Before the news

EXPERIMENTAL ALL CANDIDATES stand outside the SSA office last Wednesday waiting for the official results of the 1981 elections. When the dust settled, John Glenn, election chairman, named Dan Goebel and Jeff DePaolis the winners in one of the closest elections ever (E-R AU history. 

Pacer summars for rental; new multi-squirters arrive

By R.K. Bailey

Effective Friday, March 20, a new Pacer Sprinkler system will be available for rent to any qualified E-RAU resident, sub-

mitting, or faculty member. Originally rented $40.00 a month, the new system includes a large watered sprinkler, designed to install the plants according to the principles and principles of irrigation. Michael Bryant, Assistant Director of High School, explained the many options of in-

stantiation and how the system can be used to allow students to learn about the process of irrigation. The Pacer Sprinkler system is

Racial tensions mount on nation's campuses

By Joseph Collins

Across the nation, the pattern of racial tension is spreading. Tensions between black students and on college campuses, driven by the problems of

E-RAU dorm director former pro dancer

By John Frisbee

Rick Bage is one of those individuals whose role in the academic life of the university is often taken for granted. Bage, currently Academic Life Coordinator for Dorms, worked with professional dancers in the early 1970s. When he landed his current job, Bage was surprised to learn that he was one of the only dorm life coordinators in the country.

Early Years

Originally from Tennessee, Bage taught for two years before leaving for back home. Sometimes I would find myself in the middle of a room with 50 people dancing around me, Bage said. "It was a great experience, but I think it's something you only do once in your life.

Bage started working for E-RAU in 1975 and has been an integral part of the university ever since. He currently serves as Academic Life Coordinator for Dorms and is responsible for overseeing all aspects of dorm life.

"I think it's a great opportunity to be able to work with students and help them grow both personally and academically," Bage said. "It's a great way to make a difference in their lives and ensure that they have a positive experience at college.

Bage's background in dance has also helped him to develop a unique perspective on life. "I think dance is a form of self-expression that allows people to explore their emotions and connect with others," he said. "It's a great way to express yourself and connect with others.

Bage's dedication to his work has not gone unnoticed. "I have been honored with several awards for my work with students," he said. "I have received the Outstanding Academic Life Coordinator Award and the Outstanding Faculty Member Award, among others.

"I am very proud of my work here at E-RAU, and I hope to continue to make a positive impact on the lives of students for many years to come," Bage said.
Defending Entertainment

Elections are over and congratulations are due to all the winning candidates.

The winner of the Student Government President position, John Scribner, would like to express his gratitude for the support he received from the student body. He believes that the recent elections were a testament to the vitality of our student body and the importance of engaging in the political process.

The victory in the recent election was due to the exceptional campaigning efforts of all the candidates. The election results show that our students are informed and engaged, and they are aware of the issues that affect their lives.

The success of the election was a testament to the hard work and dedication of all the candidates. The Student Government is committed to representing the interests of the student body and working towards a better campus.

John Scribner
SGA President

The University has received a response from the new Student Government President, John Scribner, regarding his vision for the future of the SGA. He plans to focus on improving communication with students, addressing their concerns, and working towards a more inclusive and transparent governance.

Monthly meetings will be held to discuss and address the concerns of the student body. The SGA will also be working on a new constitution that reflects the needs and desires of the student body.

Outgoing SGA President praises recent elections

Thank you! The elections came on smoothly, well, with 1,190 votes cast. This shows that the students care about who represents them. I am confident that this election process can be improved and that we can ensure that all students have a voice in the process.

I would like to express my gratitude to all of the candidates who put in so much time and effort to campaign and to the students who voted. The election results show that our students are engaged and involved in the political process.

Exception is they should do it for everybody. That's their job in the college faculty. Meredith said.

Including the students in the election was also advocated by the Patient Advocacy Team. "We did as much as we could. We came here with the idea of just not raising fees and doing what the student body wanted. We believe in the student body's decision and that's why we came here.""
Zeta 7 revamps programming to ‘easier listening’.

By Mike Griffin, PRNews staff

At midnight [February 20, 1981] Cleveland’s ZETA 7 radio station went off the air to undergo a complete reformatting. The station, which carries Top 40 Contemporary Hits programming, will continue to be called WZ 91 (91.3 FM), ‘The Top 40 Stereo.’

"It’s a very exciting time for ZETA 7," station manager Tim Ashley said. "Our listeners have been asking us to change our format for several months and we feel that now is the time to get it done." The station, which has been a Top 40 format since it signed on in 1974, will now play a more contemporary format featuring hits of the past 30 years.

ZETA 7 also announced that it will be changing its call letters to WZ 91 (91.3 FM), ‘The Top 40 Stereo.’ This change is effective immediately, and will take place at 6 p.m. on February 20, 1981.

"We feel that this change will better serve our listeners," Ashley said. "Our new format will feature a wider variety of hit songs from the 1950s to the present day, and we believe that our audience will enjoy the new programming."
On April 23h, 1971, two presume brothers, 10-year-olds Robin and Ron Miller, of Indian Rocks, Florida, did a Sky Dive to return two and a half years later.

For Thomas and Dan Beck, this would become an adventure of a lifetime and a test for survival. "We did not make a difference if it took six years or 10 years. We just took our time."

There is presently a student's family staying for his brother's death and then plans to fly with the Navy. His brother is a current student in Miami. The two brothers reached 20,000 feet in Miami. The two brothers notably using their parachute and then making an error and only landing in the Miami area. The two brothers using parachuted down to 8,000 feet in 1971 by using their canine and other animal hunting skills.

The real reason of the entire trip and doing a Sky Dive can be used for each. The two brothers said they were not afraid to do this. They were part of a 26,000-mile trip and only one of the two brothers had a parachute. They were only 8,000 feet above the ground when they jumped. They were part of a 26,000-mile trip and only one of the two brothers had a parachute.

The two brothers said they were only 8,000 feet above the ground when they jumped. They were part of a 26,000-mile trip and only one of the two brothers had a parachute.

The two brothers used quickly around the Florida coast only during the spring of the next two weeks to do some hunting. They ended up in St. Augustine, crossing a total of 800 leagues, over English and Swiss territory.

The brothers were also underlie in the 800 leagues, over English and Swiss territory. They were also underlie in the 800 leagues, over English and Swiss territory.

On the United States, they relied on only camping and using their camping in 1 hand, except for a few months stay in Aruba. They have more comforts of tents.

The first trip in Mexico, we had no idea what day it was.

The two brothers, Tom at age 25, and Dan at 25, sailed on an average Smug on an average. They were not tiny, they were either sailing or swimming. They had sailed in the land of the condo of the Condo Peruvian Peninsula. At one point in 40 feet of water, they had still had the ability to explore the ocean depths. After three months of sailing, we only continued their voyage South to the Panama Canal.

Buying only two days in Panama Canal, their trip started North along the West coast of Central America.

All of their equipment was tied down on the rear of the trailer of the pedal car. The two brothers came to one of the pedal cars by a hotel. The two brothers camped at a hotel for a few days. They were more comfortable than the peddler for the trip.

The biggest problem on the entire trip was the weather. We were more storms than we came to expect. There were more storms on the trail this year than we came to expect.

Former SPAD pilot talks of experiences in A-10

BY COL. MICHAEL S. BRADY, U.S. Army Staff Officer,

We have one of the last Air Force SPAD pilots on active duty with us. He’s none other than our Commanding Officer, Maj. Gen. D.C. Lanham, General. This 74-year-old World War II veteran pilot is being interviewed by the author as they fly over the Oklahoma City area in a C-123 military transport plane.

Maj. Gen. Lanham was one of the last SPAD pilots to graduate from the U.S. Army Air Forces at Lackland Air Force Base in 1943. His career spanned over 40 years, during which time he served in various capacities within the Air Force, including flying assignments in Vietnam, Korea, and the Middle East. His last assignment was as the Director of Operations at the Air National Guard Base in Oklahoma City.

During his interview, Maj. Gen. Lanham shared some of his most memorable experiences as a SPAD pilot. He recalled his first flight in a SPAD aircraft and his transition to the A-10 Thunderbolt II, which he flew during his later years. He also spoke about his experiences in the Vietnam War, where he was awarded the Distinguished Service Cross for his valorous actions.

The interview was conducted at various locations across the United States, and the information was recorded onto a tape recorder. The final version of the interview was transcribed and edited to ensure accuracy. The resulting interview provides a unique perspective on the history of military aviation and the experiences of those who served in it.

The interview was recorded on March 20, 1981, and is now available for viewing and listening through the website of the Military History Association.
The 'Winged Sig' pledges looking good

The Blue and Gold

Last week was a big one for the Ohio Kappa Chapter of Sigma Chi, as Bid Day and Pledge week both topped the activity to incorporate into this past week, both Thursday night and Friday morning. However, these two weekends proved to be quite the opposite of each other. First off, the entire chapter

celebrated the return of Pledge Class Alpha Beta. Saturday night was the

night of a lifetime. As always, we

came through well, as always. Saturday night was the night of a lifetime. We

At the onset of spring, the first of the little Florida and Arizona clubs, we always like to take a slate at predicting the upcoming season. It's easier today. We have an Arizona, New York, and the spring training, each year bring news, new arrivals. But 20 years ago it was not so easy in the National League. This week I will give my predictions on the National League and play the Chicago Cubs.

Last year the National League Eastern Division winner was not decided until the last week of the year. The Phillies defeated the Cubs in all existing major continent wins. To make the Cubs fall in spring training, this year, The New York Mets will do it this year.

We predict the entire division will probably be the same. The Los Angeles Dodgers will win the division, the Mets will finish second, the Philadelphia Phillies will finish third, the Chicago Cubs will be fourth, and the St. Louis Cardinals will be fifth.

What can you say about the Cubs? They just about tendered their contract to the top four players in the majors, and the Cubs signed a lot of new players. They have a lot of good young talent, and they have a lot of young talent. They should be good this year.

The Cubs will be the last team to finish the season, and we predict they will finish fourth. The last time the Cubs had a good season was 1980, and we expect them to do well this year.

Red right guard the White Sox will be the best. The Sox have been in a question mark in the division, and we expect them to do well this year. They have a lot of young talent, and they should be competitive.

The White Sox have a good chance to win the division. The Sox have been in a question mark in the division, and we expect them to do well this year. They have a lot of young talent, and they should be competitive.

The Sox have been in a question mark in the division, and we expect them to do well this year. They have a lot of young talent, and they should be competitive.

Georgetown returns a $600,000.00 endowment gift from Libya

WASHINGTON, D.C. (AP) - Georgetown University President Timothy Hedy has returned $600,000 to the Libyan government, which for the past four years has helped fund the university's Center for Contemporary Arab Studies.

Hedy, who confirmed the return, said "we're very pleased that the money will now be put to better use."

The university will use the funds to support a new Center for Contemporary Arab Studies.

A staff of 10 are selected for the new Center, which will be housed on the university campus.

The money will be used to support the Center's work in areas such as international relations, political science, and economics.
