Landlords, Tenants Rights Revised

This information was compiled to help explain the Florida Residences Rights Act (F.R.R.A.) to both landlords and tenants. The act was passed by the 1973 legislature. It changed many of the older laws dealing with landlord and tenant relations. The act has been amended subsequently by the legislature. It is the purpose of this information to outline the rights and responsibilities of both landlords and tenants.

The law was written to help eliminate some of the minor areas which have in the past led to disputes and legal actions in the courts. The act attempts to set guidelines where the landlord and tenant can compromise when they have a dispute without going to court. However, if they cannot settle their differences, the act provides a mechanism through which the legal system can be used to solve the problem.

WIS COVERED

The law covers residential agreements in Florida, both written and unwritten (if for less than one year). It does not, however, apply to rentals of the following nature (F.S. 83.51):
A. Rooming house, or similar lodging, or temporary occupancy in a mobile home park.
B. Commercial leases, such as department stores, warehouses, or other business spaces.
C. Tenants occupying a hotel, condonization house, rooming house, or similar lodging, or temporary occupancy in a mobile home park.
D. Non-Residential commercial leases, such as department store space, warehouse or other business spaces.

NEW LANDLORD'S OBLIGATIONS (F.S. 83.51).

This act is responsible for:
1. All times during the tenancy;
2. To comply with all applicable national, state, local, or health, or safety codes, or
3. In the absence of codes, to maintain all structural components (eg. roof, windows, doors, electrical wiring, etc) in good repair and to maintain the plumbing in a reasonable working condition. The landlord may also establish by the written agreement 
4. Unless otherwise agreed in writing, the tenant shall promptly notify the landlord of any condition in which the dwelling unit is not in good repair or of the failure to maintain the plumbing in a reasonable working condition.

The law provides a mechanism through which the landlord and tenant can compromise when they have a dispute without going to court. However, if they cannot settle their differences, the act provides a mechanism through which the legal system can be used to solve the problem.

NEW PROCEDURES FOR FEEHIBATION STUDENTS

Beginning this term, students who are on Probation or Probation status may preen

FDA Written To Be Given

E.R.A.U. will administer written pilot examinations for Private Pilot Airline, Commercial Pilot Airline, Instrunent Airline, and Flight Instructor. Flight Instructor Instrunent Airline, Airline Transport Pilot on the following dates:
Tuesday, April 3, 1980
Wednesday, April 16, 1980
Tuesday, May 8, 1980
Wednesday, May 21, 1980
Tuesday, June 5, 1980
Wednesday, June 25, 1980
Tuesday, July 9, 1980

Tuesday examinations will be conducted in the Cfat (Chase Airplane Research Park) of the University, and will begin at 9:00. Wednesday examinations will be conducted in Classroom G-100 at the CWI Campus, and will begin at 0815.

Tuesday examinations will be written on the following subjects:
1. Airplane Single Engine Airplane twin engine

Wednesday examinations will be written on the following subjects:
1. Airplane Single Engine

Friday examinations will be written on the following subjects:
1. Airplane Single Engine

Saturday examinations will be written on the following subjects:
1. Airplane Single Engine
LETTER TO THE EDITOR

Concerning registration based on GPA. I appreciated the article in last week's paper for the information it provided, but felt that it was rather biased towards the negative. Mr. McCann states that this system will hurt students with low GPA's. SOMEBODY has to go last and I don't see why "bumps" on person more than another - ALL we want to have a once schedule. But isn't about time we did something POSITIVE for students who work to achieve high GPA's? This school offers no honor classes that I know of and the majority of courses tend to be geared toward the lowest common denominator of students. In the future this situation will probably improve as E-R.U. has to limit enrollment, which (like most other schools) I suppose it will do based on academic record. But in the meantime, I think that the students who do well in math courses should have some encouragement, and base registration schedules on GPA is one way to do this.

Deborah Rieden

KLYDE MORRIS

The Editor: Last week, the Office of Admissions, the Division Chairman and the Student Government Association (SGA) agreed to change the way in which students will register from now on. In the past, students were supposed to register according to the first letter of their last name. Every Tuesday, the letters were scheduled to be released so that everyone would get a flier at the courses they needed. This procedure was not followed efficiently and many students were gathered up with inapplicable material. The SGA decided to register in the following way: the first letter of the student's grade point average (GPA) is the factor which determines when he/she registers.

The class status that the student has determined the day before, but not GPA determined the time.

This system is unfair to the student with a low GPA because he is the one who is in need of class times in order to improve his/her GPA. In this way, he/she doesn't get it because the classes he/she desperately needs are closed out when he/she finally gets to register. If the student has to register last he/she is probably going to get the classes, though or even ones which he/she is in order to do well in school. I feel that more research should have gone into this decision, and a better system could have been devised. As an example, they would have simply been to rotate the letters every Tuesday, and give everyone a flier at getting what they want or need for their class schedule.

Thank you,
Scott Riederer

DEAR EDITOR

In response to a recent column in last week's Avonador, I would like simply to say that I was disappointed._Lately, it's been very new to find a radio station which plays the '60s rock n' roll. I feel safe in saying that these stations have converted to disco and/or rock. I would like to consider WEUR for playing only rock and I see the '60s in the air. Why don't we change stations?

Sincerely,
David J. Riepe
ERAU 5535

SGA ELECTIONS MARCH 19

On Wednesday, March 19, the election of your new Student Government Association (SGA) REPRESENTATIVES will be held. The positions of President, Vice-President, and five student representatives will be up for grabs. Be sure to VOTE before you leave campus!

The elections will be held in either the University Center, Flight Line, or Admin. Complex. At the time of the election by voting you will have the opportunity to present your student ID. Your Participation in the election by voting will show your concern in the school.

DEAR EDITOR,

In response to the letter in last week's paper concerning the SGA RACE, Trevor Brown, who rendered the suspended position of President, is being currently served by the W.E.U. student newspaper. It is not the fault of the SGA that this newspaper has been circulated in the school. As for your letter about the SGA running for office on Thursday, March 19, 1981, your letter is without time, that was due to the fact that our time is limited or the fact that he's free and his column is every Wednesday. I have been converted to disco, but I am still interested in the '60s rock and I can be purchased from many students who above interest. Because of the interest in the radio, there is a meeting of three at the radio station this day Thursday, March 20, 1981. Anybody at the radio station interested in joining our organization or comment on the subject is invited to our meeting.

W.E.U. Music Director
Steven K. Anderson

SUMMER GRADUATION APPOINTMENTS are being accepted in the Office of the Registrar and the C.O.R.D.S. office for those students anticipating SUMMER 1981 (May or August) degree completions.

MOSLEM STUDENT ASSOCIATION

The Moslem Student Association is an organization formed by the Moslem students at Texas A & M University. Many many organizations that they have been involved in. Today, the Association includes all Moslem students together, and everyone is called out for their beliefs. A central student advisor for them to participate in the MBA activities, so they may acquire a better understanding of Islam and use it to assist them.

Air Force ROTC

By Jim Breckenridge:

On Friday, March 7, 1980, many of the 40-50 members of AFROTC Det. 167 attended a field day and hiking at Patuxent AFB. The hike was held the morning of the 40-50's annual training. That morning they were given a preview of the activities.

Later in the afternoon about nine members were invited to fly a mission in the "Kenny Green Glass" c. M. S. "Hart" of the 40-50's Air Force Student Squadron - 4851. The mission was to have two hell-"pupcakes" flying over the Maryland and giving commercial and pleasure boaters from the area a "backseat" mission.

Two students, Bob Gerbasi and Mike Homewood, along with Major Homewood flew with 40-50 pilots. The flight was an "instructional" mission. This evening was set up to assist the students in their training. It was announced that they would be the first to arrive, and they did.

As the pilots made their way to the field, they were told that they would be doing the mission in the "Kenny Green Glass" c. M. S. "Hart" of the 40-50's Air Force Student Squadron - 4851.

The mission was to have two "hell-pupcakes" flying over the Maryland and giving commercial and pleasure boaters from the area a "backseat" mission.

Delma Chi is the 1980 Greek Week Champion. Again. For the fourth consecutive year, Delta Chi has triumphed in this week-long competition. Although we’re very proud of our chapter, we’re looking forward to Greek Week 1981, when we’ll be the champions again.

Delma Chi was the first to gather, and Delta Chi was the last to leave. The two chapters met at 6 p.m. on Friday night at the main entrance to the Student Union. The two chapters competed in a variety of events, including tug of war, relay races, and a scavenger hunt.

Delta Chi won the tug of war, while Delma Chi won the relay races. The scavenger hunt was a draw, and Delta Chi was declared the overall winner.

By J.R.

Well, the dust has now cleared from Greek Week 1980. The Vets have won the Greek Week title, but it was a close call. We had a great week, and we’re looking forward to Greek Week 1981.

Vets is the defending champion, and they’re not going to give up their title without a fight. We’re going to have to work hard to keep them off their game. We’re counting on our team to come out strong, and we’re counting on our fans to show their support.

Fraternity Rush
International Students' Corner

Within the last two years, the number of international students has increased tremendously. To make matters worse, a good number of these students do not speak English on arrival here in the U.S. There is a great deal of reading done by students and potential students, to communicate with them, many are learning or attempting to learn English. Some students are learning it more effectively than others. Those students who cannot communicate with others due to language barriers depend on a point. How can they express their grievances? You cannot imagine what the international students office has handled through the last two years. Sometimes those students get so upset that they really need somebody to listen to their grips. Someone to make them smile, someone to pay them off, buy books or even... I remember one student who came back to the students office that day and said, "I paid my tuition and now I can't do anything."

Dear Amelia,

I've managed to keep a good driving record for the past ten years—until I arrived in Florida, that is. I flew 10 miles from school and purchased a motorcycle for transportation. I was consid

---

Visiting in Florida
Dear Wanda,

I spoke to Lt. McHaffie of the Dayton Police Department. He said that every year, the people who have attempted getting your record disarmed are correct.

However, he does not agree that motorcycles are picked on. He pointed to the fact that Florida's motorcycle laws are different from many other states. The headline must be ON ALL TIMES when operating a motorcycle. Likewise, highways must be worn by BOTTI and the driver and rider. Failure to obey either of the rules will result in a moving violation. Since motorcycles are lighter than cars, they are not as well seen, and as a result, are not as often involved in accidents. This feeling of freedom that you feel on a motorcycle, combined with the lack of responsibility to be a safe rider, is a mistake. You should be as safe as the vehicle you are driving.

I hope that others will read this and put safety first. I hope people will use this message to keep Florida high priority because. Three
