ERAU Women
Set Air Force Precedent

Two women students at E-R AU are setting precedents in the U.S. Air Force as Heritage Air Force Firsts. Katharine (Kitty) Blaisdell, left, and Janet Aiken, both juniors at Embry-Riddle, are among the first group of women to be commissioned through the Air Force ROTC into the missile launch and pilot training schools of the U.S. Air Force.

Although there are women pilots in the Air Force now, they were already on active duty before achieving flight status. This is the first time that women still in college could apply for the role of Pilot, Navigator and Missile Launch Expert.

Upon their graduation from Embry-Riddle in 1980, the two will enter active duty in the U.S. Air Force as second lieutenants to attend their career schools. "This is really a huge step forward for women in the Air Force," said Capt. Chuck Leggett, Administration Office of the AFFTC program here. "Embry-Riddle is one of the first schools to have female cadets selected for three positions. Until this year, the Air Force ROTC excluded women from pilot training and missile launch status. But now women have made breakthroughs. ROTC is responding to the demands of the USAF and changing with it into career fields.

"I'm so glad they're letting the RO TC girls compete for three positions," said a briefing Miss Aiken. "This is the first time they've allowed us to apply for these jobs.

Aiken, a native of Jacksonville, N.C., holds a B.S. in Physics and has earned more than 80 hours of flight time. She recently changed her major from Atmospheric Science to Astronautical Studies with a concentration in Computer Technology. "The Air Force will give me the training so I'm trying to broaden my scope with the Computer training while I'm at Embry-Riddle.

Blaisdell is enrolled in E-R AU's baccalaureate degree program in Astronautical Engineering. The 19 year old student from Victor, N.Y., said, "The idea of doing something different, plus the fact that the position had just opened up made it pretty appealing to me."

"It's a big first and I'm thrilled about it. I think it's pretty significant that they're breaking these precedent to women."

Graduation Reminder

The graduation ceremonies will be held in the University Center on Saturday, August 10, 1979, at 10:00 a.m.

If you want to participate and haven't already been selected for your cap and gown, contact the Dean of Students' Office and get registered.

Grads need to pick up their caps and gowns, IN PERSON, in the Counseling Center in the University Center on Friday, August 19, 1979. Caps and gowns are distributed ONLY during the following hours:

9:00 a.m. to 12:00 noon and 1:00 p.m. to 4:00 p.m.

On Saturday, August 19, 1979, caps and gowns will be worn on the sidewalk in front of the Planetary Science Building. Preceding ceremonies, AERIAL Display flights will give instructions on name cards, marching, waiting, photographs, turning in of cap and gown, and diploma at 9:00 a.m. on Saturday, August 19, when you are lined up on the sidewalk in front of the University Center. When the ceremony has been completed, return cap and gown at the Counseling Center in the University Center. Diplomas are issued after both cap and gown are returned.

For more information about the University Center, call 480-581-3166 or 480-581-3177.

Special Shows At Museum

Beginning with today's show at the Museum of Art and Sciences, 1980 Museum Boulevard, Daytona Beach, and continuing through August the Panoramas will present a Museum Film Festival on "Space. The shows are as follows:

TODAY AND JULY 27:
FRIENDSHIP 7:
A superior presentation
complementing America's first
orbital mission by John Glenn. The film not only captures
the mood of the moment but it
also complimented by a dy-
namic soundtrack.
August 3rd:
LEGACY OF GEMINI
THE TIME OF APOLO
The double feature
celebrates the accomplishments of the two men Gemini which led to the design of the Apollo Project and of the highlights of the Apollo Program's land-
ing of the first man on the
Moon.
August 9 and 10:
SKYLAB -- AMERICA'S FIRST SPACE STATION
This outstanding movie on man's first experiences with living and working in space for long periods of time, is certainly one of the highlights of the show. The footage, the commentary, and the fact that it was from the Space Shuttle. August 16 and 17:
UNIVERSE
This film ranks as one of the better astronomy movies made. Narrated by Stan Taub's Captain Kirk (William Shatner) the film explains and answers the questions of why the universe is the way it is.
August 23 and 24:
FESTIVAL X
and
FLIGHT WITHOUT WINGS
Both of these movies deal with men's attempts to fly higher, faster, and into the edge of space. The films are interesting and provocative.
August 30 and 31:

GOOD DAY, SUMMER

REPRINTS ON SPACE

This term bill examines the many aspects of space exploration in two distinctively different man-
ner so as to present us with a better understanding of what it all means. The first film covers only rockets and pictures so to re-
view some of the milestones in space exploration, the sec-
ond is supplemented by the reflections of artists, poets, and political analysts.

All Panoramas shows are held at the Museum of Art and Sciences, 1980 Museum Boulevard, Daytona Beach, every Wednesday and Thursday even-
ing at 7:00 p.m. Admission free to Museum members and $1.00 for non-members and guests.

Graduation Reminder

THE ROLLER

The Rollers question this week is: what was the name of the technical friend of Dolly Collins on the old Dolly Collins Show in the early 60's? No answers by mid-week and one will be scen- ence editar.

The winner of this week's Rollers Riddle will receive a free t-shirt from the Hangar, Embry-Riddle's and 50th Anniversary Shop in the University Center.

ATTENTION AUGUST GRADUATES
THERE WILL BE A SENIOR CLASS MEETING THURSDAY, JULY 26, 1979, 3:00 P.M.
CPR, orientation of Club Projects, and graduation announcements will be included in the meeting.

PLAN TO ATTEND!!!

NOTICES

This is the last issue of the AVON for the summer trimester. The fall semester will begin Thursday, August 30, 1979.

If you see a newscast and picture above the BREEZE State Park on Saturday, August 25. Meet in park at time: 9:00 a.m. The Fric will be held approxi-
ately 1:00 p.m.

The heavily wooded wet-land area is destined for dis-
redevelopment by Florida Crayon. Enjoy a hike. canoe is about 3-4 miles. Bring lunch, canoe and insect repellent. If you are interested, please call Mr. Jack Rutherford, Chairman, 407/214-5090.

If you have any questions regarding your cap and gown, times, dates and places, please do not hesitate to call the Dean of Student Affairs Office at 480-581-3166 or at 480-581-3177. Faculty will be glad to assist you.

By Jonathan Bailey

My days in Daytona are numbered now as I will be going to the new campus in Pensacola for the Fall.

For my final editorial I want to write down a few thoughts on my general impression of E-RAU-Daytona and if I can recall some of those things I hope my opinion will be taken constructively.

One of the main reasons for coming to Pensacola is the over-whelmingly positive impression the school has made in terms of a great set of facilities and goes to wonder of the school.

When I first arrived at E-RAU-Daytona, I was struck by the student body here. The average student here is a great deal more conscientious and even more knowledgeable compared to the students at the other two, especially when it comes to their studies. The student body here is far more practical than the A & B team here. This made me feel that the Pensacola program was the most "professional". The students here are more professional in terms of "what can I do for you today?" instead of "what can you do for me today?"

Too often I feel that as an upperclassman on people here. I admit that I can be a bit of a jerk at times and we are supposed to be being trained as professional pilots here and also a lot of money and I feel that some training to be professional should be taught as such. Professionalism should be given to all people, not just the pilots here.

My first criticism is of the amount of paper work generated by this University. I don't expect it to be any different at other two, but just the same I don't think it should be that way. One piece of paper going around is enough to keep one running around for a week trying to straighten out the problem and that is enough criticism. I would like to give my thanks on a good day at the beginning of each week to introduce Mr. Paul Sharp of the E-RAU Safety Department who comes to us, after the over two thousand miles each time we will be doing a series of safety control which I call prove to be both funny and good.

To everybody: good job and good luck wherever you go.

Jonathan Bailey

Dear Editor,

As the Staff Secretary for the Avion and Aircraft Design class I have been forced to work with such an alert and competent team.

I know the history behind your paper as well as anyone, and I'm glad to introduce Mr. Paul Sharp of the E-RAU Safety Department who comes to us, after the over two thousand miles each time we will be doing a series of safety control which I called prove to be both funny and good.

To everybody: good job and good luck wherever you go.

FOR A SUMMER PICNIC...Less than an hour's drive away from the old National Forest, lies a beautiful spot for a picnic. Although there's something to offer every park, this one stands out because of the abundance of picnic tables and the clean, clear stream. Once you get down there, you can almost hear the white water rushing by.

You can rent a canoe and bring the snowboarders to the snowboarders. However, there is only one way to get there. You have to take the Snowboarder Bus. They run every Saturday and Monday. They will pick up the snowboarders at the same time and place. And when you go down to the snowboarders, make sure you cover up your feet protectively and nerves make sure they are not too rough. And don't forget the frisbee and some sandwiches to munch on.

ROCKIN', SATURDAY, August 5th in the Tangerine Ballroom in the Rock Superbowl Series. Apparatus will be the Snowboarder Bus, the Little River Bank and Rentario. The price is a $10.00 seat, but it should be a good time. It's at 4 p.m. and you can buy your tickets in advance at the Box score room in the Dayton Center.

FOR DINNER—The "Sun Belt" Restaurant on South Avenue. A nice place to eat. Some pretty fine fish for those who like it. And the view is great, too. The prices are approximately $5-$6 and you can expect to spend on average $10 for dinner per person. The atmosphere is very pleasant and with more and more outdoors people visiting it, it makes a great atmosphere. You're going to be happy with a friendly service in a very pleasant manner. Try it and you'll be glad you did.

The summer has been quite active for Quad—A. It started with a beach party at Dayton Beach and we have our plans for another to end it up in Trim. Of course, the high priority is the competition and we are most excited about the final competition. Of course, Trim is not just any avenue we made money on the start.

Over the summer—Quad—A has gained some new members and lost some old ones. So here is the following picture: Dick Butler, Paul Hanson, Donn vicious—Quad—A member, who doesn't happen to be a required activity. You're not going to do any particular good work in the United States, especially if you're a veteran. However, your work is very necessary. Your advisors will collect 100 pennies from every participant in the drive. One hundred pennies increases free transportation for everyone, food, beer, and we're guaranteed to break $500. This is out of 1,100 until when ever. And when the time comes.

But if you don't attend this event you're probably not going to do what you've been complaining about. On the other hand, you may be able to do what you can do. That's right. So dig deep in your pockets and give a lot. This part is guaranteed to raise the money. The Quad—A organization is not going to be accepted by the advisory committee. Next time it has and it has been approved. Your advisor will collect 100 pennies from every participant in the drive.

Quad—A Time

Welcome aboard to the first special event: A Beach Party at Dayton Beach and we have our plans for another to end it up in Trim. Of course, the high priority is the competition and we are most excited about the final competition. Of course, Trim is not just any avenue we made money on the start.

Dorm Life

Well, only that of the summer is now over. For all of you summer underclassmen who think they're going to lift some good passage out of the bag. This summer week we will be holding the final bands. Hopefully everyone can hang on. The homecoming is in sight. All you dates should get on March 8 for a belated service. This party is guaranteed to relieve the tension. The Quad—A organization has been approved by the advisory committee. It's in return and it has been approved. Your advisor will collect 100 pennies from every participant in the drive.

On the lighter side of things, the chapter had its annual meeting last weekend and everyone had a good time. One of our alumni, Stacey Schmitt, brought his boat up from West Palm Beach and another alumni, Morris Ford, just brought his body. We did some inter-tangling, as well as water-skiing and camp-fire singing. It was one crazy time.

What does it mean to be a part of the fraternity system? Ask any Sigma Chi, he’ll tell it like it is. We’re located at 520 South Ridgeway Ave. and our phone number is 212-2277. Don’t hesitate to call us.

LAMBDA CHI ALPHA

By Jim

This past week we’ve been keeping in touch with our old friends from the fraternity. This is a great time for us.

The brothers would like to congratulate their seniors on becoming president of our chapter’s fraternity. They have informed me that the chapter initiation will be the 1st of this month. They have been having a great time with the new members and we have a great group.

Last Friday Sigma Chi hosted a blood drive here at school. We are very happy we could contribute to the blood drive. This is one competition that everyone wins at.
