DEDICATION

The years have come. The years have gone. Embry-Riddle Aeronautical University, on its 50th Golden Anniversary, still remains and is growing. While Embry-Riddle celebrates its 50th anniversary, the United States celebrates its 200th anniversary.

To the citizens of the United States, we the Phoenix Staff congratulate you concerning the United States bi-centennial anniversary, and we hope for a prosperous and peaceful future. To the alumni, future alumni, those associated with Embry-Riddle and those who will be associated with Embry-Riddle, we the Phoenix Staff dedicate this yearbook for 1976.

-SIGMA PHI DELTA FOOTBALL TEAM-
 We take the field amidst a laugh, two men short
 you see.
 The other team has thirty-two, we have two time
 three.
 The system of the two platoons, a stranger to us all,
 Almost as unfamiliar as, what's this? Oh yeah, the
 ball.
 Easy game we're 'sposed to be, pushovers on the
 turf.
 But somehow we keep winning, our adversaries
 curse.
 Alpha right and alpha left, the only plays we know
 We can't remember any more, but yet we swept
 "The Row".
 Where is the "speed", the "hands", the "arm", all
 winners must possess?
 Not on this team, that talent is "Out to Lunch", at
 best!
 The "Green Machine", that mastermind of aerial
 attack
 Whispers in the huddle "go run around and back".
 The blinding trot of "Negative", his hands as big
 as his shoe.
 The only thing he hasn't caught, would have to be
 the flu.
 And then "Shamu" the anchor man, our center go-
 ing each way
 We sometimes count as two, so that we have
 enough to play.
 With Crag and Ralph at cornerbacks, the "zone" is
 hard to beat,
 And Steve the right linebacker, who just can't stay
 on his feet.
 Randy sometimes plays the line, but mostly where
 he wants,
 It's flag and pants he likes to rip, and quarterbacks
 he haunts.
 Despite all this we're winners, though no one knows
 just how,
 Though we may lose tomorrow, we're NUMBER
 ONE for-now!

The Embry-Riddle Eagle's basketball team finished the year with a losing season. However the record doesn't show the success of the 75-76 season. The Daytona Beach Sunshine Tournament was the first sparkle of success for the Eagles. The tournament brought together Florida Bible, Flager, D.B.C.C. and our Eagles. These four schools were to be the first participants in the premier Sunshine Tournament. The highlight of the tournament was the tremendous fan turn out for the Eagles. The loyal Eagle fans also turned out for the two remaining big games against Daytona Beach Community College. These fan turnouts showed that the student body of Embry Riddle does have the potential and the desire to back the Eagles.

The rest of the season had its ups and downs. The Eagles met tough opponents in all of their games. The Eagles played their best but could not match the height and speed of their opponents.

All the teams the Eagles lost to were full-scholarship teams. The Eagles played two games against non-scholarship teams and in these games the Eagles ran away from their opponents.

Front L to R: Gary Lreid, Joe Altieri, Russ Copeland, Al Nassar, Tony Salomone; Middle: Asst. Coach Bill Bean, Clayton Hewitt, Tony Smith, Calvin Hollis, Ray Harley, Mike Bencal, Coach Ed Wurzbach; Back: Joe Golinski, Bruce Horner, Gary James, Mike Magno

"I Am the Nation . . ."

I was born on July 4, 1776, and the Declaration of Independence is my birth certificate. The bloodline of the world runs in my veins, because I offered freedom to the oppressed. I am many things, and many people. I am the Nation.

I am 200 million people, living souls and the ghosts of millions who have lived and died for me.

I am Nathan Hale and Paul Revere. I stood at Lexington and fired the shot heard around the world. I am Washington, Jefferson and Patrick Henry. I am John Paul Jones, the Green Mountain Boys and Davy Crockett. I am Lee and Grant, and Abe Lincoln.

I remember the Alamo, the Maine and Pearl Harbor. When Freedom called, I answered and stayed until it was over, over there. I left my heroic dead in Flanders Fields, on the Rock of Corregidor, and the Black steppes of Korea.

I am the Brooklyn Bridge, the wheat lands of Kansas, the granite hills of Vermont, the potato fields of Wisconsin. I am the coalfields of the Virginias and Pennsylvania, the fertile lands of the Mid-west, The Golden Gate and the Grand Canyon. I am Independence Hall, the Monitor and the Merrimac.

I am big! I sprawl from the Atlantic to the Pacific, three million square miles throbbing with industry. I am more than five million farms. I am forest, field, mountain, desert. I am quiet villages and cities that never sleep.

You can look at me and see Ben Franklin walking down the streets of Philadelphia with his breadloaf under his arm. You can see Betsy Ross with her needle. You can see the lights of Christmas, and hear the strains of Auld Lang Syne as the calendar turns.

I am Babe Ruth and the World Series. I am 169,000 schools and colleges, and 250,000 churches where my people worship God as they like best. I am a ballot dropping in a box, the roar of a crowd at the stadium, and the voice of a choir in a cathedral. I am an editorial in a newspaper and a letter to a congressman.

I am Eli Whitney and Stephen Foster. I am Thomas Edison, Albert Einstein and Billy Graham. I am Horace Greeley, Will Rogers and the Wright Brothers. I am George Washington Carver, Daniel Webster and Jonas Salk.

I am Longfellow, Harriet Beecher Stowe, Walt Whitman and Tom Paine. I am Phillip Brooks, Billy Sunday and Bishop Quayle.

Yes, I am the Nation, and these are the things I am. I was conceived in Freedom and, God willing, in Freedom I will spend the rest of my days.

May I possess always the integrity, the courage, and the strength to keep myself unshackled, to remain a citadel of freedom and a beacon of hope to the world. This is my wish, my goal, and my prayer on this my birthday, two-hundred years after I was born.

Capt. John Paul Jones

"These Are the Times That Try Men's Souls . . ."

Thomas Paine

1/ Captain John Paul Jones unfurled the first *Stars and Stripes* over the ocean when the young nation's banner, containing thirteen stars and thirteen stripes, was hoisted aboard the *Ranger*.
2/ From the deck of the captured British vessel *Serapis*, Capt. Jones and his crew watched as the American man-of-war, *Bonhomme Richard*, sank in victory, September 23, 1779. With the aid of friendly powers—namely France and Holland—and the leadership of commanders like Jones, the American fleet was able to effectively combat Britain's naval supremacy in the colonies.

3/ General John Stark led the colonial forces to victory at Bennington on August 11, 1777. The victory, along with an American triumph at Saratoga on October 12 of that year brought France to the colonies' aid as an ally and was the turning point of the war.

4/ Outside of occupied Boston, colonial patriots organized themselves into a volunteer militia known as the *Minutemen*. On the eve of April 18, 1775, British troops numbering more than 800 were dispatched from Boston to seize colonial munitions stored at Concord. Forewarned, Paul Revere and others spread the alarm and the Redcoats were met by a determined band of Minutemen at Lexington. It was here that the famous "shot heard round the world" was fired. It is not known which side fired the first shot of that battle which marked the opening of outright hostilities and led to open war.

5/ The surrender of British troops under the command of General Charles Cornwallis at Yorktown on October 19, 1781, brought an end to all-out fighting. A few scattered skirmishes continued for over a year. However, complications of negotiation with England delayed the signing of a peace treaty for nearly two years. General George Washington, commander of colonial forces, accepted the British surrender at Yorktown and later presented the captured British flags to the Congress.

*“Stand Your Ground . . .
If They Mean to Have a War,
Let It Begin Here.”*

Capt. John Parker

1/ Capt. John Parker uttered those words as the colonial militia under his command prepared to meet the British troops at Lexington. Those words and the painting—*Spirit of '76*—exemplify the dedication and determination of the American patriots in their fight for independence. The colonies had organized to express their grievances in an effort to resolve the differences within the framework of the Empire. Several of the colonial legislatures had instructed their delegates to the Continental Congress in Philadelphia to oppose any move toward independence. The movement for independence was gaining strength and following the publication of Thomas Paine's *Common Sense*, which argued for colonial sovereignty, a resolution was adopted and a committee of five appointed to draft a declaration of independence. 2/ General Washington, who had been appointed commander-in-chief of American forces by the Second Continental Congress, was a brilliant military strategist. It was his decision to take his Continentals across the Delaware River on Christmas night which resulted in the first major colonial victory. That victory at Trenton over Hessian mercenaries gave the ragged army renewed vigor. Supported chiefly through the printing of Continental currency, the colonial army also went through the personal fortunes of many American patriots—among them Washington, Jefferson, Richard Henry Lee and John Adams. These fortunes were donated to the cause of liberty—a cause supported by about one-third of the American population which was near 2,000,000. Another one-third remained loyal to the English crown and the remainder were apathetic. Despite many defeats, the colonies managed to keep an army in the field as a symbol of American resistance, to guarantee a negotiated rather than dictated peace.

"... Give Me Liberty or Give Me Death!"

Patrick Henry

3/ Following the victory at Yorktown, Washington refused the offer of his troops to become king and returned to Philadelphia to aid with the establishment of a permanent government for the new republic—a loose alliance of sovereign states held together by the Articles of Confederation. An envoy composed of Benjamin Franklin, John Adams and John Jay was sent to negotiate with the British. It was not until 1783 that the peace agreement, known as the Treaty of Paris, was signed, guaranteeing the sovereignty of the United States of America. The Articles of Confederation, despite many weaknesses, served to unify the states until 1787 when a special convention was held at Independence Hall in Philadelphia to revise them. The meeting was attended by fifty-five of the most-prominent men of the day. Twenty-nine of the delegates representing a majority of the states met on May 25 and decided to draft an entirely new constitution rather than amend the Articles of Confederation. The meeting then became known as the Constitutional Convention.

4/ The men who assembled for the Constitutional Convention were an illustrious group with nearly every delegate a person of prominence in his home state. A large majority favored a strong central government. After four months of debate, on September 17, 1787, the new constitution was completed. In a little more than four months, six states had ratified the new constitution. Despite the good beginning, the fight for ratification was bitter and it was not until September 13, 1788, that the necessary two-thirds majority of the states had approved the document and Congress could call for states to choose their electors and congressmen. Several of the states had ratified the constitution with the provision that it would be amended. Thus, as one of its first official acts under the new constitution, the Congress added the first ten amendments known as the Bill of Rights. Washington was unanimously elected President and a new nation was launched on a course of democracy.

A CLOSING

As I lay here trying to tie up all the loose ends, I wonder if the PHOENIX 76 will be worth it all. Through all the numerous frustrations, setbacks, deadlines made and missed, the final success will be dependent upon acceptance or rejection by the students of Embry-Riddle. There were numerous times that I thought the PHOENIX 76 would never make it this far. However, through the dedication of a few, the PHOENIX 76 was able to be completed.

Many mistakes have been made, and we have made our share, however, I sincerely hope that the next yearbook will be able to benefit from our mistakes, in order to compile a more successful yearbook.

My sincere appreciation goes to Thom Blas, the advisor of the PHOENIX 76 for both his advice and his priceless help in the final stages of putting the yearbook together. Without his help the yearbook may have never been finished. I would also like to thank all those who cooperated with me fully, for without them, the yearbook might not have gotten off the ground.
