of the school's hangars.

The system features an ADS (automatic direction finder) which has a "coherent detection feature." This means that this ADS can give good station reception when most ADS can't receive a station at all. It receives alphanumeric and binary while the aircraft is sitting on the runway range.

Employees Get To Know ERAU

Unfortunately for many ERAU employees, their first exposure to such an environment was through the '78 W&M Radio station here at ERAU. But beyond that, there was an effort to make employees aware of the station's activities and the ways they could participate in them.

"We have a new in-service training program here for all current and new employees which should expand this informal-social interaction.

The program is entitled Employee Professional Development Program, and is administered by the Office of Business Administration, and specifically Paul Fisher in the Personnel Office.

The program attempts to better acquaint all employees with Emery-Riddle, its history, its current position, and its future plans. The second purpose involves training in the latest techniques in areas such as communication skills and interpersonal skills. The third purpose involves giving Emery-Riddle employees to meet and network with each other in a fact situation so as to foster better internal communications and undersooding.

The Employee Professional Development Program requires that each participant's work for four weeks with a different department in the company. All major divisions within the university have contributed to the program.

The winner of the Riddlerider question will receive one free haircut from The Harion Barber Shop and should be located in the Recreation Center. All answers must be submitted in person at the AVION office, no winners over the phone. Good luck!
To the Editor:

I would like to take this opportunity to report the latest survey on the University of Florida's Student Newsletters for the year 1978. This survey was conducted by the Student Affairs Office with the assistance of the Student Senate.

The survey was conducted by distributing questionnaires to all the student newsletters on campus. The questionnaires were distributed during the spring semester of 1978.

The results of the survey indicate that the vast majority of the student newsletters are well-received by the student body. The majority of the respondents stated that they read the newsletters regularly and value the information they provide.

However, there were some areas for improvement identified in the survey. For example, some respondents felt that the newsletters could provide more in-depth coverage of campus events and issues.

In conclusion, the survey results suggest that the student newsletters are doing a good job of meeting student needs and preferences. However, there is always room for improvement, and the newsletters should continue to strive to provide high-quality content for their readers.

Sincerely, [Signature]

CO-OP NEWS

By Steven M. Varano
Manager of Communications
General Aviation Manufacturers Association

Yes, this is another public relations pitch for the Congres-
sion Education Department. Before you read the articles on "The
Co-op Experience," by Mitchell C. Schaefer, and "If You Like It,
You Should Buy It," by Bruce E. Blais, you would get the idea that
Congress experience is important.

Well, you're right. But only partial. One of your prayers.
doesn't own a few business jet or fly for the airlines or are
not in a very high level influ-
cial position in aviation and your future place in
ology. You can be a position in aviation, then your-Coop, soon
in the business world (factory).

Who can come to this first, a student for three instances (received
credit for two) and attend a meeting of the best jobs in aviation
atics, I have a legitimate
I began under the
Science Congress program, and first was a Coop student as an
s of the St. Peters-
and flight training.

But you can spend this time
the way, with the music and dance floor made the
time you spend very quickly.

Dress is semi-formal, but you can and should wear casual clothes.
You can expect to start from 5:30 to 7:30
ception, and you can expect to leave the
weekend. But you can spend this time
in your lounge, which with the
dance floor made the
time you spend very quickly
But dress is semi-formal, but you

I don't really know any-
thing about it. It would be a
good idea to listen to it, and
they would play good music.

Bill DeVan, Athens, Ohio

Rendezvous is an island ap-
approximately 21 statute miles, long and 14 miles wide, situ-
ated in a strategic position on the west of the South American continent to the state of Cuba in the north-
west.

Of the 11 Caribbean com-
munities that share a history of coloniza-
tion by the British for close to four centuries, Barbados is one
of four to have gained independence and the right to national sovereignty. The
British granted the island the right of self-govern-
ience on November 30, 1966, following a
nership in the United Nations.

The remaining eastern Caribbean is
characterized by a high propor-
tion of small island states, includ-
ing Barbados and St. Lucia. Barbados
became fully independent and joined our ranks as the
fifth member of the Caribbean.

Despite our tender years as
an independent nation, Barba-
dos has much to show for her
extraordinary growth along the
growth road to national develop-
ment. Our well-known
biggest effort in the area of
barbarism. Out of a popula-
tion of 250,000, 90 percent of
people have a basic
level education. Needless to say, our
ability is highly
and rates in the center.

Barbados claims no real
natural mineral resources that
make a meaningful contribution to our
income from exports, and as a result, our
revenue is currently geared to two fund-
many revenue sources, those of
traditionalagy museums and
vour. At present, tourism is
considered to be our key re-
PUS.

I'D LIKE TO FIND OUT A LITTLE MORE ABOUT THE ADMINISTRATION'S $500 DEPOSIT FOR ADVANCE REGISTRATION. BECAUSE I HAVEN'T HAD A FREE ADMISSION TO THE FACILITIES AND THEIR OPERATION SINCE I WORKED THERE AS A STUDENT RECORDS WORKER. I'D LIKE KNOW WHY OR HOW THE ADMINISTRATION CAME UP WITH THE IDEA IN THE FIRST PLACE.

ANSWER/COMMENTS:
Although the original Advance Registration plan announced for $500 deposit was dropped, the deposit will be retained. Registration is still the same, based on student input, to allow students to make a deposit and save costs at the same time.

ANSWER/COMMENTS:
The decision to drop the $500 deposit was made to allow more flexibility in the registration process and to accommodate the needs of students better. The deposit is still required for those who wish to register in advance, but it has been reduced to $250.

ANSWER/COMMENTS:
In fact, the deposit is now optional, and students can choose to register without making a deposit. This change was made to accommodate the needs of all students and to reduce the administrative burden. The students can register at any time before the start of the semester, and they will not be charged a late fee.
**DORM DOODLES**

By Peggy Foyd

Only two more days to go. I hope everyone can hang on just a little bit longer. For those of you who won’t be staying for Winter, have a nice summer and a "congratulations" goes out to the people who have completed their studies.

The dorm daze softball teams met last Thursday. The Jaguars were defeated for the second week in a row by the Dolphins. The game was pretty close with a final score of 1-0. There were no hand-up plays and bunting seems to be heading our way. Inside, the Jaguars leader was heard saying, "This was before Bungalow was put on without due to his mental performance."

Are you aware that we have no talent in our midst? The soccer, tennis, and badminton scenes people from summer stock at Daylight Playhouse are living in the third floor. Performances start on the 25th of this month and go to August 7th. They will be performing numerous well-known plays. For this season when you have nothing to do, come over, for something worthwhile and catch a play.

**BOWLING**

The Bowling League’s statistics for this week are as follows. The Actuacts and the Handbook are listed first and then the overall standins are given.

**INTERNATIONAL FOLK DANCE**

By Susan J. Hoelvah

Instructor, International Folk Dance, Daytona Beach Resort Area

All mankind from the beginning of time in all parts of the world have expressed their feelings in some form of dance. Folk dances have been a part of the way people have moved about, from necessary to spontaneous and naturally and spontaneously. They are related to everything of importance in the life of specific groups of people in the development of their culture history. Folk dances stem from customs, beliefs, emotions, and events related to religion, war, occupations, customs of domestic life, superstitions, ritual, folklore—unchangeable things common to people everywhere. Therefore, performing folk dances provides an experience with the past when you can graph link with the past. The movements in folk dances are rhythms which are basic to everyone—walking, running, jumping, leaping, hopping, skipping, sliding, and gathering. All forms of dance were derived from folk dance—ballroom, square, round, and even work.
