MECHANIC'S CREED

FROM MY PERSON I swear that I shall hold in sacred trust the rights and privileges conferred upon me as a certified mechanic. Knowing full well that the safety and lives of others are dependent upon my skill and judgment, I shall never knowingly subject others to risks which I could not be willing to assume for myself, or for those dear to me.

IN DISCHARGE of this trust, I pledge myself never to undertake work or approve work which I feel to be beyond the limits of my knowledge; nor shall I allow any non-certified superior to persuade me to approve aircraft or equipment as airworthy against my better judgment; nor shall I permit my judgment to be influenced by money or other personal gain; nor shall I pass as airworthy aircraft or equipment about which I am in doubt, either as a result of direct inspection or uncertainty regarding the ability of others who have worked on it to accomplish their work satisfactorily.

I HEREBY accept the grave responsibility which is mine as a certified mechanic, to exercise my judgment on the airworthiness of aircraft and equipment. I, therefore, pledge my wholehearted adherence to these precepts for the advancement of aviation and for the dignity of my vocation.

TIME-SAVING FOOD SERVICE

Why not make money where you can enjoy it?

Florida has the ingredients for both. Take income. Did you know that Florida's total personal income will double during the next ten years—a 106 percent increase? That's one of the highest rates of any state in the nation.

Florida is unique. Besides her tropical climate, and booming tourist industry, she's the fastest growing major state in the country. The past five years have brought 3340 new plants and plant expansions to Florida. And no wonder residents come by the thousands every month; Florida has space—an increasingly precious commodity nowadays.

Florida is the site for Walt Disney World, tomorrow's motion picture industry, and the launching pad for Atlas, Gemini, and Apollo.

Florida can also be *your* launching pad.

Duane Overvaag — *Layout Editor*

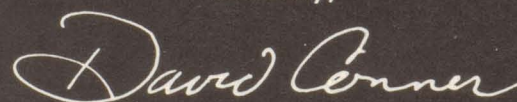

Dear Students:

This is the page I've been looking forward to for the last few months. It's the last one.

I'd like to take a moment to thank everyone who helped make this book what it is. Needless to say it has been a rough go, but it would have never been possible without the wonderful cooperation of the administration, *the Avion*, the fraternities and clubs, and all the people associated with these organizations. I would especially like to thank my staff, Bill Morse, Jerry Nichols, and Duane Overvaag. These three people have seemed like thirty, sacrificing their time and effort, and producing far more material than might ever be expected of them. These three have been better than my right arm. I can't thank them enough.

So it is with pride that I leave you some of the highlights of the past year and possibly some wonderful memories of your college years.

Sincerely,

A handwritten signature in cursive script that reads "David Connor". The signature is fluid and elegant, with a large initial "D" and a long, sweeping underline.
