Embry-Riddle Aeronautical University
NASA Presentation
Monday night

Administration's work incur-

The slide presentation and
discussion of NASA research and
development in astronauti-
cal studies will be conducted
during the University's jour-
ty. The time, including the
discussion, will be approxi-
ated two hours, and is open
to the public. The presenta-
tion is one of the many
programs offered by the
Podcast Aviation Administra-
tion.

"A Funny Thing Happened On
The Way to the Space Station"

This Friday night

World trick shot Champ.

Friday, January 30 at 8:00
p.m. is your date and time to re-
member, as Paul Gaul, World
Trick Shot Pocket Billiards
Champion, makes a special en-
terprise appearance to the societ-
ally oriented hobby. Gaul begins
his performance with an enthrall-
ing trick shot, and all technol-
ogy received or watched with a brilli-
antly designed display of trick and fancy shots.

Greetings from the Bottom

By Joe Armstrong

As you know, the Black and Gold is not for sale. The A.C.B. has bought it from the old owners for $1500. This was the last issue of the old paper. The new one will be printed by the new owners.

The new owners are the people who believe in the Black and Gold. They are the people who want to keep the Black and Gold alive. They are the people who want to make the Black and Gold the best paper that it can be.

The new owners are the people who believe in the Black and Gold. They are the people who want to keep the Black and Gold alive. They are the people who want to make the Black and Gold the best paper that it can be.

I'll be presenting some interesting historical facts, who's who top of the singles and hit charts. New York, since my country, which means have the latest news in the present and past, who is around the world. Points of interest that music lovers wouldn't want to miss. From time to time, special guest artists will be presented concerning the operation and production of local music stations and what the outlook of a record store actually improves. This is not intended to be a technically oriented column but is merely here to take everyone in to the universal station of "Music." I hope you enjoy reading it as much as I do collecting and putting everything together. Until next week, here's music playing and this foot moving!

BEN HUR

SEA KAYDER SERIES PRESENTS:
BEN HUR (1924)
Producer: ... Ben Zuber
Director: ... William Wyler
Cast: ... Charlton Heston
Stephen Boyd
Jack Hawkins
Hugh Griffith

The Movie will be presented in the University Center or Satur
day, January 21 at 7:00 p.m.

"The most beautiful and sub
taneously exciting film spectacle now produced by an American com-
pany..."

Film Quarterly

A paradox, brilliant and engag
ing brilliant drama. Not the
most flashing and exciting of
pictures ever made... The par
thematic theme of the story is
appropriately and strikingly con
ducted in some of the most
forceful personal conflicts ever
played in cinema on the
screen."

Rexy Courtman
New York Times

"A whole of a picture... The
best of Hollywood's super-
spectacle... The script a well
crafted, told its lines simulta-
ning with good rhetoric and
quiet poetry... an amalgam of
adventures by which coming
phantom is cinema on the
screen..."

The Running time for this movie is 213 minutes.

physical Fitness.
Civil Air Patrol
Concludes Banner Year

MAXWELL AFB, Ala. — Nonsense airmen and women sighted as a banner year for Civil Air Patrol (CAP) in the Alabama-wide organization ended with a new record during what it has been calling successfully for some time as a "Flying Success Year." The year 1976, as noted earlier, was a banner year for CAP. CAP's 25th anniversary was celebrated in 1976, with records set in various areas.

For the third straight year, Alabama led the nationwide organization in lives saved with a total of 25. Twenty-one of these were accomplished in early Decem-
ber when rescue crews battled extre-
me weather conditions to save the survivors of a crash of a commuter airline in the Rainbow Mountains, Nevada. The rescue effort in the Rocky Mountains, Nevada, was next with 14 lives saved.

California flew the most mis-
sions—109—with Alabama, the next highest at 87. Cali-
ifornia also flew more sorties (1,279) and put in more flying hours (2,985) than any other wing.

Civil Air Patrol recorded the saves through air searches for and finding of missing aircraft, lost hunters, prospectors, hik-
ers, hiker/boaters, lost children and the elderly; air evacuation of critically ill or injured persons; swift-to-ned blood; medical supplies and personnel; and other humanitarian missions.

In addition to its search and rescue operations, CAP also re-
sponded to requests for disaster assistance from national, local and state officials. These included, floods and flooding situa-
tions in Arizona, Kentucky, Missouri and Texas; snowstorms in Indiana, Kentucky, Massa-
chusetts, Michigan, New Hamp-
shire, New York and Ohio and a tornado in North Carolina.

During these emergency missions, CAP supplied necessary communications, helped fill in for emergency and routine flights of law enforcement agencies, established a list of volunteers contributing 2,650 man-days of work in support of disaster relief activities throughout the United States.

CAP maintains a fleet of light aircraft which it uses in its search and rescue work, for humanitarian mercy flights, in civil defense operations, and in other emergency and disaster relief activities.

CAP is the only national organization specifically trained and equipped to perform air search. This all-volunteer member force is comprised of four of all Air Force-sponsored search and rescue flying bases within the continental limits of the United States. Air search and rescue and other humanitarian missions are Civil Air Patrol missions, however, it is not par-
tially committed with such activi-
ties.

CAP is equally involved in pre-
motoring, preflights and en-
trainee education, the study of aviation and general subjects, for all CAP cadets. A cadet program, a pro-
gram of leadership training and motivation for its teenage mem-
bers, draws the enthusiastic in-
terest of thousands of young Americans.

The more than 40,000 member organization has units in all 50 states, the District of Columbia and Puerto Rico. National headquarters are at Maxwell AFB, Alabama.

FEATURING THE PITTS S-2A,

2. Beef Chow Mein Wednesday:
Lunch
1. Beef Bowl Special
2. Grilled Beef and Cheese Dinner
Dinner
1. Pork Chop with noodle
2. Smoked Brisket with sauerkraut

Keep on Rolling.
Just because there is no snow or sledding does not mean there is no winter sports in Florida. In the summer the action is at the beach, but during the cold months, it all happens at the roller rink, and it seems to be just fun for all, even the beginners.
It's good exercise, a good place to socialize and meet people as you go round and round to the upright times of the D.J.
A free bus will leave the University Center on Wednesday, January 31, at 4:45 p.m. to the Skating Rink Center in Oxford. Admission will be $1.50 which includes skate for the three hours of skating. The bus will return at 10:15.
If you get a good together, there's bound to be a bunch of skaters, so sign up in the Student Activities office if you need transportation, or just meet us there. (P.S.: They have good cherry pop too.)

Do you want to fly?
From 1... you can achieve the thrill of being an adventurer in the sky... and for a few of us it has never gone away.
To see it, the Air Force ROTC can set you aloft, our flight instructors will make you feel at home. For the brave, this is a sight that can't be beat. For the first step up, ask the cadet who is going on now, or the next one who is going on... to ask the cadet who is going on... to ask the cadet who is going on...

Think Big!

I hope everyone who attended last Friday night's pledge party at Snapfinger had an easier time recollecting than I did. These things are getting a little crazy lately. A special thanks goes out to Russ Severino for sending the Pizza, that everyone really enjoyed. And don't forget the pledge party tomorrow at 6:00 at Mr. Ter's for all pledges and members.

Arnold AS members are preparing a full schedule of conferences, dinners, and service projects for the Corps, March of Dimes, and Division of Yacht Safety, among other activities. So if you would like to become a part of all this fun, please contact Joe Flanamer, John Mainor, or myself as soon as possible.

AFCROTC

By Jim Davis

The Air Force ROTC wishes to welcome everyone back to school this spring. The corps will begin with some great ideas and look to continue the growth of the corps this spring. The regular core curriculum will begin with the usual first semester of our freshman year this spring. This will be followed by the spring semester, which will be the second semester of our freshman year. The ROTC program will continue to grow and become more involved in the community.

The Air Force ROTC wishes to welcome everyone back to school this spring. The corps will begin with some great ideas and look to continue the growth of the corps this spring. The regular core curriculum will begin with the usual first semester of our freshman year this spring. This will be followed by the spring semester, which will be the second semester of our freshman year. The ROTC program will continue to grow and become more involved in the community.

I hope everyone who attended last Friday night's pledge party at Snapfinger had an easier time recollecting than I did. These things are getting a little crazy lately. A special thanks goes out to Russ Severino for sending the Pizza, that everyone really enjoyed. And don't forget the pledge party tomorrow at 6:00 at Mr. Ter's for all pledges and members.

Arnold AS members are preparing a full schedule of conferences, dinners, and service projects for the Corps, March of Dimes, and Division of Yacht Safety, among other activities. So if you would like to become a part of all this fun, please contact Joe Flanamer, John Mainor, or myself as soon as possible.

**FRAUGHTY CORNER**

Tom Moore

This was an excellent week for Sigma Chi and those who came to our Fall Party. On Friday the brother woke us full force at the push for happy hour which lasted over four to the Fraternity House for more beer and fun. We all hope that Scott Stoller had an enjoyable, memorable night after the party. During the week we had the chance to see Scott Stoller sneak out through the back yard and we can’t forget Glenn White. What a time at six o’clock in the morning, in the parking lot after a good party! Thanks to the chapter for helping out with rush this week and good luck to Don Miller with the prospective little sisters. Once again girls waiting to be little sisters call 352-2571 or stop at 828 S. State (not far from Don Miller) and see for Don Miller, little sisters chairman, anytime.

Last Monday was another good day at Sigma Chi when social activities were on an exciting and social level. We had a beer bash on the lawn for all the girls in attendance. We had beer, sandwiches, hot dogs and hamburgers. All the girls were wearing their best and having a good time watching the game. One last wish to Don Miller.

This weekend is the Easter Egg Hunt at the Fraternity House which will be held on Sunday, April 11. Faculty and staff will be in attendance as well as the members of the chapter. You can get together with people interested in all forms of aviation and take part in the fun. We have a great time every year.

**Alpha Eta Theta**

The Rush party of the Spring semester. Last Saturday, turned out to be very successful. Some 60 people were at the River Run clubhouse eating Cheryl’s secret recipe chicken (Cheryl was very offensive). And the rain outside didn’t stop many from stopping off at the bar. A good time was had by all. This weekend will be a camera down to Lakeland to see the Experimental Aircraft Association’s Fly-in. flyer should be both interesting and fun.

**Delta Chi**

Welcome back, everyone, to Delta Chi. 1588 Ridgewood Ave. As you can see, the big thing is spring time. It’s time for some great events and fun times. Here’s a rundown of what Delta Chi is all about.
