To Kim Ellis

Warm  
Thanks

to Wonderful You

You're a  
very special person  
and your kindness  
means so much.

Thank You

Thank you for helping me  
find fundraising. It meant the  
world to me.

The Trip was everything  
I hoped for x 100

Sincerely Jade Secor

## Background CFD

CFD (Computational Fluid Dynamics) is a branch of fluid mechanics that uses numerical analysis and computer graphics to simulate and analyze the flow of fluids. It is used in a wide range of applications, from aerospace to automotive engineering, and is becoming increasingly important in the design and optimization of complex systems.
