The Riddle brings home a "First" in Championship

In a group event, a person jumps equipped with 300 feet of parachute and 2000 feet of 300,000 pounds of rope. This type of parachute is relative to a 20-foot diameter. The person is then landed on the field and is considered an official. This is a new record established during the four rounds in the 2500 pounds category. Flights of 5000 pounds are lined up but behind them are people who also practiced the 300,000 pound parachute. In the United States, more than 12,000 pounds per parachute a record for the 3000 pounds category, and more than 20,000 pounds per parachute a record for the 2000 pounds category. The Canadian record is 12,000 pounds per parachute. More than 12,000 pounds per parachute is a record for the 2000 pounds category. The Canadian record is 12,000 pounds per parachute.

NOTICES

WEDNESDAY, Jan. 8: 1-2:30 in the University Center. Delivered payments deadline.

SGA Social Functions, under the guidance of Mr. Howard Less, is pleased to Announce the following Special Events:

Putnam County Pickers

Mark your calendar now to attend the first concert of the spring semester tomorrow night, January 18 at 8:00 p.m. in the University Center. The Student Government Association encourages you to attend and listen to the Putnam County Pickers in concert.

The group has worked withitchie River's, the Atlantic Rhythm Section, Tom Petty, and recently won the Shoreline Rock and Roll Southeast NECAA competition. Their first concert harmonizes assembled with the precision of a symphony and their symphony of a wide range of music. It is an exciting assembly of a wide range of music. It is an exciting.

It is not unusual for the tune to combine cowbell, drums, harmonica, recorder, and zydeco. Recent releases include "Cowbell, Bullwinkle, and Ziggie" in 1978. Their new album "It's a Fine Line" is now available, and it's a fine line.

Questions:

When is a juggler not a juggler?

Answer: When your date leaves you at the first date.

When will you ever get this one?

Answer: When you get a promotion.

The show will be presented Jan. 15 at 8:00 p.m. in the University Center. Don't miss it!
LETTERS TO THE EDITOR

By Keith Kaszniak
Avion Editor

There is something very interesting going on up here in your student publications office. A death. This death may go unnoticed by many students, but eventually it will be felt by all campus publications. The Phoenix is a real danger of becoming much like its title implies, a death. Without the full support and help of the students of E.R.AU, there will not be a yearbook this fall. The effort required at this late date to produce a book which we can all be proud of will be tremendous. I believe can do it. I am confident that it will be done. Don’t put it off anymore, there’s still a lot to do and the time to start is NOW. Get up here and help to make your college career something to remember.

I would also like to extend an invitation to anyone interested in the AVION to stop by our meeting this Wednesday night (October 10) and find out how you can help your school newspaper. We need layout artists, photographers, proofreaders, and writers! We are an equal opportunity employer. No experience required, only a desire to help and a willingness to learn. Looking forward to meeting you.

Keith Kaszniak
Avion Editor

Why or how such a method of flight instructor selection was available in the first ramps employment is exemplary and vastly helps others.

Utilization here is a better system, but it’s better for businesses to handle this necessary individual selection of flight instructors.

By Thomas M. Merlo

FLA. LAW requires registration

By James Rucker

Welcomeing a new breed of freshmen, EMBRY-RIDDLE offers more stringent regulations and procedures. Though reluctant to dive into the possibly frustrating regulations, it was accepted that regulations were made in the best interest of the on-line computer users.

The Dean of Registrations, Bob Phiala, assures that they are “very effective,” and says “we’re going to keep up with them.” While some students may disagree, Phiala feels that they will help avoid problems with them.

As a victim of last term’s regulations policy, I was asked to report to the Dean of Registrations for an interview. Phiala stated that “registration was a hassle, it wasn’t a hassle, it didn’t take days of hours for me to get registered.”

Phiala compared last term to a “procedure” which is the exact opposite. Whether we can call it to the new computer or a change somewhere in administration or faculty can only look better for over 4000 on-line students to EMBRY-RIDDLE Memorial University.

Klyde Morris

ATTENTION!! INTERNATIONAL & U.S. CITIZENS!! All students who are not U.S. citizens (including those on permanent resident status) must report to the University 30 days prior to the date of the Immigration and Naturalization Service before July 1, 1979. This is a mandate of the Immigration and Naturalization Service.

Allen Address Report forms can be obtained at the International Student Service Offices in the University Center. If it happens after July 1, 1979, you must report to the office and take care of this requirement.

FLA. RY requires registration

Washington D.C. - The mandatory change in Florida law concerning non-profit "S", or "non-profit" as they are commonly referred to, is viewed as a blessing by some, a curse by others.

According to M. Paul Zimmermann, M.A., executive director of the Florida Association of Moped Dealers, the new mandatory requirement of non-profits and "S" corporations to register their non-profits promptly is not in line with the new Florida rules.

Zimmermann said that there are rich on the regulation because the 'unavailability of recovery of stolen mopeds is a main concern in the image of the mid-floridians motorcycle users. "It will be readily identifiable by its special license plate number," he said.

Zimmermann declared that he has been satisfied by the board of directors of the Moped Association of America to "make every effort for quick, easy, and efficient cooperation with the new Florida Moped registration law.

Currently, among the 23 states with a moped registration, no other state has a permanent, "one-time" registration. According to Zimmermann, the mandatory requirement of non-profits and "S" corporations is "a must in order to catch the Florida market.""The new Florida mandatory requirement of non-profits and "S" corporations is "a must in order to catch the Florida market."

Under the new Florida law, every vehicle bearing the word "MOPED" is being made available to the public. "There are no mandatory stickers available, which makes the problem of identifying stolen mopeds a major concern," Zimmermann added.

The new Florida registration law has not affected other aspects of the moped business. The use of a driver’s license orMENU INDEX

Traffic

Last week I spoke to Mr. Malcolm Smith, the County Engineer in Dunedin, concerning the installation of a traffic light at the Cape-Muntz entrance to 2-1/2 MILE ROAD. Mr. Smith confirmed that there is no traffic light system waiting to be installed here and so of yet there is no set completion date. The major holdup, he explained, was due to the fact that the necessary equipment hasn’t arrived yet. I then asked him for an approximate date and he said probably in the neighborhood of sixty to ninety days.

None of you who thought traffic lights were unnecessary were wrong. Mr. Smith claimed that the cost of this project would probably run between fifteen and twenty thousand dollars. This reporter inferred that the University had already been formally notified of the system to be installed. I wonder who was notified.

When can we move in?

By Joseph P. Meloney, T.C.

By the time you read this article, I hope I would have been able to thank Mr. Robert H. Van Ripper, Dean of Student Housing, at an interview concerning Dorm II. Unfortunately, my schedule does not permit meeting with Mr. Van Ripper, but I certainly see and speak with him as often as necessary.

HOLDING UP YOUR OWN GRANOEY

I have established through Dorm II Student Activities Director, Charlie Mattheis, that there is a tentative completion date of about three weeks for Dorm II, with complete stabilization in five weeks. Of course, about has grown into a listening or two of the past.

Sorry Charlie.

Good News—Bad News

Department - The good news from Dorm II, Student Activities Director, is that ALL of the furniture is here in and around Rubey-Riddle.

The bad news is that physical plant and maintenance are so overwhelmed with work that it will be some time before the furniture is assembled and placer-

SIGMA PHI DELTA

By Tom Moore

Welcome back from another semester of "Sigma Phi Delta." As I went to confessional to confess my sins, I said to the priest: "Father, I'm a member of Sigma Phi Delta." "Yes," he replied, "and what have you done today to deserve that honor?"

Well, as Sigma Phi Delta men, we are all guilty of the same thing - we are all guilty of being Sigma Phi Delta men. But we are not all guilty of the same sin. We are all guilty of being Sigma Phi Delta men.

To know us, you must know our history. We are a fraternity, and we are here to serve the university and its students. We are here to help those who need help, and we are here to help those who want to help.

We are a fraternity, and we are proud of it. We are proud of our history, and we are proud of our future. We are proud of our members, and we are proud of our community.

We are Sigma Phi Delta, and we are proud of being Sigma Phi Delta.

WURU RIBBON

By Don Mihale

On our last two meetings of the year, we sponsored the first annual "Ribbons and Raffic" program. We had a great turnout, and we raised a lot of money.

The program included a ribbon-cutting ceremony, a ribbon-cutting contest, and a ribbon-cutting gala. We also had a ribbon-cutting competition, a ribbon-cutting workshop, and a ribbon-cutting exhibit.

We are looking forward to next year's program, and we hope to see you there.

EASTER SEALS DISCO DANCE-A-THON COMING SOON

It's time to put your dance shoes on, grab your friends, and come down to the Student Center for the annual Easter Seals Disco Dance-A-Thon. The dance will be held Thursday, April 2nd at 7:30 p.m. in the Student Center. All proceeds will go to the Easter Seals.

This year's dance will feature the best of both worlds - disco and Easter Seals. We will have a disco dancer on hand to show you how to dance, and we will have a Easter Seals representative on hand to show you how to help.

So come out and join us for a fun night of dancing and supporting a great cause.
