On November 13 (THIS COMING MONDAY NIGHT!) Comedian Kelly Montour will perform in the University Center. Kelly has appeared on the Mike Douglas, Merv Griffin, and Tonight show frequently. Johnny Carson thinks Kelly is the best young comic in the business. That's why he's on the Carson show more than any other comedian in recent memory. He also starred in his own CBS summer TV show a couple of seasons back.

The evening will begin in Cabinet fashion with a performance by a local 2's band at 7:30 p.m. Complete with comedians, telecasts, and hopefully a little "vidas" added to the U.C. this evening promises to be a major event for Embassy-Riddle.

WHAT'S HAPPENING'

Friday, 10th

Horizon Series: Human Potential Seminar - 2 p.m. - CPR

Saturday, 11th

3rd Annual Arnold Air Society Round-up & Southern Police Party - 7 p.m. - U.C.

SUNDAY, 12th

Catholic Mass - 10:30 a.m. - CPR

Protestant Services - 11:15 a.m. - CPR

FSS Recognition Day Picnic - 7 p.m. - Peace de Leon Springs

CPR Initiation Banquet - 7 p.m. - President's Residence

MIDNIGHT, 12th

Horizon Series: Assertiveness Training - 8:30 p.m. - CPR

SUNDAY, 13th

Catholic Mass - 10:30 a.m. - CPR

Protestant Services - 11:15 a.m. - CPR

FSS Recognition Day Picnic - 7 p.m. - Peace de Leon Springs

CPR Initiation Banquet - 7 p.m. - President's Residence

THURSDAY, 16th

Student Feedback Session - 11:45-1:15 p.m. - CPR

Kelly - 5-7 p.m.

Ridder - 7 p.m.

Kent State - 7:30-9:00 p.m. - CPR

Key Club - 7:10 p.m. - CPR

Landis Chi Alpha - 7 p.m. - Headquarters Clubhouse

DATE

CHANGE

OF

MONDAY, Nov. 13, U.C.

SUGAR CANE NIGHT

DATE

CHANGE

OF

MONDAY, Nov. 13, U.C.

REMEMBER

There are two things necessary before advance registration:

1. Get the Insurance Card from the University Center, to obtain the registration document.

2. Get a Course Clearance Form from the Registrar's Office.

There are three more requirements for your enrollment into the advance registration line.

TO THE FOLLOWING STUDENTS:

DAVID DITZEL
FRED ALLEN
MICHAEL MEYER

Please come to the Providence office as soon as possible.

THREE CREDITS NO TESTS

For all continuing students who would be interested in earning these credits without a test, I have the course for you.

88-208: APPLIED SOCIAL PSYCHOLOGY. I am now involved in this program and feel it is very self-satisfying. It involves working as a parole officer, helping delinquent children from ages 11-15 apply the theory of reality therapy. There is no pay except for these credits and a chance to get involved with a group of really good people.

If you are interested, contact Mr. Draper and I'm sure he would be more than pleased to inform you of any questions you may have.

Sincerely,

Roe Barta

Letter From Prescott:

Dear Mr. Waples,

I enjoyed your visit. I liked the move. I learned a great deal about Arizona. I plan to visit again.

Sincerely,

Byron McCullough
EDITORIAL

It has come to my attention that the flight line will start a policy of broadcasting the flight student’s grade for the previous week’s grade. In the past this has been done in the daily newspaper. So far, the grading process has not been greatly disturbed by this, except to say that the student grades seem to be more accurate now that the students have a chance to see them. This is a good idea, but it should not be used as a basis for comparison between students. Each student is different, and what works for one may not work for another.

The grading process has also been made more efficient by the use of a computer. This has allowed the faculty to grade more quickly and accurately.

The administration has also changed the grading system to a pass-fail system. This has made it easier for students to pass the course, but it has also made it more difficult for students to fail.

I believe that the grading system should be improved, but it is not necessary to change it completely. A better system would be to use a combination of the old and new systems.

Sincerely,

Jeff Barnow
AVPON News Editor

LETTERS TO THE EDITOR

Dear Editor,

I read the article in the Daily News on October 31 about Mr. John Aycock’s completion of the Master of Science degree at the University of Dayton. I was interested in the article because I am currently working on a Master of Science degree myself.

I believe that the article was very informative and well-written. I enjoyed reading it and I appreciate the effort that went into writing it.

Sincerely,

Edward White

EDITOR:

What amazed me was the lack of enthusiasm the students had for the Dayton campus. I believe they really felt part of ERAU and therefore had a better time here. Additionally, there are approximately 500 students now, with plans for an enrollment of about 4000 in the spring.

Two items dominated the complaints department here: (1) food in the cafeteria is bad to nonexistent problem in college; it seems; and (2) not much to do. It is quite noticeable there, but other campuses are available, like camping, biking, mountain climbing, or do something in the winter months, etc.

As of yet, a change has not been made in the cafeteria, but I have heard that some changes may occur soon.

Sincerely,

Jimmy Brocks

LETTER FROM THE EDITOR

Dear Editor,

I was interested in the article about the flight student’s grade being broadcast in the Daily News. I agree with the idea of broadcasting the grades, but I believe it should be changed to a pass-fail system.

I believe that the grading system should be improved, but it is not necessary to change it completely. A better system would be to use a combination of the old and new systems.

Sincerely,

Edward White

EDITOR:

One thing great about being editor at ERAU, is that you have the opportunity to see the growth of the school and to watch the students grow and develop. This is a wonderful experience and I am very grateful for the opportunity to be a part of it.

Sincerely,

Jeff Barnow

ROVING REPORTER

BY Michael Jaworski, SGA President

QUESTION
What do you think of a 6-day school week? (The school week consists of 3-day Alternates and 3 days flying. Either classes M-W-F, flying Th-Sat., or flying M-W-F, class Th-Sat.)

ANSWER
4 (Pete Gouder)
"It's good idea because they're getting the rest out of everything. It's the best way to make it work... They're putting a lot of hours on the planes and stuff, and if everything goes right, there won't be any screw-ups like in Daytona."

4. (Dave Lillingston)
"I don't have classes on Saturday, but I like the idea where you have the whole day to fly instead of just a couple of hours required each day. Then it's easier to fit in your schedule. But, I'm glad I don't have classes on Saturday. It would be awful having to class, say, Saturdays.

3. (Dale Arnold)
"You don't get Friday night to go out, but when you have 3 days, you get extra days to do homework and stuff like that... it's better."

3. (Ken Simmons)
"I like flying on Saturdays - that's when they give you most of the tests to make sure you come. It's no problem.

2. (Ken Palmers)
"Well, I have classes on Saturday and I'm not really too crazy about them and maybe some kind of deal where you could go to class every other Saturday would be better."

2. (Doni Fables)
"I'd rather be flying 2 days a week and taking classes 3 days a week."

2. (John Barry)
"I go to classes on Saturday, that's when they give you most of the tests to make sure you come. It's no problem.

**FRATERNITY CORNER**

Last Saturday night held its usual 7:30 meeting in the Sunset Room of the Student Union. The regular business of the meeting included voting on the installation pins for the new initiates of the fraternity. The pins were voted to be red and blue with a black border. The installation ceremony is scheduled for March 1st.

**LAMBDA CHI ALPHA**

Last week was a busy week for the Lambda Chi Alpha fraternity. The fraternity held its annual Chili Cookoff on Friday night, and the proceeds from the event will be donated to the local food bank. The fraternity also held a meeting on Saturday night to discuss upcoming events and plans for the semester.

**CAMPUS CLUBS**

**E.R.A.U. M.G.T. CLUB**

Patricia Neuss coupled her final seminar on the topic of diversity in the workplace with a guest lecture from Mr. John Dinkler, Director of Operations for Federal Express. Mr. Dinkler discussed the importance of diversity in the workplace and how it affects the bottom line of an organization. He also shared some tips on how to create a diverse and inclusive workplace.

**FRATERNITY OF THE WEEK**

April 7th, 1978

**Brothers of the Wind**

By Mark Phillips

Well, the brothers have been very busy for the past few weeks. We have had a roller skating dance with Timmy out to be a great success, we are hoping to have more throughout the rest of the year. This past Saturday night we had a major explosion in conjunction with Delta Sigma Theta Sorority Inc. and Tri-Chi Delta. All our new members are sponsoring a Suffolk Jack of Four for our own Red Lobster, and lots of fun is in store.

As for flag football the Brothers had a very fun weekend. We earned a baseball game in the Village and A.P.R.O.T.O.C had the team first. We played the Viking once and won by a score of 10-7, then we played A.P.R.O.T.O.C after that. We won by a score of 13-0. We have been playing some great games, and we will continue to do so.

**New Organization**

**A.C.C.**

By Glenn Benjamin

If you haven't heard, we're the newest organization on campus! Our name is the A.C.C. (Apartment Complex Co-op). We are an organization designed to act as a liaison between the student apartment complex and the Riddle Apartment Complex. As a liaison, we make recommendations to the housing office on any problems presented by residents and suggest solutions for these problems. We also provide a forum for students to express their feelings and discuss any issues they may have regarding their apartment complex. We are open to all students and that information will be of use to you.

We are planning a series of events to encourage everyone to participate. Stay tuned for more information.

By Craig Stidham

Hi, in case you haven't heard, we're the newest organization on campus! Our name is the A.C.C. (Apartment Complex Co-op). We are an organization designed to act as a liaison between the student apartment complex and the Riddle Apartment Complex. As a liaison, we make recommendations to the housing office on any problems presented by residents and suggest solutions for these problems. We also provide a forum for students to express their feelings and discuss any issues they may have regarding their apartment complex. We are open to all students and that information will be of use to you.

We are planning a series of events to encourage everyone to participate. Stay tuned for more information.

By Glenn Benjamin

If you've been interested, now's your chance! We're the newly formed student group, Pitts S-2A. We're a group of students who are interested in the environment and in promoting sustainability on campus. We're planning a variety of events, including a sustainability fair, a workshop on recycling, and a series of monthly meetings. We meet every Monday at 5 p.m. in the Student Union. Come join us and help make a difference!

By Craig Stidham

To everyone who has been involved, we would like to express our gratitude. We appreciate all the support and encouragement we have received. We look forward to continuing our work and making a positive impact on our community.

Opinion on Parachuting

By Gary Steffensen

Have you ever thought about making a parachute jump? That's right, jumping out of the jump plane and letting your body jump out of your own free will! Do you think you'll be able to do it? If you feel you can't do it, you're only right by the literal sense of the word! However, by my friend, preceding you into that world were the technical knowledge and expertise of the world's first parachutists, the calculations and data from countless wind tunnel and test drops, and last, Kelly Miller's laboratory of people preparing you under exactly the same conditions as identical equipment. Going with you into that world are the training and knowledge that you have acquired in your pre-jump training from qualified licensed and experienced drop zone instructors. Strapped to your is a proven reliable main parachute, and a second reserve chute, all set automatically. And following you and your progress into the stratosphere is a highly trained and qualified jumpermaster, backed up by still more skilled ground support personnel, who help steer you to a safe landing. So even though there is nobody next to you, you are in the air, waiting for the call "GO!"

For all the support of a bunch of stalwarts who know what is going on.

However, don’t get the impression that you cannot be, possibly seriously, enjoying in such pursuits. The greatest thrill, and it is probably the most thrilling aspect of these paragliders, is the beauty and novelty of the world at your feet. Now, if you have heard that the sky is the limit, think again. There is no limit, only your imagination. And when you have completed a jump course this can be very much of that fact. And, more importantly, it cannot generally be said that they have proved that your “art” was in order.

So, basically you have heard what I consider a student can expect from training. PLEASE: if you disagree with my views in the slightest, don’t act around me about "that’s right" or "no way." I would be happy to have your opinions if you have heard them.

I have recently become a member of E.R.A. parachuting Club, which has over four jumps, and in my opinion, is very, very good. So even though there is nobody next to you, you are in the stratosphere, waiting for the call "GO!"

But in the support of a bunch of stalwarts who know what is going on.

Now that I have your attention... BREAK A CAMERA DAY Dec. 7, Honey!!! It is your last LAST chance to get your picture taken for the Phoenix. Pictures will be taken from 8-5 in the CPR, U.C.

Championship Game
Gentle Giants vs Brothers Of The Wind

The Brothers won a three way playoff Saturday and then beat Big Eight on Sunday. The Gentle Giants handed the Veis their first loss in four games to advance to the championship game against the Brothers of the Wind Sunday at 3:30 p.m.

SATURDAY RESULTS
Brothers of the Wind

The Brothers received the points when AFROTC fumbled a ball in their end zone for a safety. A few minutes later the Brothers scored on a 40-yard A Bomb from Chuck Henry to Jerome Yates, Air Force managed to score a touchdown on a drive led by quarterback Feilinger.

SUNDAY
Brothers of the Wind

The Brothers' first touchdown came on a 25-yard pass from Chuck Henry to Mark Phillips. P.C. Nolan caught an interception to set up the next touchdown on a pitch around the left end from Chuck Henry to Jerome Yates. The Brothers again recovered the ball on an interception. This time by Danny (Redhead) Chuck Henry then threw a 30-yard touchdown pass to Jerome Yates. Danny Handson ran back an interception 35 yards but the game ended before they could score again. The Brothers made an extra point and forced a Big Safety. Gentle Giants

In the last matchup of the season, the Gentle Giants won by an extra point. They quickly scored two touchdowns on runs by George Keeler of 10 and 20 yards. They scored the first extra point on a pass from Paul Colbric to Jerrett. and the second on a pass to Maroger.

The Veis scored on a 40-yard pass from Stu Paul to John Bickelhaupt. Dave Klahn intercepted a Gentle Giants pass and Bob Allen ran it in for a touchdown from 15 yards out. Stu Paul hit Bob in the end zone for the extra point to get the Veis just one point behind the Gentle Giants.

Paul Colbric threw a 45-yard pass to Jeff Marks for a Gentle Giants touchdown. Colbric had intercepted a Veis' Club pass to set up the last touchdown and George Zimmerman also had an interception on his punt line to stop a Veis drive, although they were behind the whole game, the Veis scored 29 points and 21 of them were scored in the second half. The Veis scored leading 31-29 before the half and the Veis ran out. The Gentle Giants defense stopped the Veis with five yards of a touchdown twice in the second half.
