EMBRY-RIDDLE AERONAUTICAL UNIVERSITY

Daytona Beach, Florida

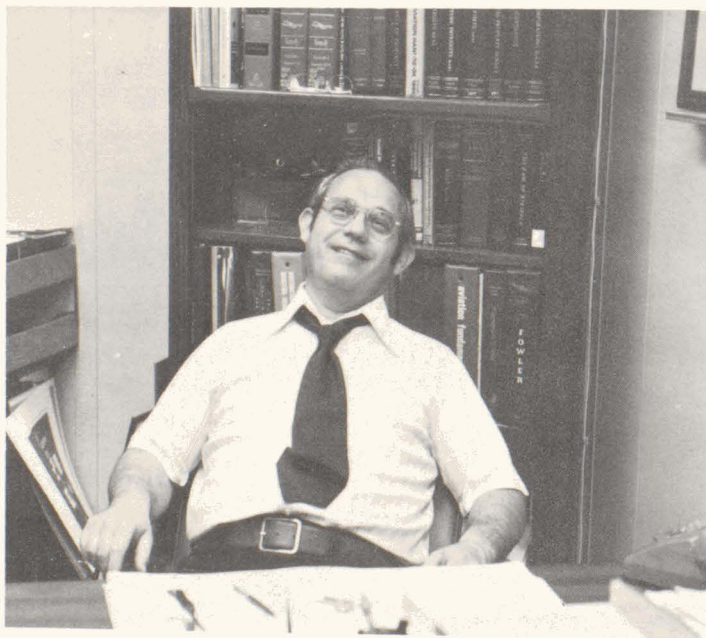

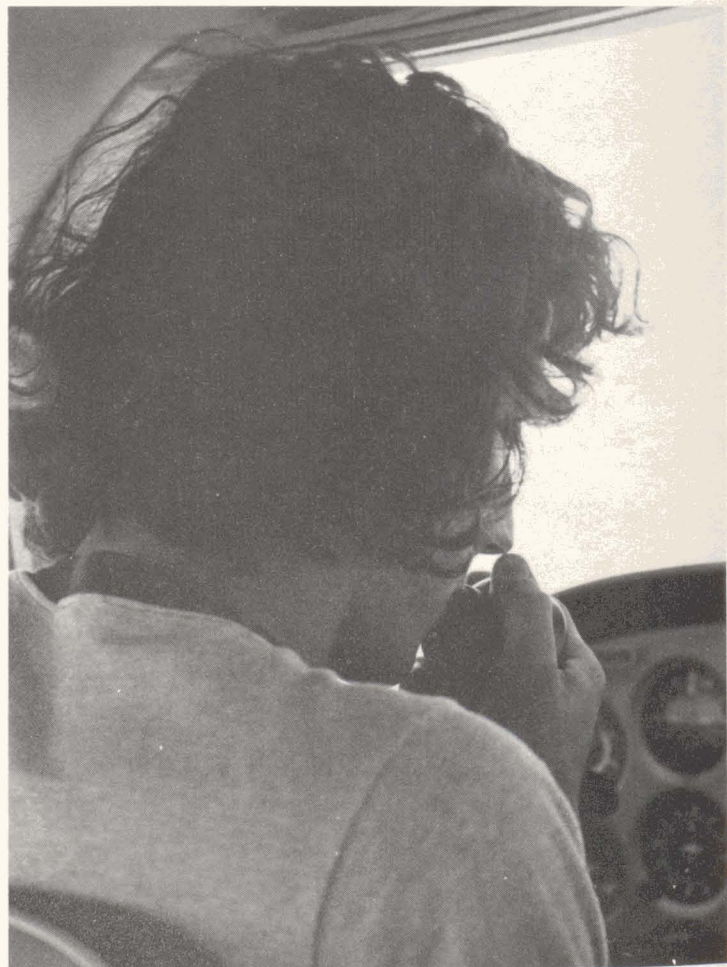

DEDICATION

Forty-nine years ago two men had a dream. J. Paul Riddle and T. Higby Embry took a look at a twenty-three year old infant called Flight. Even though airplanes were in an early stage of development, these two men could visualize Aviation as developing into another transportation system and knew that many people would have to be trained. So in 1926, they opened Embry-Riddle as a Flight School at Lunken Airport, Cincinnati, Ohio.

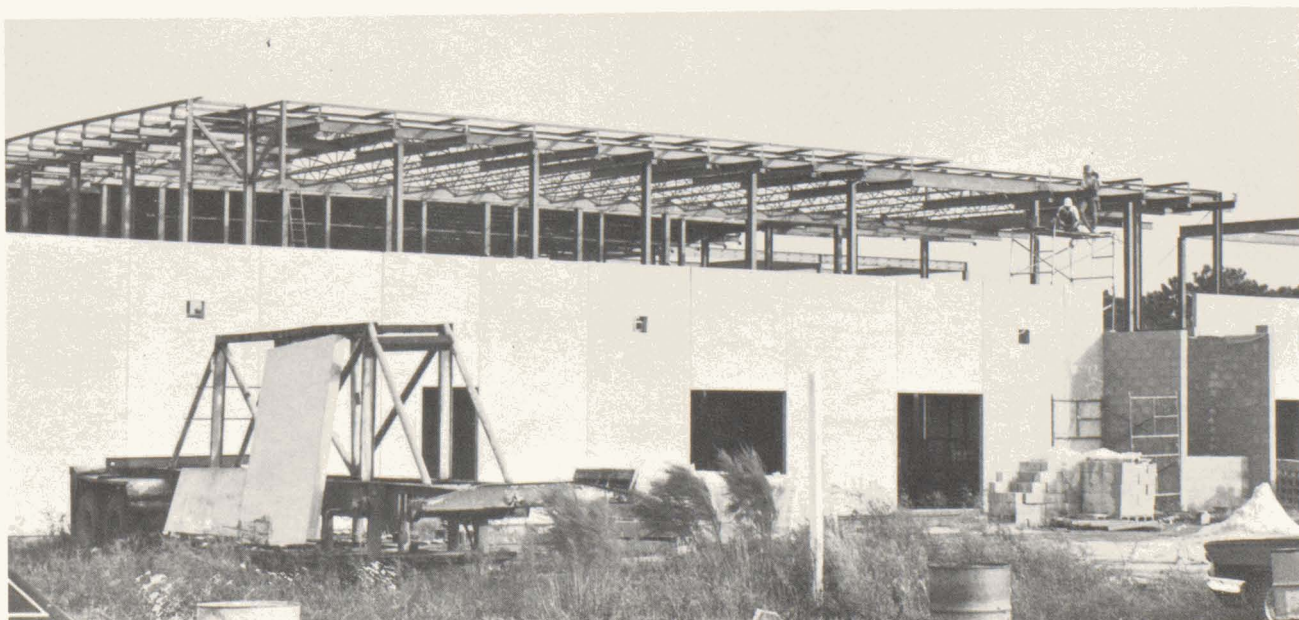

So to Embry-Riddle Aeronautical University, we the PHOENIX staff dedicate this yearbook for 1975.

CARNIVAL sponsored by the Interfraternity Council was a success despite a few hard moments. With the funds raised at the weekend bash, the IFC's president Jack Vandelaar presented a check to the local Heart Fund. Embry-Riddle is justly proud of its IFC and of the supporting fraternities which make the contributions of the IFC possible.

CARNIVAL

DELTA CHI

Goals

"...believing that great advantages are to be derived from a brotherhood of college and university men, appreciating that close association may promote friendship, develop character, advance justice, and assist in the acquisition of a sound education..."

Treasurer	DEAN SUNDERLIN
Historian	RON FISHER
Advisor	RUSS LEWIS

With the intent of promoting aviation amongst the public, as well as the students, Alpha Eta Rho has participated in a wide range of public service and aviation oriented programs to further this goal. In 1972, Alpha Eta Rho organized and sponsored the first Embry-Riddle NIFA competition flying team, which has won every regional meet since and has participated in two national meets. The team is made up of Embry-Riddle students, chosen through intermural fly offs held each September. Team members are selected according to flying and safety skills, good sportsmanship, and teamwork. It is through the NIFA competition, and the spirit of community good will that Alpha Eta Rho hopes to forward its goal of "Promoting Aviation" as a useful and valuable tool to society.

Call "Cut" above the engines drone
A step to windy quiet
Alone

Then sink with elevated feeling
Eternal space, no walls
No ceiling

No earth below, expanse of cloud
The rare admixture, humble
Proud.

Gentle pull and probe of air
Does it know, or even
Care?

That earth bound man at last has flown
Awed and frail
And alone.

Andy Keech 1974

Man small
Why fall?
Skies call
That's all

PHOENIX '75 STAFF

One Hundred Sixty Five

Congratulations

TO THE CLASS OF '75

Best of Luck and Success

THE ANJON STAFF

IN CLOSING

At the close of yet another year and the completion of the PHOENIX '75 I pause for a moment to reflect back to the past year from September and the starting of both school and this book to April graduation and the completion of the PHOENIX '75 and wonder was it all worth it?

The sleepless nights worrying about layout, photography, selling advertisements and meeting deadlines is now over. And I would like to thank Nella Tate and Eric Blunt for all the time they spent helping me put this year's edition of the PHOENIX together. I also would like to thank the staff of the AVION, especially Cindy Black, for all their help and support throughout the year. Without the help of these people this book would never be published.

A school year has ended for all of us. We regret leaving old friends and memories behind, but yet we have newer and brighter dreams of which to hope. I, also am leaving many memories, frustrations and experiences behind me, but I sincerely thank Embry-Riddle for the privilege of being the Editor of the 1975 PHOENIX and by the way it was worth it!

A handwritten signature in black ink, reading "Robert Meddley". The signature is written in a cursive, flowing style with a large, stylized initial 'R'.
