". . . So I turned to aviation. My friends laughed. I wept a little when the first five Wacos Paul Riddle and I had contracted to sell, sat silently in the hangar and stared at us. I began to think maybe my friends were right. But now, these same friends drive up to the entrance to the airport and sit in their cars and watch the planes go round and round. They're afraid to come in, because they know good and well I'll point out a few things to them and laugh at them the way they used to laugh at me."

Embry Higbee
ERUA Sky Traffic
1928

os

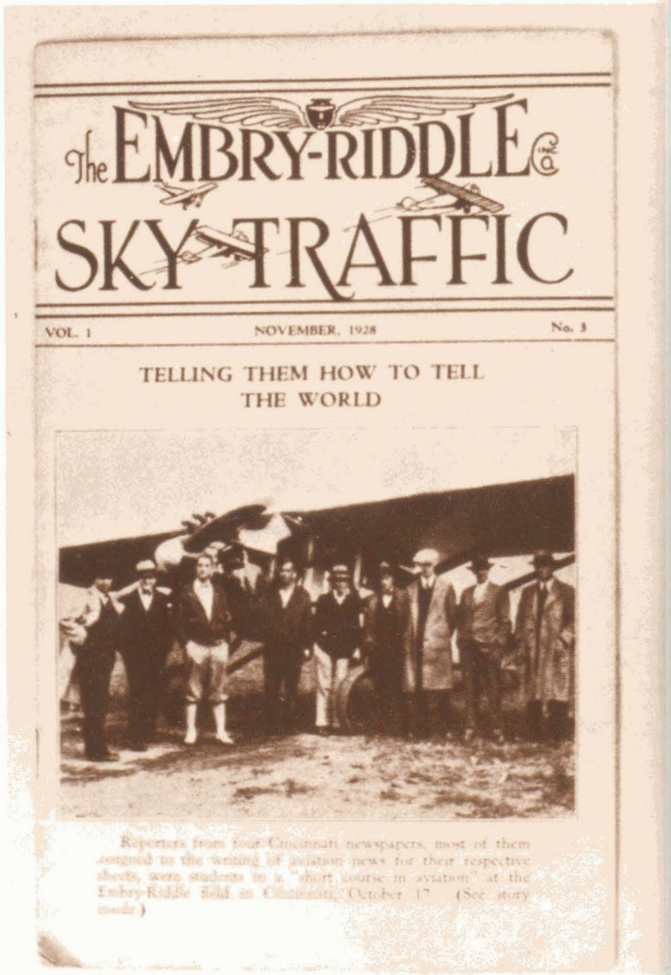
to

"To the best of my recollection, this was the first airplane that I flew, a Morane Parasol. A single seater — first you learned to taxi — then you learned to take short straight hops — and eventually you assayed to tour the field. The one thing I remember from my French instructor was, 'Handle the stick gently like it was your sweetheart.' "

Gill Robb Wilson



The EMBRY-RIDDLE
SKY TRAFFIC

VOL. 1 NOVEMBER, 1928 No. 3

TELLING THEM HOW TO TELL THE WORLD

Reporters from four Cincinnati newspapers, most of them assigned to the writing of aviation news for their respective sheets, were students in a "short course in aviation" at the Embry-Riddle field in Cincinnati October 17. (See story inside.)

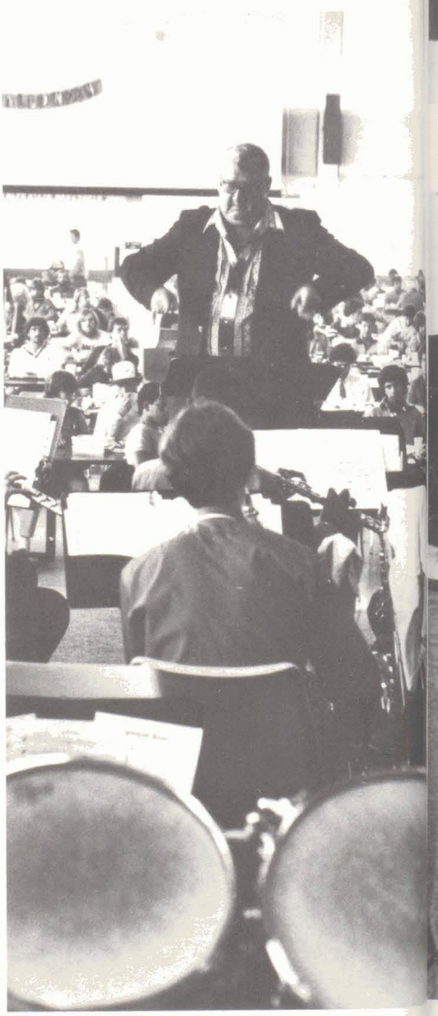
ENTERTAINMENT

Maybe music can help them digest that cafeteria food, or else at least take their mind off it!



DAYTONA BEACH COMMUNITY COLLEGE BAND

Daytona Beach Community College concert and jazz band graced the halls of Embry Riddle with a free concert. Students at Embry Riddle have been given the opportunity to play with the DBCC band, and many of our students do so.

PLAYFAIR

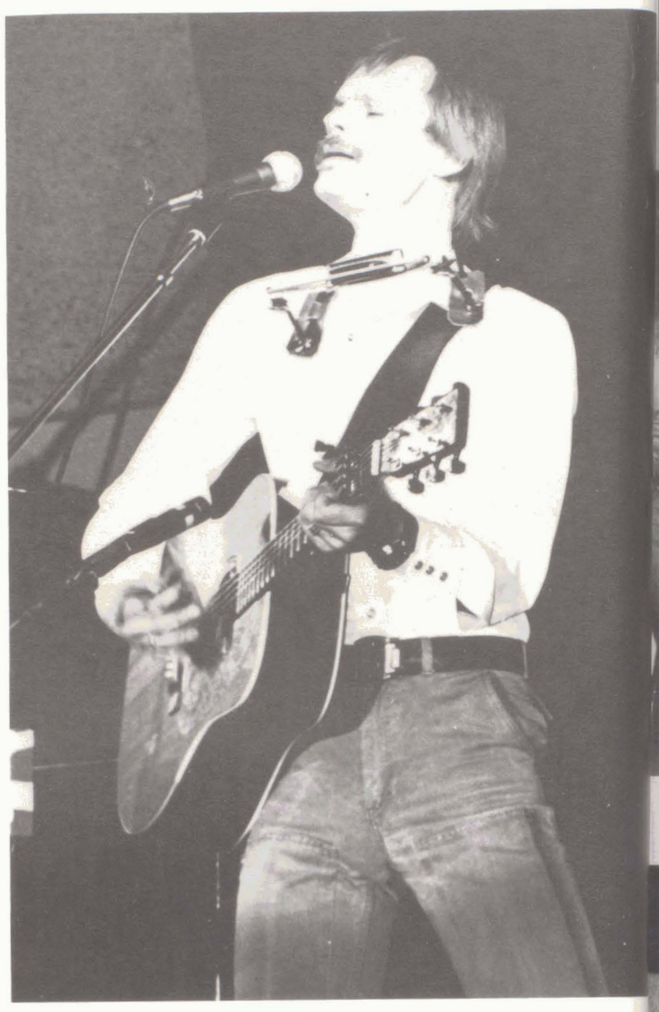
A new concept in entertainment, Playfair relies totally on audience participation for its success. Playfair enabled the new students to get to know one another through various games. Playfair succeeded in its goal to have students make friends, feel more at ease away from home and to have a good time.

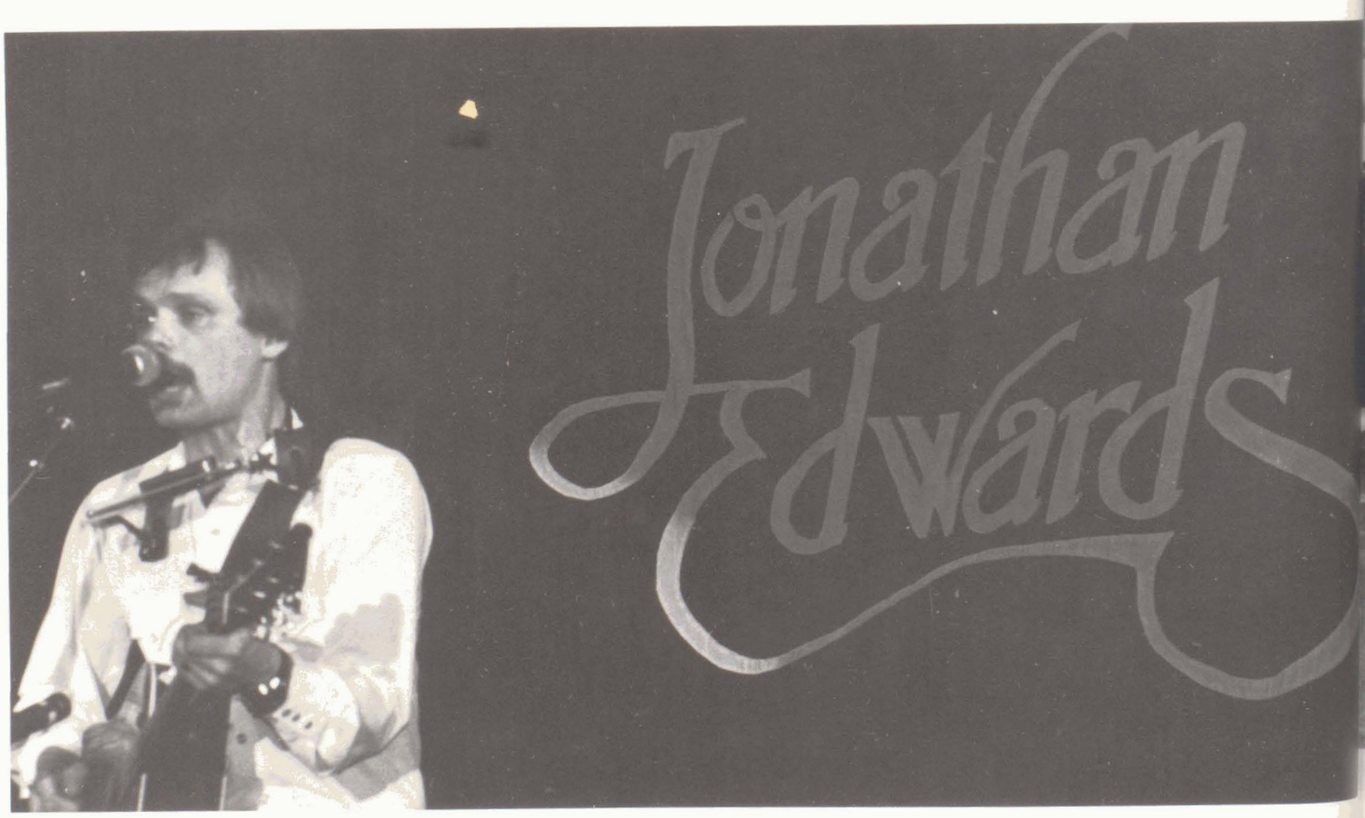
Playfair host Biaja Teal leads students in cheer.

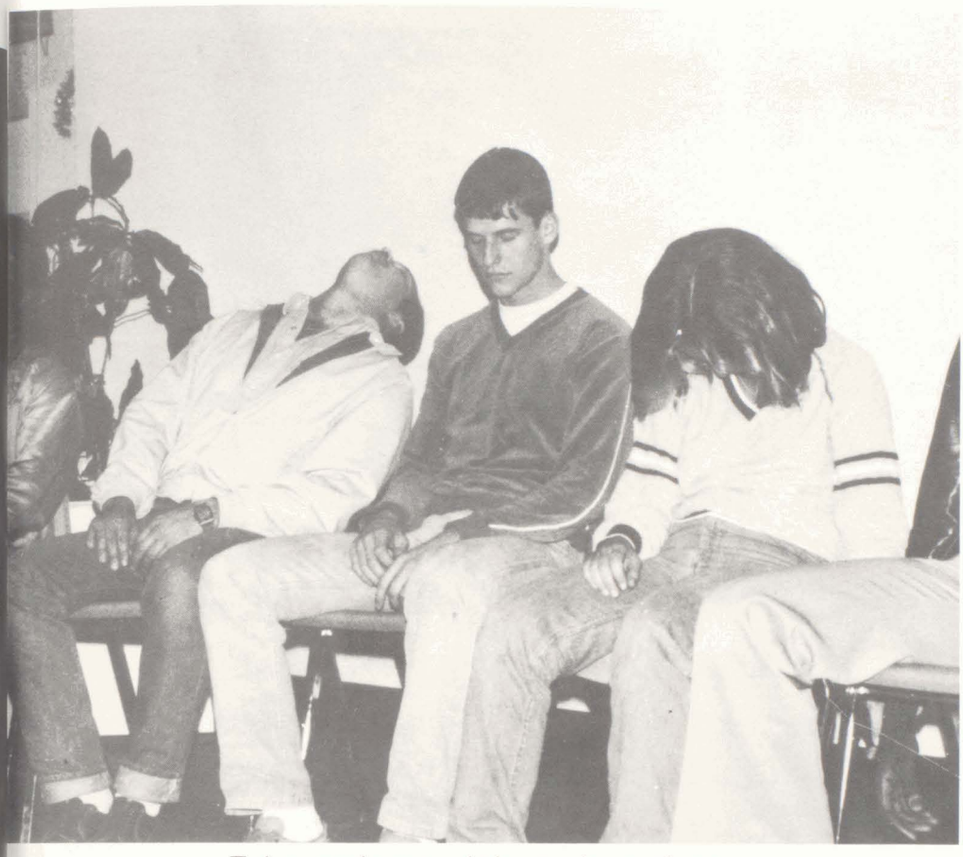
Students were the stars of this show, and many of them turned out to be very big hams.

A NIGHT WITH JONATHAN EDWARDS

"The Concert started with excellent piano playing and witty humor of Kenny White, Jons accompaniest. By the time Jonathan Edwards came on the crowd was in an uproar. Jonathan played many songs from his upcoming album as well as a few of his earlier hits.







Take sominex and sleep, sleep, sleep.

"If I left now these students would spend the whole trimester sleeping up here."

GIL EAGLES

On February fourth many skeptics on the phenomenon of mental telepathy were made into believers. This act was accomplished through the talents of Gil Eagles. The first part of the show consisted of feats of mental telepathy. At one point in the show, while fully blindfolded, Mr. Eagles was able to accurately repeat a license number from across the room. For the second half of the show Mr. Eagles hypnotized a number of volunteering students for the entertainment of the rest of the audience. The hypnotized students were made to create a number of very hilarious scenes. Mr. Eagles ended the show with some very good words of wisdom, and a hope for the future.

No, the Datsun is not part of the raft.

Can you

RIDDLE REGATTA

Boy, if they won't let us wear our tuxedos we'll show them by wearing our top hats. Some of us have class!

Right: Battle stations were under attack at ramming speed.

believe this starting line!?@?

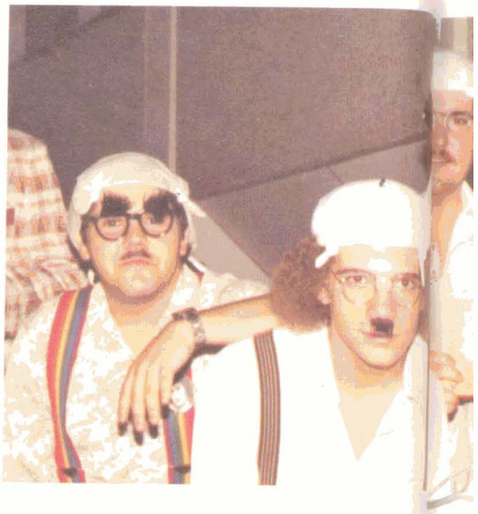
The Riddle Regatta, an inner tube race down the Halifax river, was first initiated in 1972 by the Vets club. Since its initiation it has grown from a small campus activity to a giant community affair. The Eighth Annual Regatta boasted 70 entries. Hundreds of people came out to watch, laugh, and have a good time. The proceeds of the Regatta go to a worthy community charity.

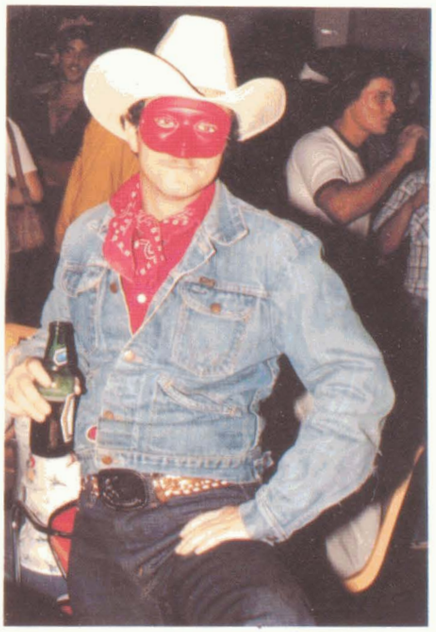
They're off and running. It's the finish line or bust!

Below: "Well Niels, according to the list, we should still be on the river."

A Regatta casualty.

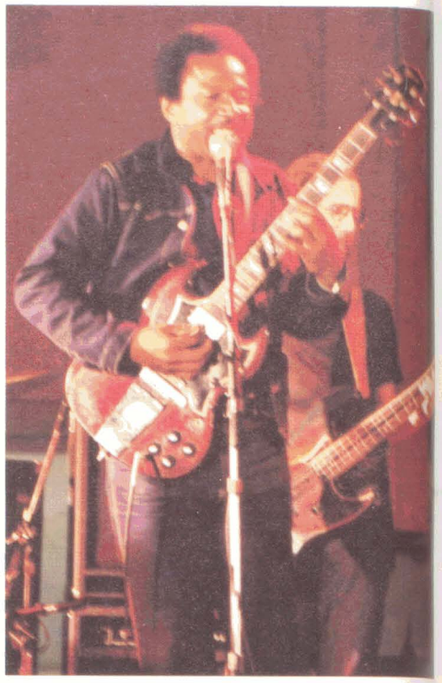
HALLOWEEN WITH RAMBO STREET STATION





October 31st marked the traditional night of Halloween at Embry-Riddle. Hundreds of people packed the University Center in a multitude of costumes and disguises. Students danced and partied to the music of Rambo Street Station. The night was marked by pranks, jokes, and games.

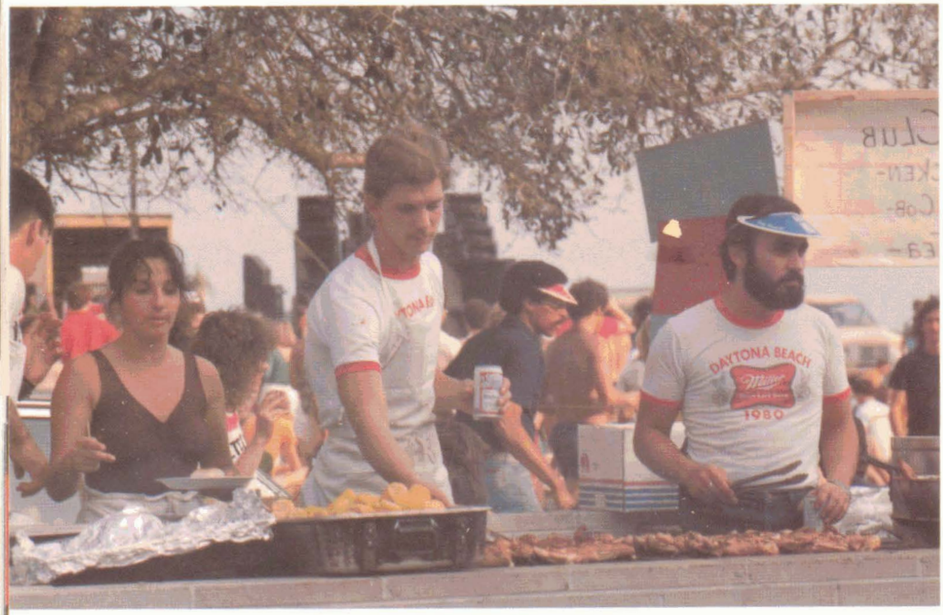
CONCERTS AT EMBRY-RIDDLE



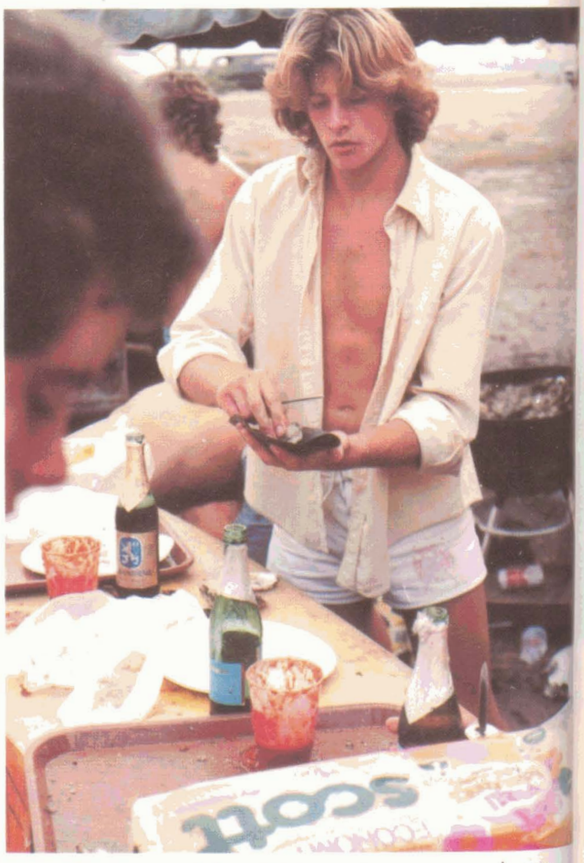
The most memorable part of the 1980-81 school year at Embry Riddle were the many concerts presented by the entertainment committee. Every taste in music was covered by one concert or another. The music varied from the mellow sounds of Jonathan Edwards to the rock of Robbin Thompson. More students turned out to see the concerts this year than any other year. The energy was so great that many of the groups came out for two or three encores. This year was proof that the concerts at E-RAU are improving and that entertainment is getting better all the time.

SPRING FLING ENTHUSES CROWD

The Dregs finished the night off with their southern rock jamming.



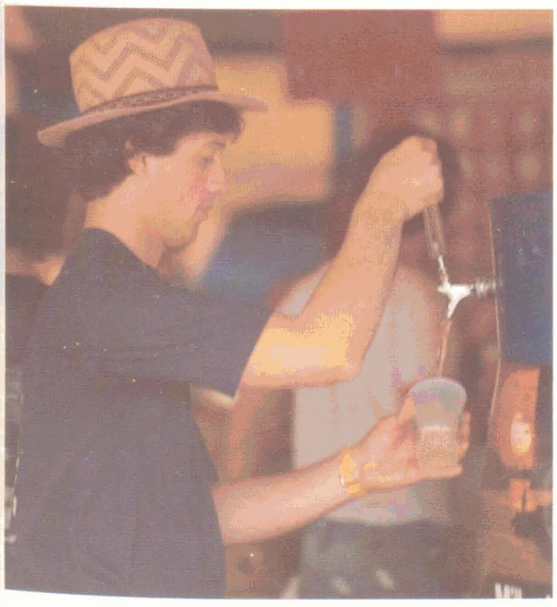
Barbecued chicken a la Miller.



There must be an opening somewhere

"Not only am I a good acrobat but I can also sing and play the accordian, now are there any requests?"

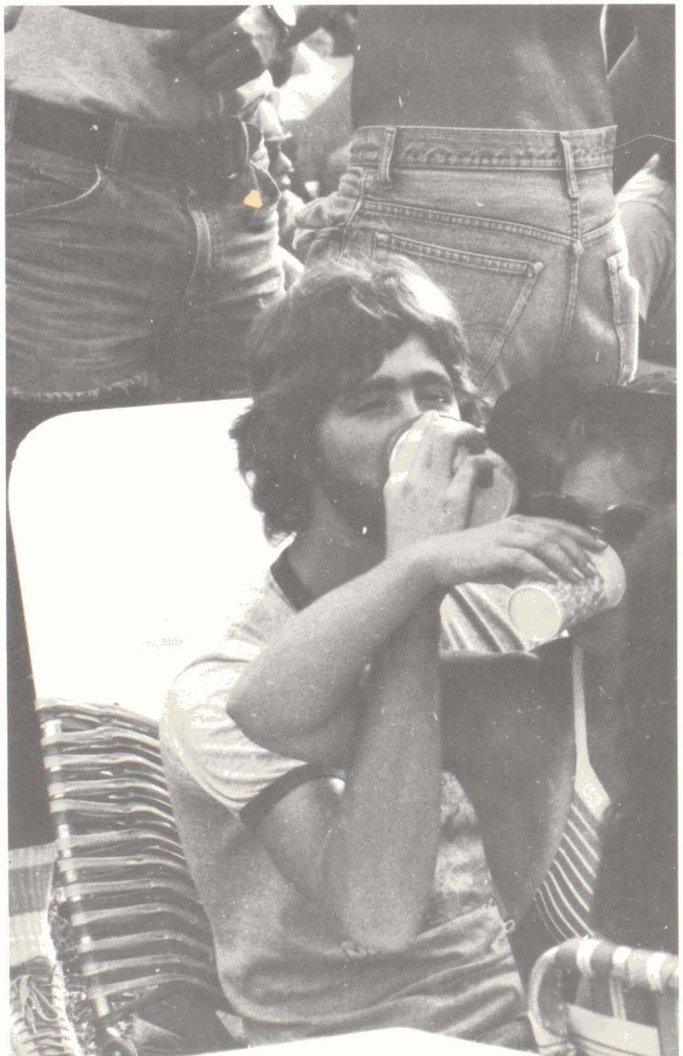
"I feel it is quite illogical for any sane teacher to actually volunteer for this booth, I was drafted."



Spring Fling marked two occasions, the first being the beginning of Spring and the second the end of the trimester. Spring Fling descended on Riddle with three bands, a comedy and acrobatic act, and a tent full of food and games. The Pryme Tyme band opened the show, followed by Mark Hodgson and the Rootie Tootie band. There was a short intermission, then Loco Motion Vaudville entertained the audience with their jokes, skits, and acrobatic skills. At eight the main attraction came on "Dixie Dregs". Anyone who came to the Spring Fling had the time of their life.

Oktoberfest! All Day Picnic and Party

A toast to the band!



ABOVE: Lonnie Brooks, master bluesman cranks out another song.

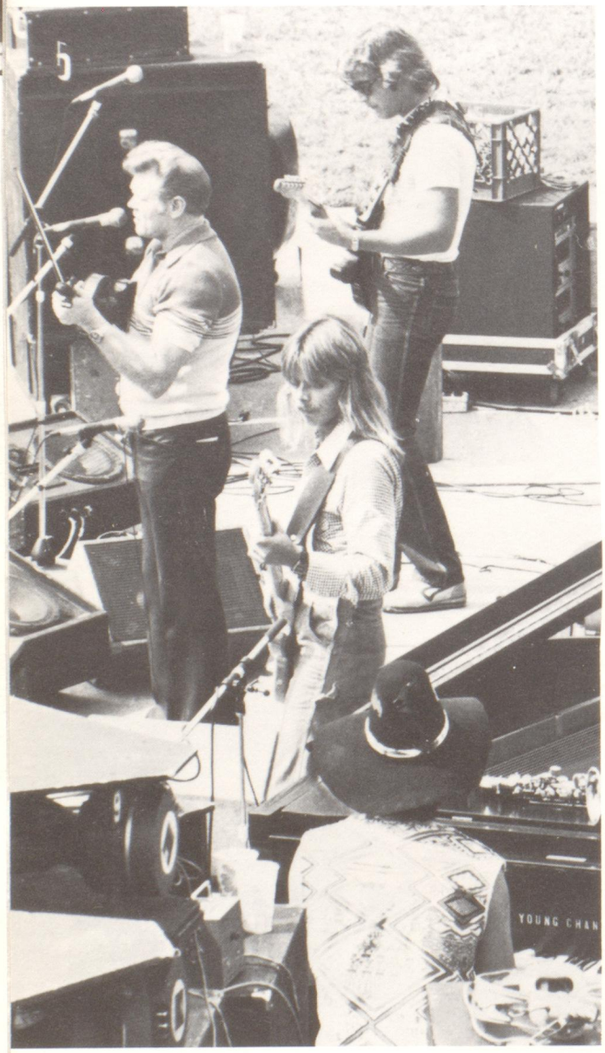
Students at Embry Riddle are always looking for reasons to drink and party, and what better reason to use than Oktoberfest. Oktoberfest, the traditional German festival of the harvest was celebrated here (in Oct!) with two bands. The first band, the Hungry Five, played German polkas and festival songs. The second band was the Lonnie Brooks band. Lonnie began at dusk and played some excellent blues and rock, long into the night.

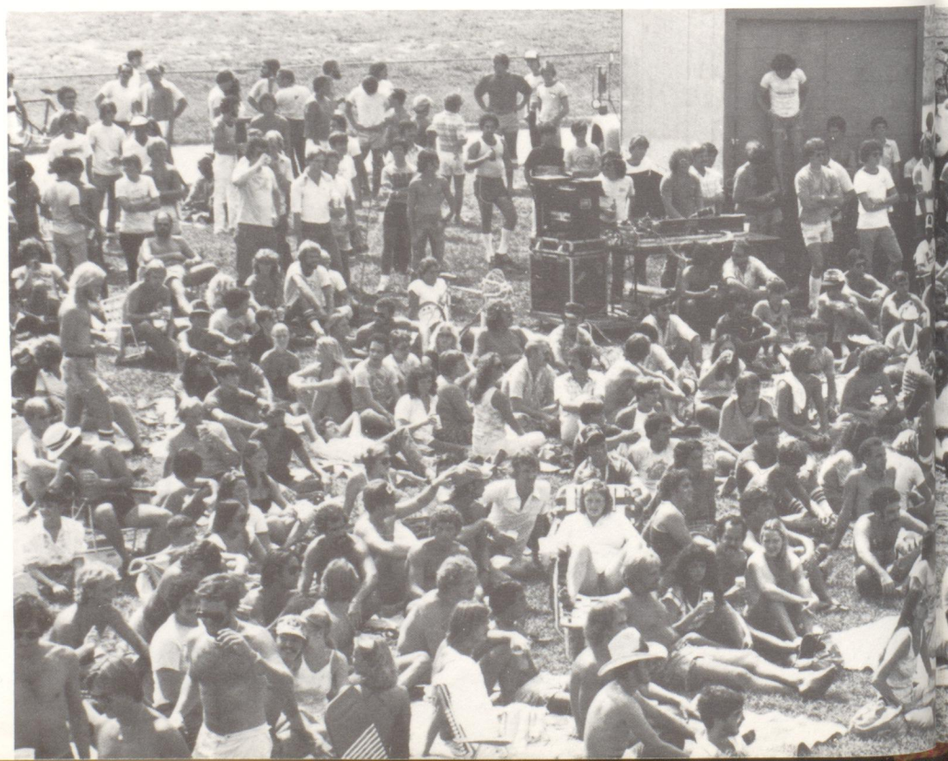
THE SNOOKS AND GRINDER SWITCH

The Snooks and Grinder-switch played to a Riddle audience that was loaded with sheer energy. People were dan ing all about, and at one point abandoned all of their seats to get closer to the stage. There was more than a party a mosphere at the concert. There seemed to be a sense of unity that all present shared, if you will. The highlight of th night came when the parachute club made an almost perfect landing in the adjoining field. The bands picked up on th moods of the crowds and really started jamming. The concert ended after three encores.

In a sensational concert the Robbin Thompson Band treated the E-RAU audience to the music that is making the group famous. The concert was well thought out, with sequences of rock, ballads, and blues. Robbin Thompson use to tour with Bruce Springsteen, but since that time has created a style all his own. Songs were played from music off his old album and from new material from his then upcoming album. Robbin Thompson put on a concert to remember.

FALL CONCERTS ROCK U.C.





Six
ing

Sixty three years young, Papa John appeared to be in his prime, dancing around the stage and delighting the audience.

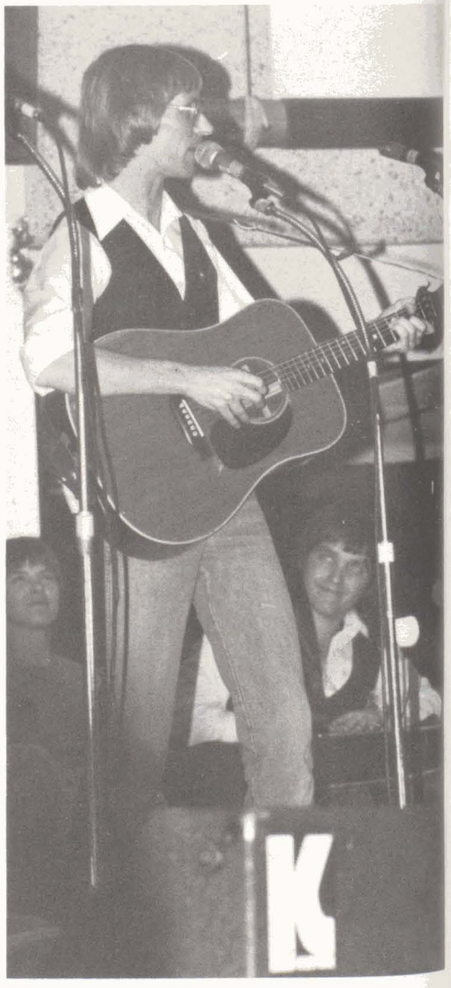
Vassar Clements, a master at bluegrass.

September 28 was a big day on the entertainment calender. It marked the kick off of the first major concert of the new trimester, and the first time Papa John Creach entertained E-RAU. Papa John Creach played music based on Rock and Roll with elements of blues, jazz, and country blended in, reflecting their Southern California base and Johns time with Jefferson Starship. The show also stared the Vassar Clements band, a band based in Nashville, Tennessee. The Clements band played lots of bluegrass with country and jazz blended in.

Wanted by barbers in eight states.

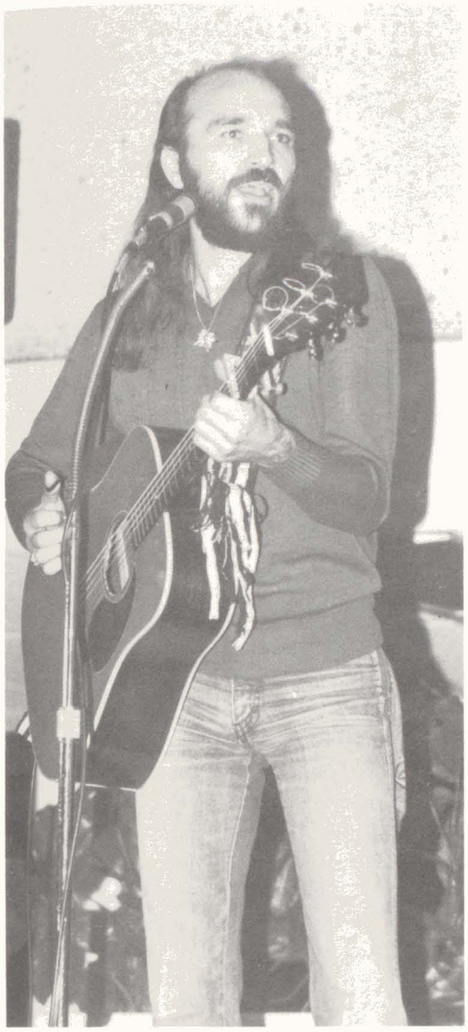
This ain't no disco . . .

The Pickin Party was a unique experience whereas eight solo performers joined together for two nights of unparalleled music. The night was heightened by the spontaneous playing and singing by all the performers. There was no set outline or arrangements for the performers to follow, only the requests of the audience, and the whims of the musicians.

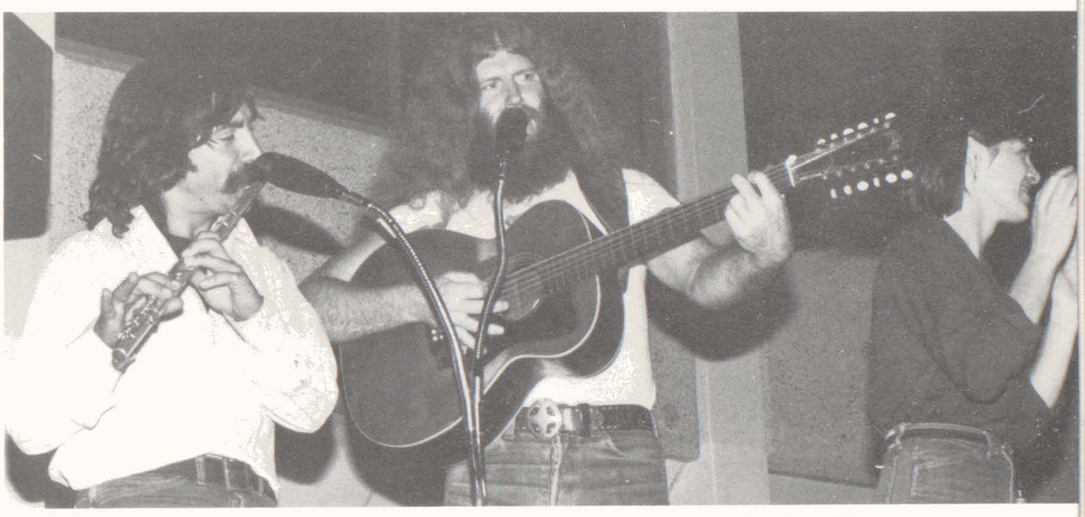


PICKIN' PARTY A SMASH HIT

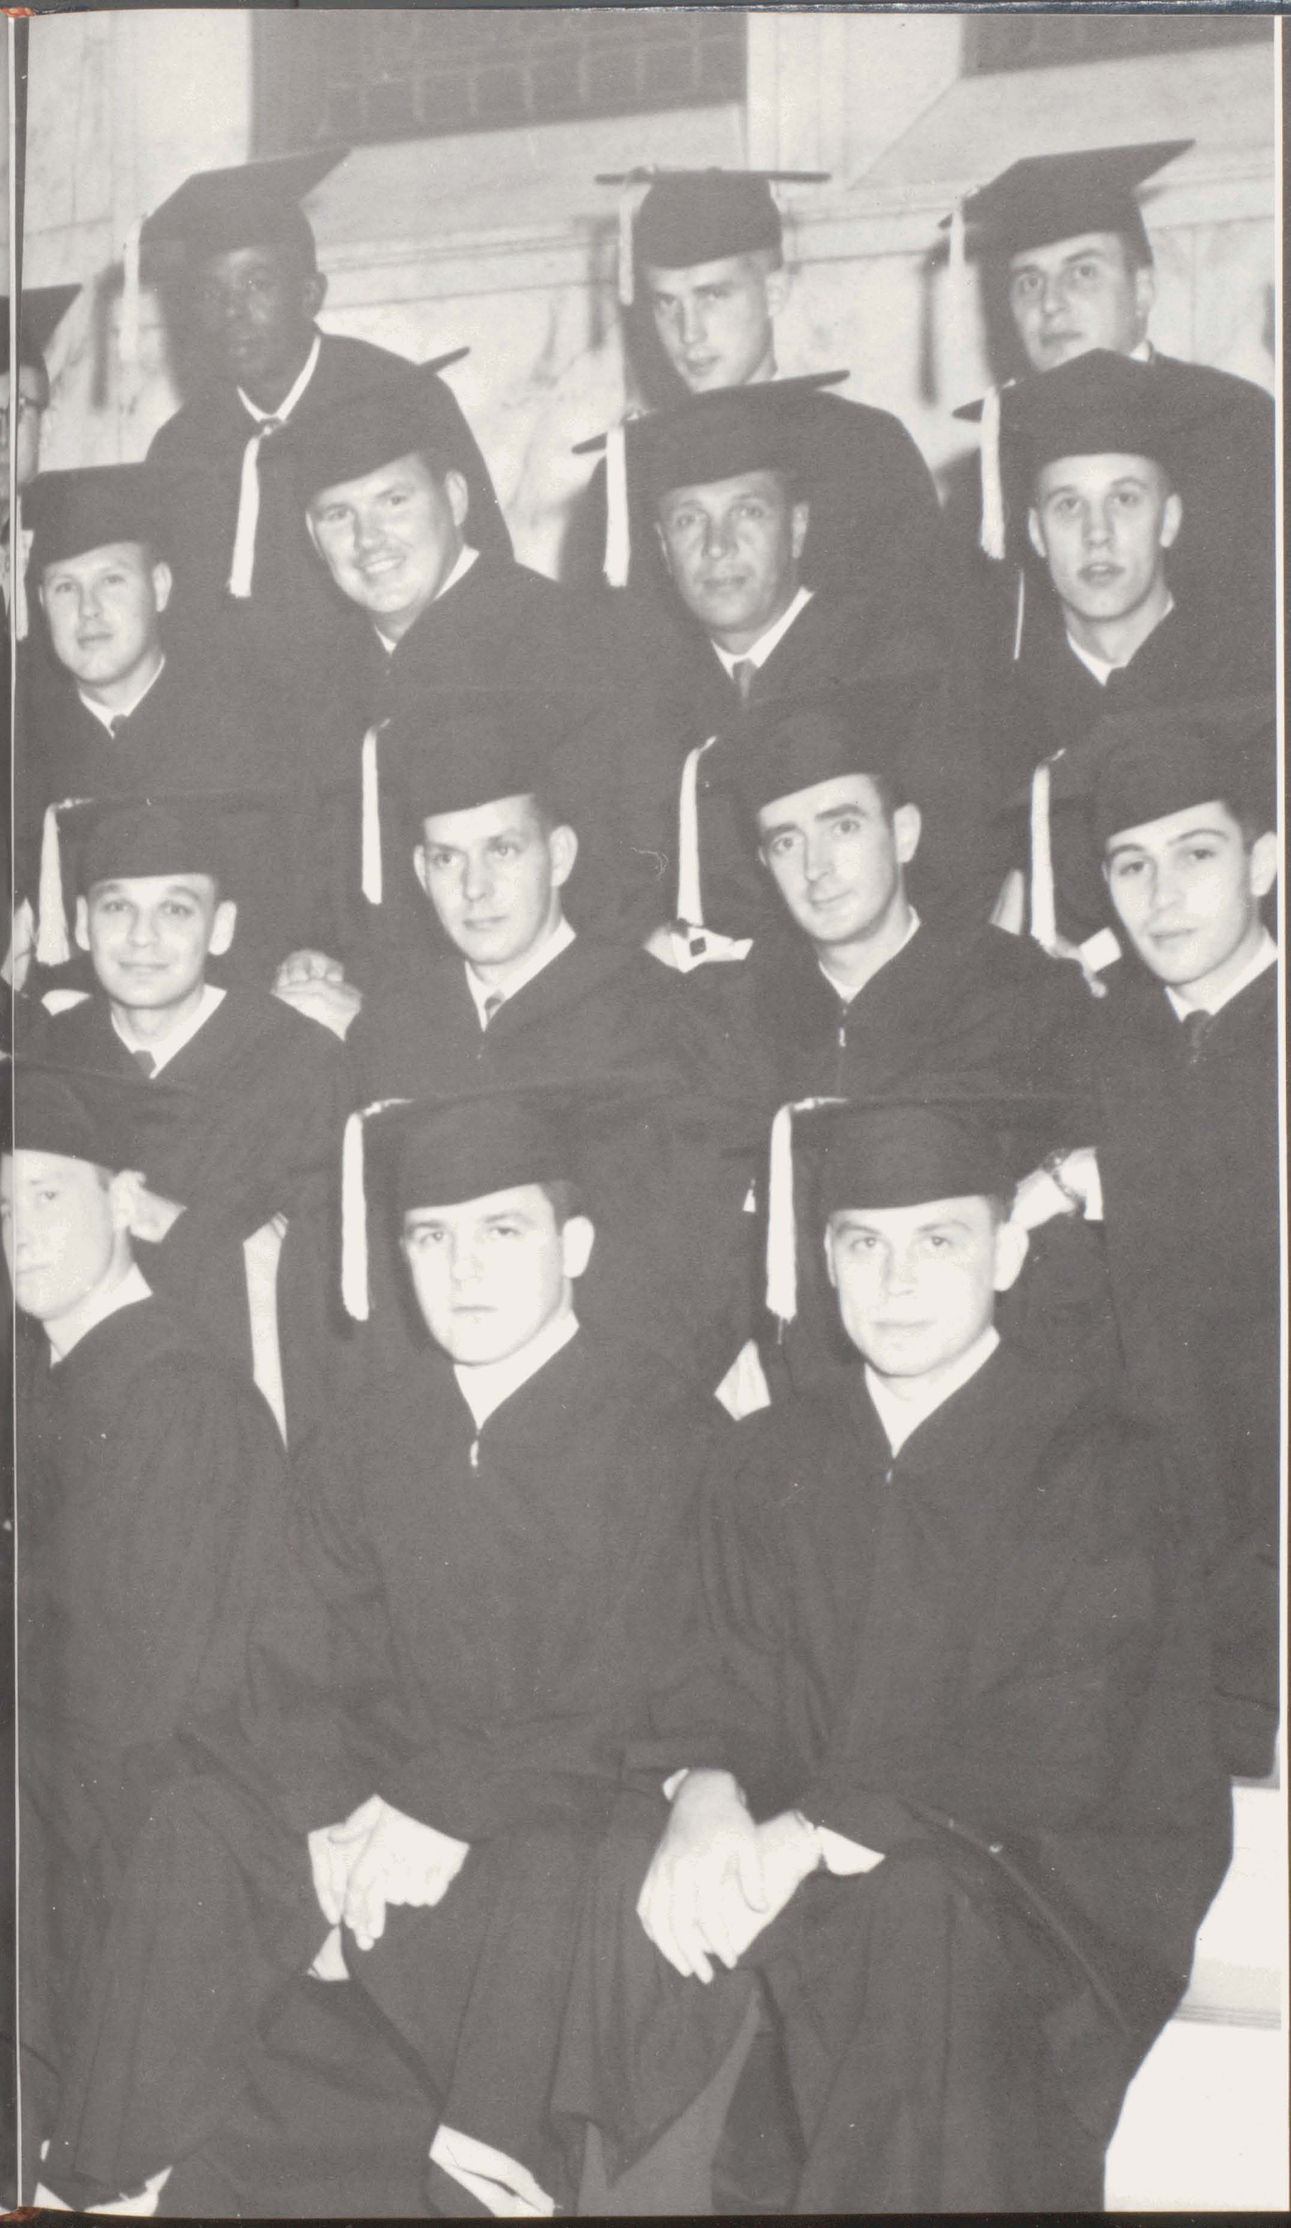
Artists: Barry Drake, Jamie DeFrates, Jon Ims, Nina Settimi, Mike Williams, Tim Settimi, Allen Ross, Larry Mangum.



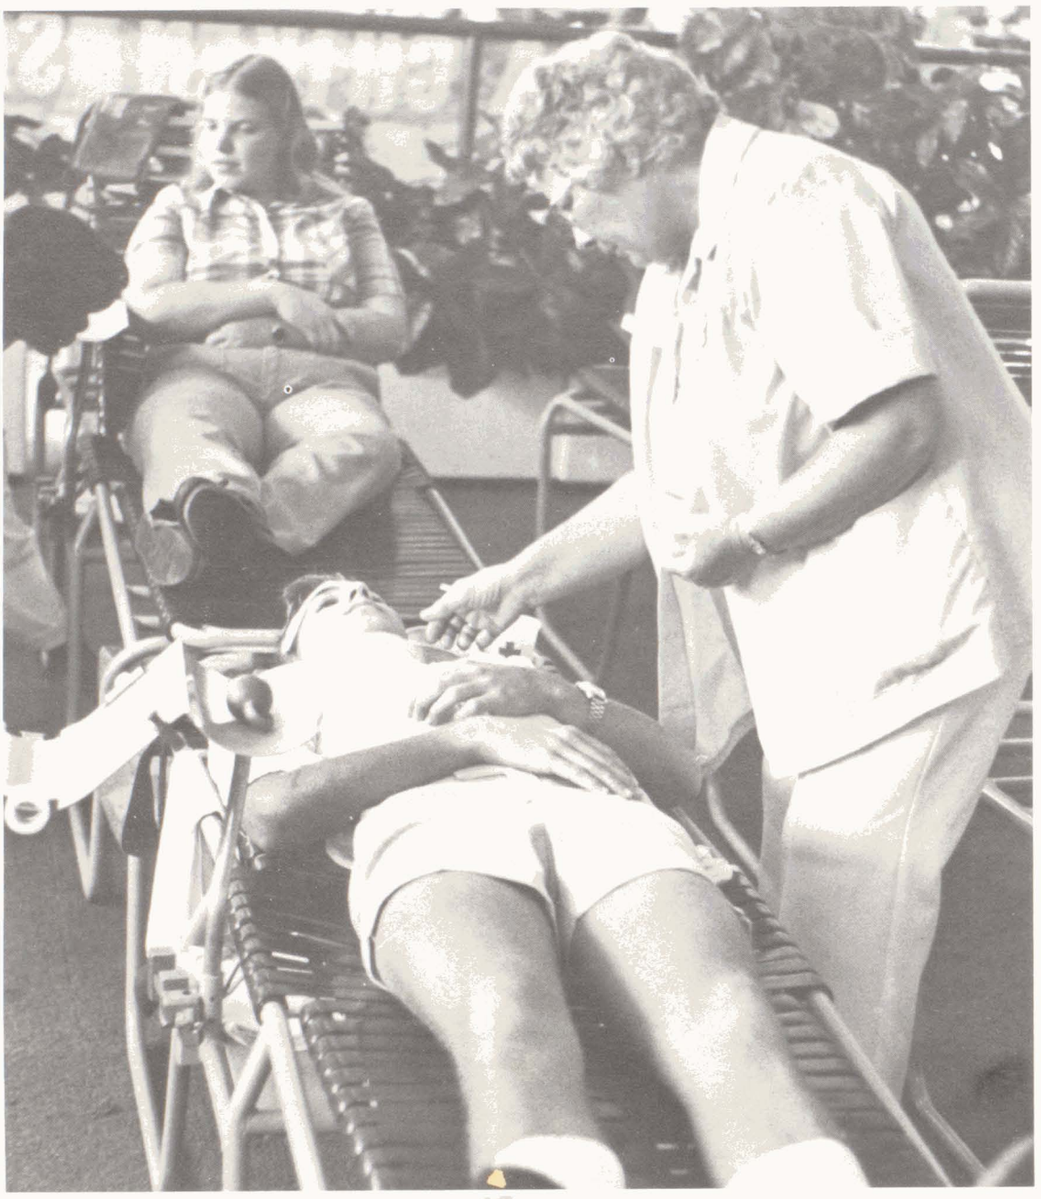
"Hey Embry-Riddle any requests?"



Members harmonize playing to the tune of "Amy"



SENIORS



. . . But all I did was eat a bowl of U.C. chili.

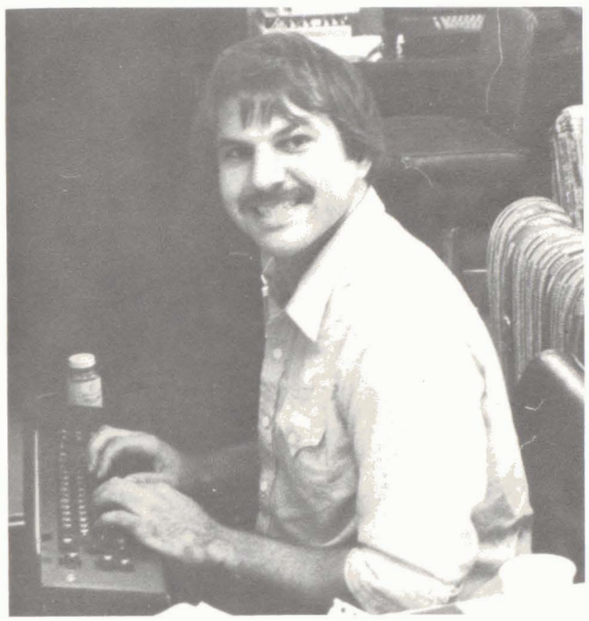
Knit one, pearl two or was that knit two pearl one?

WHAT YOU ARDENTLY DESIRE
SINCERELY BELIEVE IN
VIVIDLY IMAGINE
ENTHUSIASTICALLY ACT ON
MUST
INEVITABLY
COME TO PASS.

FINALS WEEK

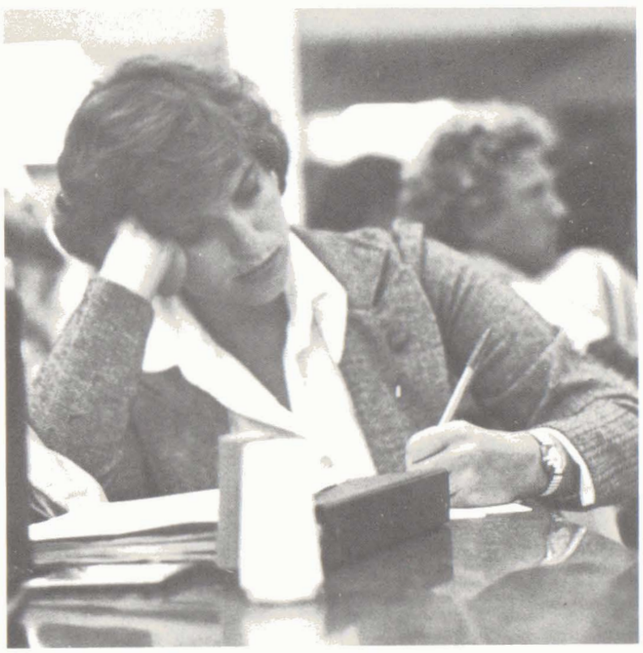
cramming, coffee, No-Doz and no sleep



What do you mean I have to double space?

Benjamin Franklin once wrote that two things in life were inevitable; death and taxes. Well, we'd like to add one more to that list, college finals.

Your parents and your conscience always tell you that in a whole trimester you have plenty of time in which to research your papers, study for quizzes and review class notes. But as the weeks wear on, all this common and practical advice has a tendency to be replaced with, 'Why do today what doesn't have to be turned in for six weeks?'



Cathy Babis in one of her more energetic moments of studying.

LEFT: A quick last minute review before the big test in AS100.

Congratulations

Welcome to THE REAL WORLD!

Later, today, when you toss that mortar board you are wearing into the air and shout "Hooray" you will be taking a giant step forward — for you and, perhaps, for mankind. You will be leaving the artificiality of the classroom to venture into the reality of the FREE ENTERPRISE SYSTEM. At that moment you will inherit a short range goal and a long range goal. The first goal is to SURVIVE; the other goal is to SUCCEED.

Hopefully, the financial tide will soon ebb. Instead of shelling out more than you take in, your income will begin to exceed your expenses. Your struggle for survival will begin. There will be new bills in addition to your old ones. You will probably still have to make sacrifices, but you can truly begin to work toward your second goal while you are succeeding at surviving.

Right now it's no consolation to you — but, you are not the first one to be confronted with the challenge you face beginning today. We have all been there. We have felt the same exhilaration of freedom followed by the panicky feeling of "what now?" and the concomitant fear of wondering if you are really ready for the big test? SURVIVE AND SUCCEED. The bottom line is that today you know what you're getting away from — but, do you really know what you are getting into?

How you handle the big test won't show up in your Grade Point Average; you won't be getting mid term grade, but you will be getting "indicators." Those of you who have been actively involved in extra-curricular activities already have begun to learn to read and benefit from "indicators." Were you able to sell you plan to others? Was your plan a success or failure? Did you learn how you could develop a better plan next time — or how to sell it better?

You see, from now on, you are going to be grading yourself. Your loved ones and your friends may help you — but, your final grade won't be coming from the teacher. It won't be posted on a report card. The only one who will really know whether or not you are getting a passing grade will be you. Whatever you do, be honest with yourself in your self evaluation. If you are failing — admit it!

As you begin any new endeavor, plan to succeed, but be prepared to fail. Evaluate the "downside risk." What is the worst thing that can happen? Are you ready and able to cope with the worst that could happen? And most important of all, are you capable of learning from failure? You probably won't get an opportunity to take the course over if you fail, but you surely better be prepared to learn why you failed, to learn from what went wrong and determine to do better next time out.

There are two things which I consider important that I would like to share with you. Both are by unknown authors.

The first was brought to my attention by Dr. Joseph Golstein, and reads as follows:

"It is my right to be uncommon — if I can. Seek opportunity — not security. I do not wish to be a kept citizen, humbled and dulled by having the State look after me. I want to take a calculated risk to dream and to build, to fail and to succeed. I prefer the challenges of life to the guaranteed existence. The thrill of fulfillment to the look of Utopia. I will not trade freedom for benefits nor my dignity for a handout. I will never cower before any master nor bend to any threat. It is my inheritance to stand erect, proud and unafraid, to think and act for myself, enjoy the benefits of my creation and to face the world boldly and say — this I have done!"

The second, entitled, "The Man In The Glass," was included in a speech by Dr. Frank Gard Jameson:

"When you get what you want in your struggle for self,
and the world makes you king for a day,
Just go to a mirror and look at yourself,
and see what that man has to day.
For it isn't your father, or mother, or wife,
whose judgment upon you must pass,
The fellow whose verdict counts most in your life,
is the one staring back from the glass.
You may be like Jack Horner and chisel a plum,
and think you're a wonderful guy.
But, the man in the glass says you're only a bum,
if you can't look him straight in the eye.
He's the fellow to please — never mind the rest,
for he's with you clear up to the end.
And you're passed your most dangerous, difficult test,
if the man in the glass, is your friend.
You may fool the whole world down the pathway of years,
and get pats on the back as you pass,
But your final reward will be heartaches and tears,
if you've cheated the man in the glass."

You'll get plenty of advice, but your future, in the real world, is up to you.

Have confidence in yourself, faith in the future and hang in there! Remember your goal SURVIVE AND SUCCEED.

Thank you,
Jack R. Hunt
President

The Riddle Regatta . . . a time when water wings and faint hearts should stay on shore. When winning means ramming speed into rubberized opponents and swift currents dare the strong to stretch the limits and eliminate the weak and lay-back canoeist. The Riddle Regatta, the challenge of the season, the reward of a lifetime, held every fall by the Veterans Club, on the Halifax River.

After all the struggle, the beach makes the time pass pleasantly.

"Waitress, two beers please"

Mail Box Plunder, reward . . . a letter from home.

Kim Scribner, E-RAU friend and noted author, autographs one of his newest flight books for an aviation-oriented student.

Who's Who Among Students in American Universities and Colleges

The 1981 edition of WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES will carry the names of 38 students from Embry-Riddle Aeronautical University, who have been selected as being among the country's most outstanding campus leaders.

Campus nominating committees and editors of the annual directory have included the names of these students based on their academic achievement, service to the community, leadership in extracurricular activites and future potential.

They join an elite group of students selected from more than 1,300 institutions of higher learning in all 50 states, the District of Columbia and several foreign nations.

Outstanding students have been honored in the annual directory since it was first published in 1934.

Congratulations to all 38 Embry-Riddle students who received this honor for 1981.

Jeff Barrow edits copy in the Avion office.

RANDY STEVEN ALEXANDER

President, Management Club (From June 1979 to Fall 1980)
Member, Student-Faculty Conduct Committee
Chairman, Bicycle Path Committee (in Conjunction with the Management Club)

Received 2 — $500 Scholarships for '79 and '80
International Air Cadet Exchange Participant to Great Britain — 1977
Aerospace Education Center
Intramural Volleyball, Football, Softball

Colleges

Congratulations go out to all the students nominated and selected for this year's Who's Who Among Students in American Universities and Colleges. Their special interest and enthusiasm for Embry-Riddle Aeronautical University, the community and for their own lives, presents a fine example for others to follow. Through effective study habits, a zest for living, and a need for involvement, many of you could be nominated for this award. It's a wonderful award to receive and worth the effort.

So, get involved with your University and the rewards will come. Good luck.

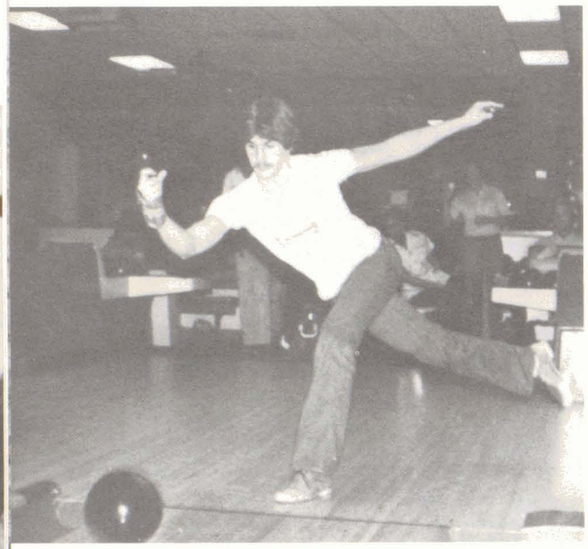
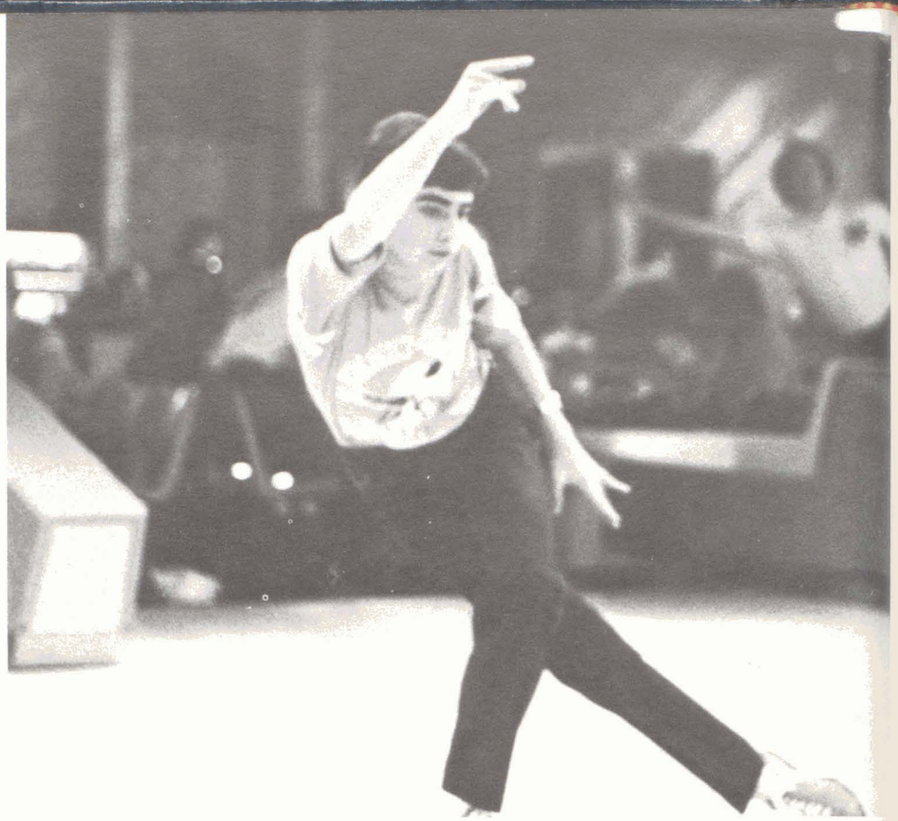
CLUBS AND ORGANIZATIONS

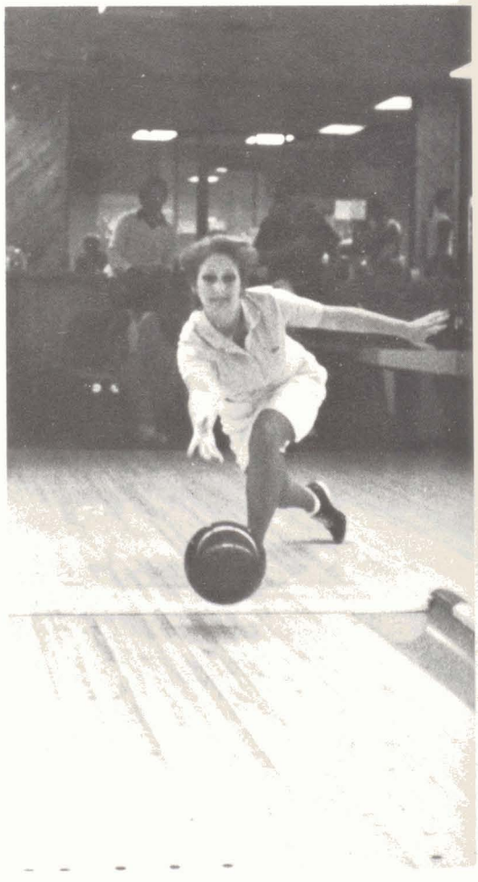


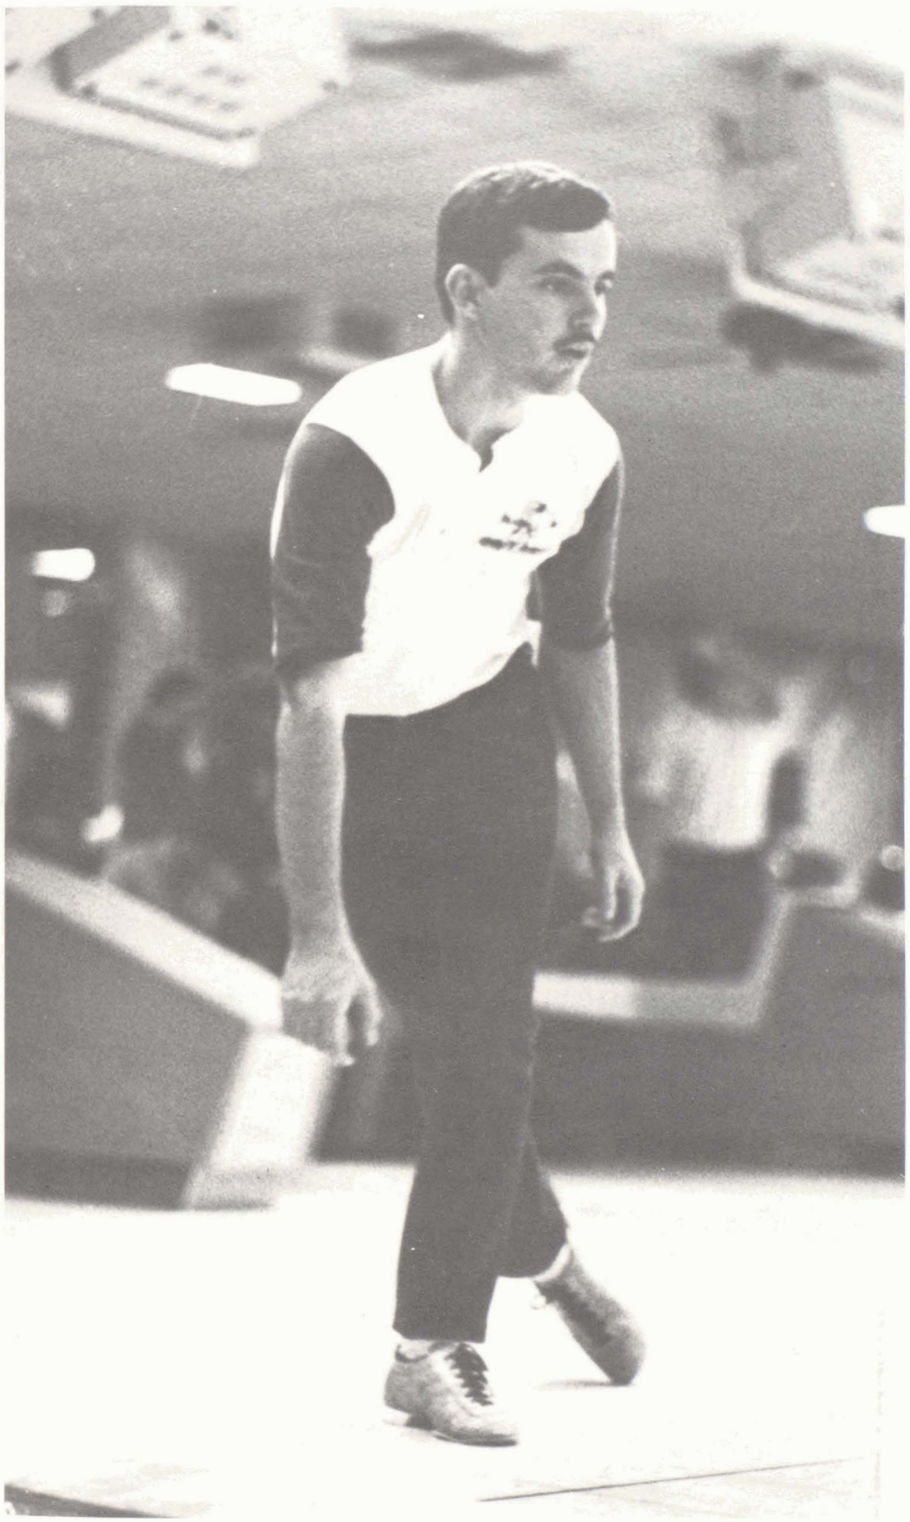


E-RAU BOWLING LEAGUE

President — Robert Junge
Vice President — Laurie Ranfos
Secretary — George Kayati
Treasurer — Mamye Rogers
Faculty Advisor — Dr. Thomas Connolly

The E-RAU Bowling League is composed of Embry-Riddle students, staff, faculty and friends. They bowl one night a week at a local bowling lane. Each person who bowls will be sanctioned by the American Bowling Congress (for the men) or the Women's International Bowling Congress. Sanctions are valid until the following September.





E-RAU Bowling League Officers: George Kayati, Bob Junge. Standing: Mamye Rogers and Laurie Ranfos.

BROTHERS OF THE WIND

The Brothers of the Wind (B.O.W.) is an organization composed of the minority students of the Embry-Riddle campus. This organization is open to all who wish to join.

The purpose of the organization is to aid each individual member in his/her class studies, enjoyment of the area social activities, and we try to bridge the gap between degree and job. We also try to promote aviation awareness in the immediate community, neighboring schools and colleges and within ourselves.

Officers:
President: Clinton E. Weekes
Vice Presidnet: Leslie Mozon
Secretary: Monique Strentig
Treasurer: Jeffrey Hendricks
Faculty Advisor: Dr. Elizabeth Nelson

Left: Clinton Weekes resides as BOW president.

Brothers of the Wind has been a most competitive team these last few years. Having won honors in football and baseball, in intramural competition during the last two — three years, their excellence on the playing field and during their many cultural and civic oriented programs makes BOW a vital club on campus.

THE MANAGEMENT CLUB

The Management Club is a student organized and operated club designed to help further the education of its members through its unique program offered. This club is symbolic of professionalism instilled in the members through various educational activities.

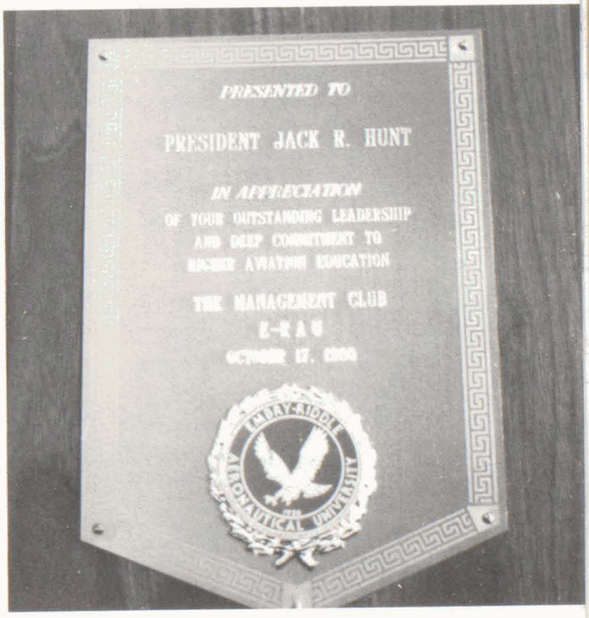
Once a month the member invites a highly recognized representative of the aviation industry to the dinner/business meeting in order to provide an insight to their industry and employment opportunities. The club has been most successful in bridging the gap between industry and the university.

Active participation of its members in special projects involving the university and the community has elevated the club to prominence in the eyes of its peers and of the administration at Embry-Riddle.

The Management Club, as it has in the past, and as it will in the future is to further the fine reputation of Embry-Riddle Aeronautical University and that of its cause — to promote higher aviation education.

MEMBERSHIP: Randy Alexander, Rick Arndt, Chip Asmoro, Cathy Babis, Javier Bell, Roger Bloedel, Carlos Bobcock, Terry Buford, Robert Casper, Marisa Coccia, David Cole, Wayde Conover, Todd Dawkins, Debbie DiGirolamo, Randy DiGirolamo, Oscar Disouza, Gwen Falcone, Pedro Febles, Douglas Eckard, Scott Fisher, Brian Fitzgerald, Brian Friedrich, Dave Gordon, Hellen Hadix, Gwen Holkeboer, Cheri Hutson, Kevin Isenegger, Candy Jaworski, Douglas Johnson, Jeffrey Kavulich, Dave Kettlehut, Edwin King, Ben Kravljev, Alan Lindenmoyer, Delia Lutin, Brian Madgett, Tekalli Mahmud Ali, Bill Malmros, Randy May, S. B. McKee, Robert Meek, Tom Meers, Steven Merill, Trixie Merrill, Jim Mikos, Jeff Mitchell, Peter Moll, Tilden Montant, Bruce Mork, Gabriel Munoz, Jose Munoz, John McGinry, Ajaz Nazier, Ben Omensky, Jay Palen, Philip Pedron, Bradley Penrod, Tom Pick, Tony Pinto, Chuck Price, Martin Sherman, Diane Shook, Brian Skelly, Victor Sotenberg, Felicia Spiteri, John Stern, Gail Stewart, Susan Sweetana, Gary Tarizzo, Andrea Tate, Stephen Tate, Steve Taylor, Tom Tomozyk, Grant Ubell, Phil Van Etten, Eric Waters, Cathy Wilkins, Michael Winkler, Mary Wood, Kevin Winters, Ragen Wood, Hindriyo Yulianto.

Fall 1980: OFFICERS — President-Randy S. Alexander; V.P. John McGinty; Secretary-Peter Moll; Treasurer-Gwen Holkeboer. Spring 1981: OFFICERS — President-John McGinty; V.P.-Phil VanEtten; Secretary-Peter Moll; Treasurer-Andrea Tate.



PRESENTED TO
PRESIDENT JACK R. HUNT
IN APPRECIATION
OF YOUR OUTSTANDING LEADERSHIP
AND DEEP COMMITMENT TO
THE MANAGEMENT CLUB

SOCIETY OF COLLEGIATE JOURNALISTS, E-RAU

The society which has chapters on nearly two hundred campuses has for more than 50 years been involved in improving the quality and interest in collegiate communication. By associating with this group, students and faculty at E-RAU will have a close relationship with other chapters to keep abreast of innovations in the field of student journalism, yearbook publications, radio and television production and public relations.

National conventions — open without charge to any student member of SCJ — bring together campus representatives across the nation to discuss and solve mutual problems. The society conducts annual competitions in all fields of communications and has a national competition to award the chapter which does the most outstanding job of community relations and service to its students.

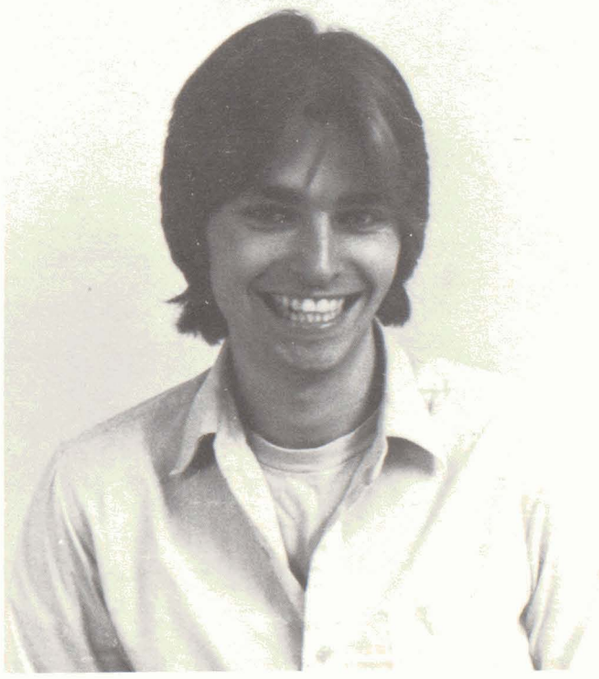
STUDENT CO-OP ADVISORY COUNCIL

Continuation of and recruiting for the cooperative education program.

Officers:
President — Michael Barrett
Vice President — George Barron
Faculty Advisor: David Allwood

The Cooperative Education concept is based on the theory that not all learning takes place in the classroom but is dependent upon and reinforced by practical work experience. Open to full-time undergraduate students enrolled in a degree program, the Co-op program is optional.



Front Row, Left to Right: John Glass, Mike Little, Joe Lewis, Mark Lepkowski, Randy Russell, Susie Dickover, Steve Laurenzo. Center: Lisa Poole, John Mazur, Ted Foster, Eric Theisen, Ernie Liberatore, Mike Tucker. Back Row: Norm Lagasse, Mike Burkly, Steve Myers, Ray LaMarche, Jeff Barath, John Sweeney, and Ken Stiles.

Members pose for more photo exposure, Lisa Poole AAS member and vice commander of Angel Flight, center front.

AAS OFFICERS: Commander: John Mazur: Operations — Jeff Barath and John Sweeney; Comptroller — John Sweeney and Eric Theisen; Admin. — Brian Duddy and Joe Lewis; V. Comm. — Mike Burkly and Jeff Barath; Info — John Glass and Jeff Barath.

THE ARNOLD AIR SOCIETY

The Arnold Air Society is a nationwide professional honorary service organization. The Gill Robb Wilson Squadron is the Arnold Air Society Squadron located here. AAS enables AFROTC Cadets to get better acquainted with other AFROTC Cadets and the Air Force Officers that control AFROTC.

AAS aids in the develop of effective Air Force Officers. AAS also affords its members the opportunity of working with the community and the school on different service projects. The members attend dinners and participate in other activities each tri.

Other officers include: Pledgemaster: Katherine Blaisdell and Dennis Granger; Chaplain — Mark Lepkowski and John Glass; Ass't Pledgemaster — Dennis Granger and Norm Lagasse; Advisor — Major Gerald Homewood and Dr. John Wheeler; Little Major: Lisa Poole.

ANGEL FLIGHT

Angel Flight is a national women's honorary society. Its purpose is to gain satisfaction and joy in helping others, to create greater social contacts, to develop qualities of leadership and to aid in the purpose of Arnold Air Society, the University and the community. All Riddle females are welcome.

Officers:

Vice Commander: Lisa Poole
Operations Officer: Laila Lipamanis
Administration Officer: Nancy Topping
Information Officer: Karen Schneider
Comptroller: Holly White
Pledge Trainer: Shari Nickoley
Faculty Advisor: Col. Eric Doten

AIR FORCE RESERVE OFFICER TRAINING CORPS

Embry-Riddle students may enroll in the Air Force Reserve Officer Training Corps (AFROTC) program and receive academic credit in an Area of Concentration in the Aeronautical Studies program or elective course credit in other E-RAU programs, The AFROTC curriculum is designed to prepare college students for initial active duty assignments as Air Force commissioned officers. Any qualified student may pursue the AFROTC program.

AFROTC aid the Dayton Armed Services Museum in the Daytona Mall: They perform a Queen Anne Salute, in honor of the National Patriotism Week

AFROTC staff members pause in their busy schedule.

Pictured: John Dalszys, Susan Dickover, Hugh McDermott, Jerry Walker, Douglas Clark, Dennis Lovejoy, Ken Oakley, Reuben Williams, Karl Lust, Paul Lechner, Ernest Liberatore, Russel Severino, Randy Russell, Ed Montanari, Andre Guillemot, Greg Niess, Doug Youngblood, Anthony Stutts, Charles McArthur.

OMICRON DELTA KAPPA

Officers:	Fall 1980	Spring 1981
President	Roslyn Royster	Todd Bauerle
Vice President	James McDede	Randy DiGirolamo
Secretary	Jeffery Titus	Jeffery Titus
Faculty Advisor	Dr. John Wheeler	Mr. Charles Richardson
Service Chairperson	Randy DiGirolamo	

FACULTY: Nena Backer, Robert Brown, Bruce Chadbourne, John Eberle, Bob Olsen, Paul Spurrier, John Wheeler, Charles Richardson, and James Ruddell.

STUDENTS: Luis Alvarez, Rick Arndt, Anthony Diaz, Jay DiGirolamo, Gary Francis, Mark Friedman, John Mangona, John McGinity, Dennis Mitchell, James McDede, Brian Meyer, Joseph Kocan, John Rourke, Leslie Panek, Roslyn Royster, Peggy Terrill, Jeffery Titus, Debbie Redhead, Jeffery Sicard, Neils Van Gemeren, Todd Bauerle, James Swaerkosz, David Paladino, William Phillips, Laurence Chin, James Zurales, Jeff Butler, and James Zeiler.

OMICRON DELTA KAPPA is a National Leadership Honor Society. It was founded at Washington and Lee University and established the Icarus Circle at Embry-Riddle on November 21, 1975. Omicron Delta Kappa recognizes and encourages achievement in scholarship; athletics; social, service and religious activities; campus government; journalism, speech, and the mass media, creative and performing arts.

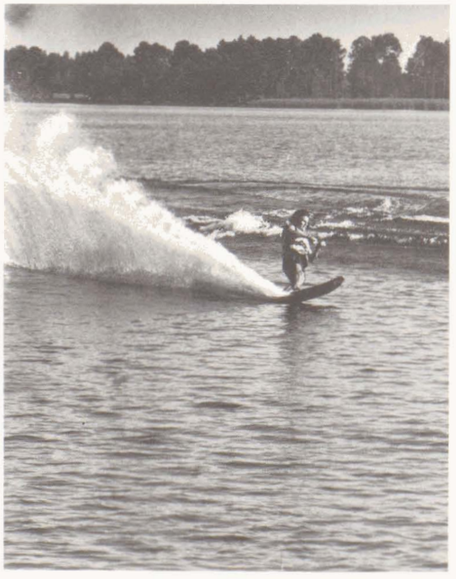
Row 1: John Mangona, Luis Alvarez, Jeff Titus (Treas.), Todd Bauerle (Pres.), David Paladino. Row 2: Jim Zurales, Randy DiGirolamo (V.P.), Jeff Butler, Dr. John Wheeler (Fall Advisor), Mr. Charles Richardson (Spring Advisor).

RIDDLE SKIERS

The Riddle Skiers, with over 100 members, is a club intended to join together those students with an avid interest in water skiing. Dues are collected and facilities are provided for weekend leisure skiing and competition with local clubs and schools.

Officers:

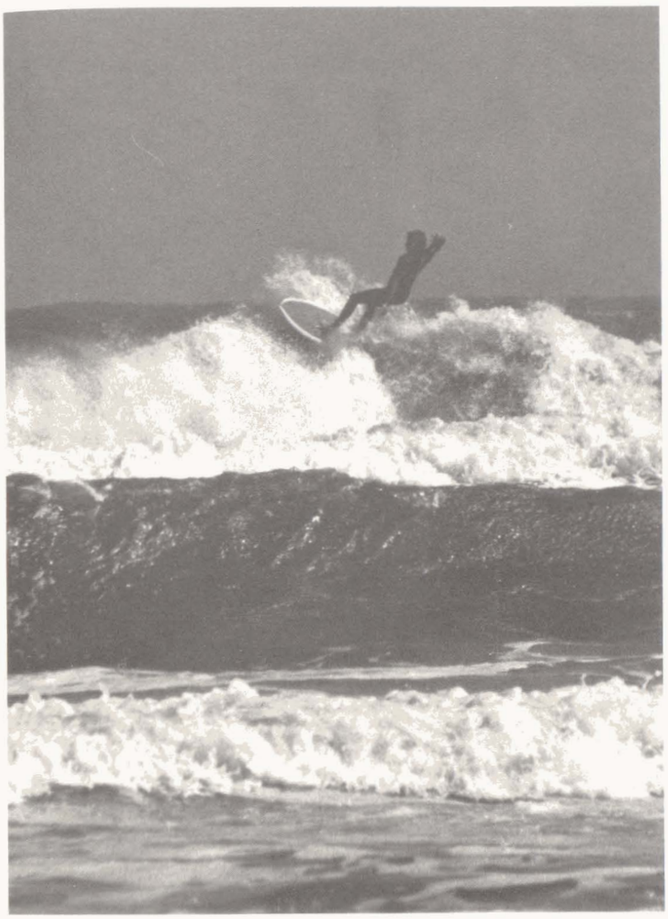
Co-Chairman: Curt Fradette
Co-Chairman: Eric Dreisbach
Secretary: Patty Hetu
Vice President: Arley Johnson
Faculty Advisor: Jim Cunningham



E-RAU SURF CLUB (NSSA)

President: Buddy Reeder
Vice President: Douglas Kane

Faculty Advisor: Bob Fleck
Secretary/Treasurer: Wayde Conover



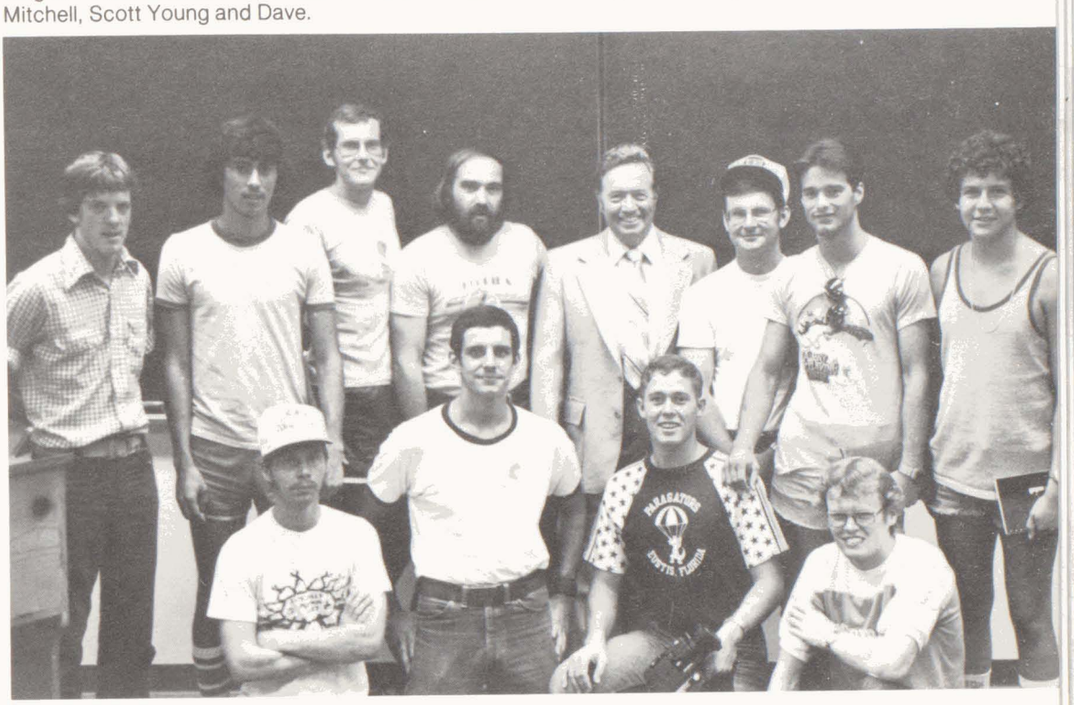
To provide a club to which students enrolled can competitively surf against other schools as sanctioned by NSSA.

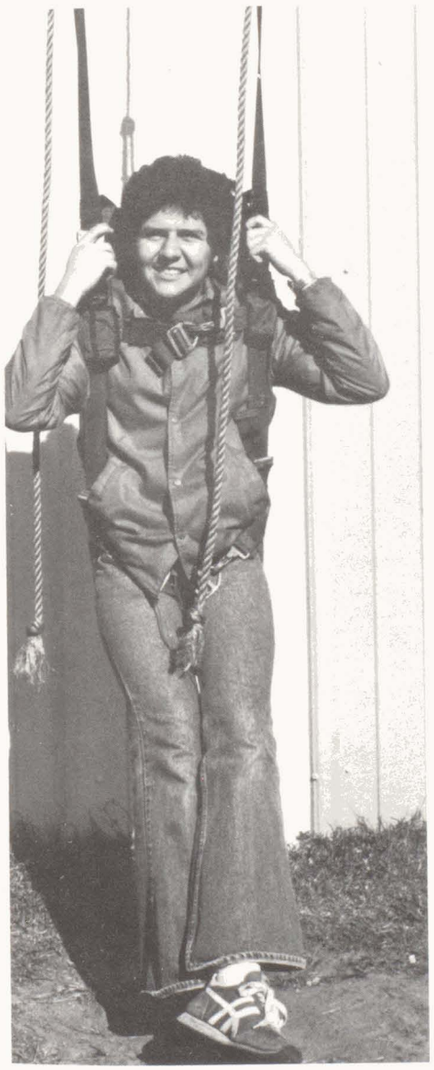
With full canopy, Mike Symbolik floats down to earth.

Bill Mitchell carefully folds his parachute, and stops to say "cheese."

The parachute group stops in front of their trusty DC-3 — to smile and say "Geronimo!"

Left to Right, Standing: Burke Schnedle, Tony Peralta, Bill Augevine, Don Vaughn, Capt. Joe Kittenger, Richard Baker, Gary White, Robbie Atencio. Left to Right, Kneeling: Randy Schwinburn, Bill Mitchell, Scott Young and Dave.





Robbie Atencio, just hanging out.

RIDDLE SKYDIVERS

The E-RAU Parachute Club has the following objectives: the promotion of greater interest in sport parachuting, the diffusion of knowledge concerning this sport, and to provide an opportunity for students and others to gain experience and find recreation in sport parachuting. Membership is open to men and women 18 years of age or older. Club members have become highly skilled jumpers who have helped E-RAU score highly in intercollegiate competition.

President — Kurt J. Cunningham
Vice President — William Mitchell
Treasurer — Don Vaughn
Secretary — Carol Faith
Faculty Advisor — Mr. Hamilton

Embry-Riddle Precision Flight Team

Officers —
Captain: Joseph Kraujales
Co-captain: Paul Kurtz
Treasurer: Dave Gustafson
Secretary: Michele Maykowski
Membership Officer: Frank Grippi

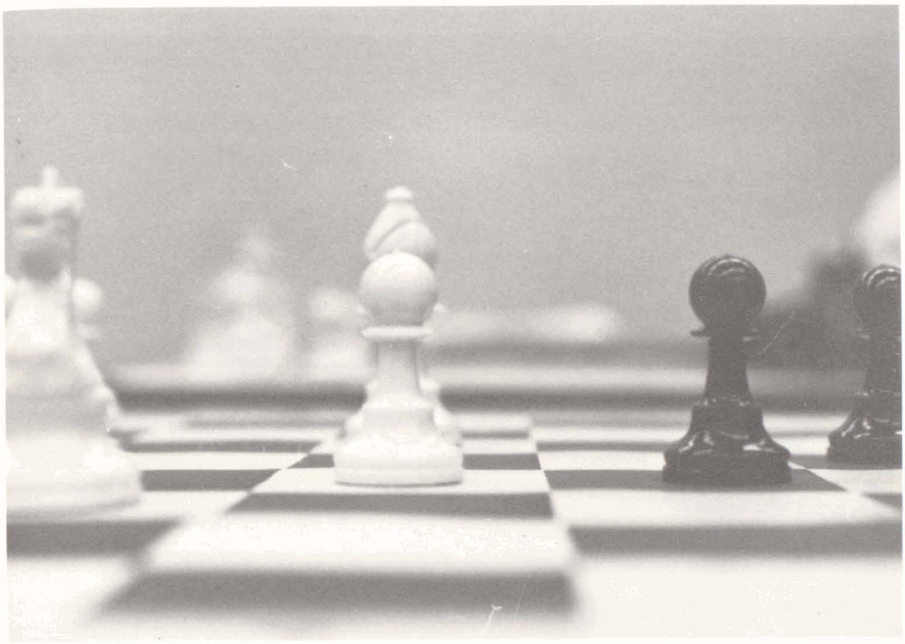
Coaches —
Jim Zurales
Dave Gustafson
Mike Sperry

Flight Team Advisor —
Al Finster

Members:
Joseph Kraujales
Michele Maykowski
Michael Klarman
Dave Stoll
James Bartlett
Dave Gustafson
James Zurales
Mike Sperry

Paul Kurtz
Frank Grippi
Dapo Olumide
Larry Wolk
Bill Gisler
Ivan D. Medina
Al Finster
Gregory Kane

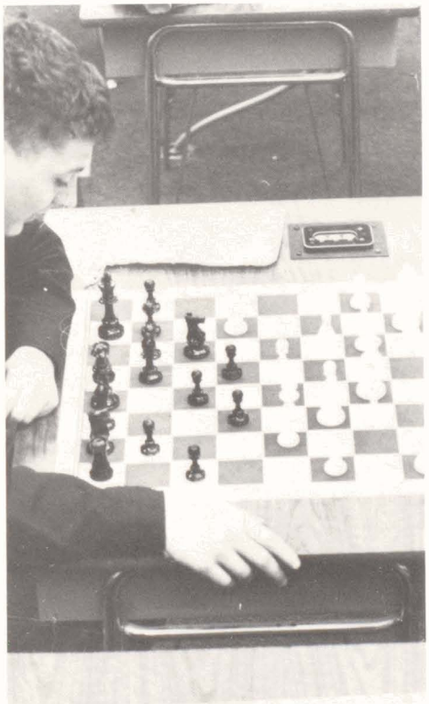
The Precision Flight Team competes in NIFA (National Intercollegiate Flying Association) air meets which include ground, air, and safety competition. The team stresses professionalism, safety, judgement, and sportsmanship.

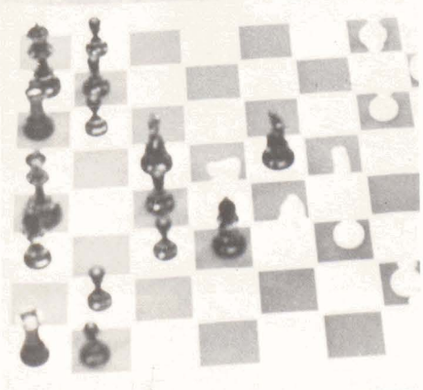


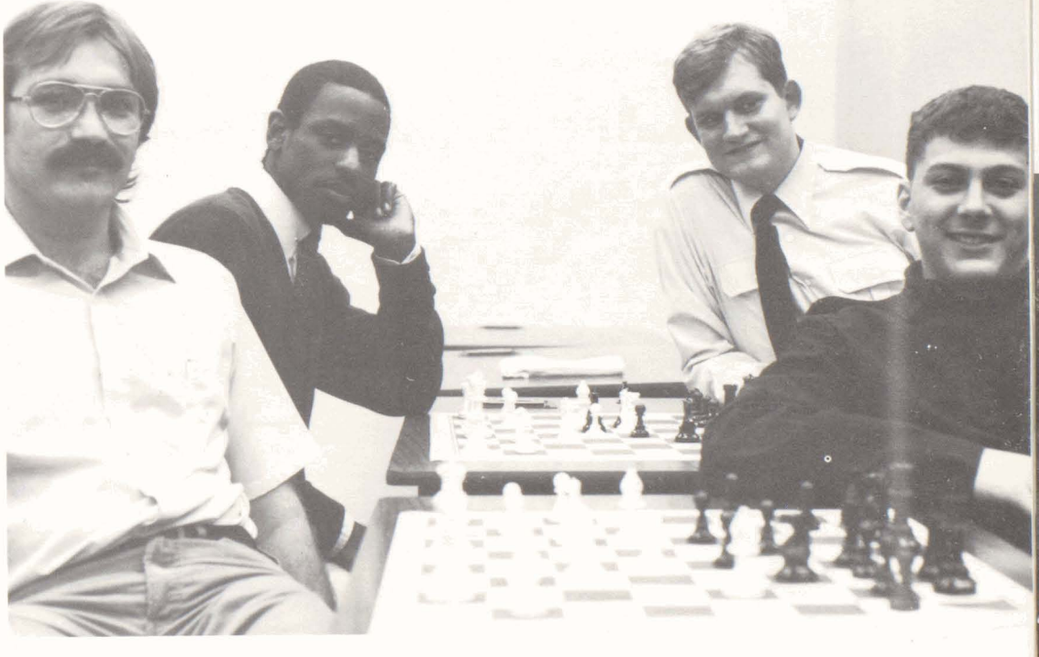
E-RAU CHESS CLUB

The main purpose of the Chess Club is to teach those who are interested in learning how to play and to improve the standard of those who know how to play. The club participates in intercollegiate competition within the college community and sponsors some exhibition matches.

President — David McKenzie
Vice President — Leigh Jacobs
Secretary — Kenneth Barrett
Finance Secretary — Kenneth Barrett
Advisor — Mr. Roger Kayser







EMBRY-RIDDLE SPORT SCUBA DIVING CLUB

The Scuba Club (Self Contained Underwater Breathing Apparatus) actively engagees in open-water ocean and fresh water cavern diving. Certification (for safety) is a requirement obtainable through the club's instructor. Planned club dives may include . . . camping, travel, seasonal lobster hunting, underwater cavern exploration and night diving. Equipment discounts are obtainable through the club.

Officers:

President: Jeff Titus
Vice-President: David DeGrasse
Secretary: John Alexander
Faculty Advisor: Chandler Titus

Standing, Left to Right: John Bailey, Peter Rush, Matt Wilds, Tom Allen, Brian Bellrose, Dave deGrasse, Stan Watson, Greg Meyers, John Alexander, Dave Schmidtman, Wes Valpey, Chandler Titus (faculty advisor), Dan Sullivan. Kneeling, Left to Right: Jim Dunlea, Bruce Kalle, Jeff Titus, Dave Sapuppo.

L-5 AEROSPACE SOCIETY

The L-5 Society, a national organization, established the E-RAU chapter in the Fall of 1979. Its purpose is to promote the peaceful industrialization of space and evaluate the aerospace impact of the future. The E-RAU chapter is active in providing revelent presentation and interesting speakers to the Embry-Riddle student body.

Officers:
President: Richard A. Arndt
Vice President: Mike R. Burger
Secretary: Carlos Roque
Treasurer: Mike Walker
Information: Jeff Guzzetti
Faculty Advisor: Boyd Oellerich

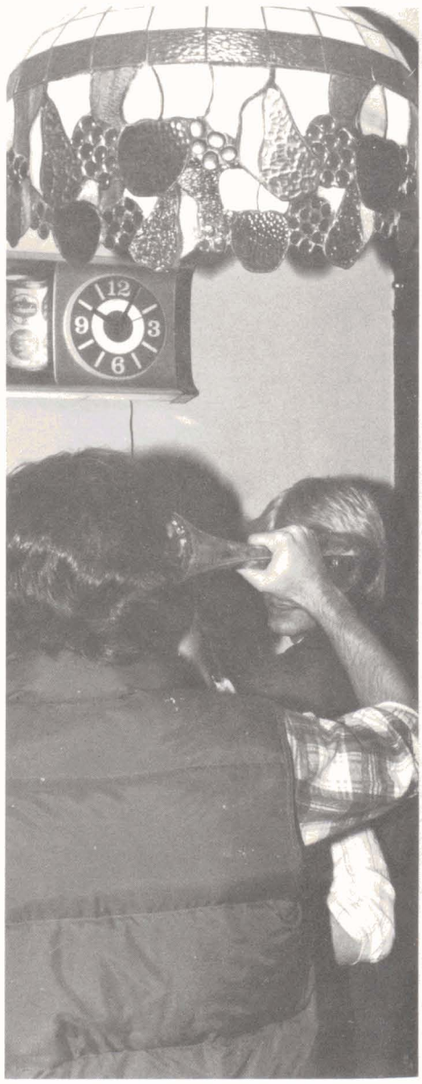
THE U.S. ARMY COLOR GUARD:

This special group of ROTC trainees provide a special service to the university and the community by presenting Old Glory at special occasions. Their sharp, dignified manner aids Embry-Riddle in presenting its best face to the public. Thank you, gentlemen!

HELLENIC SOCIETY OF E-RAU "ICAROS"

To confront problems, to exchange information and to organize social activities.
Officers: Steve Bouboudekis — President, Constantinos Marantidis — Vice President, Kikky Ballanos — Secretary, Jimmy Mousikos — Treasurer
Members: John Tsopos, Ilias Kavourgias, Sotirios Fafoutis, Elefterios Vamvakoulas, Elias Anegnostou, Greg Tsitiridis, John Alexander, Marcello Psomas, Nick Bitstios, Manos Jeremies, John Ballanos, Konstantino Martzaklis, Dean, Fotiadis, George Triadaphilopoulos, John Georgiou.

First Row Sitting Down: Vasilios Papayioti, Bob King (Advisor), Steve Bouboudekis (President), Constantine Marantidis (Vice President); Second Row From Left to Right: Ilias Kavourgias, John Georgiou, John Tsapos, John Alexander, Greg Tsistiridis, Kiky Ballemos (Secretary), Ilias Anagostou.



DELTA CHI FRATERNITY

Delta Chi was founded as a national fraternity in 1890 at Cornell University. The Embry-Riddle chapter was established in 1970, making them one of the oldest social fraternities on campus. Banquets, parties, sorority socials, and weekend retreats are just a few of the many events for this year.

President — David Paladino
Vice President — Scott Granger
Secretary — Charles Kinney
Treasurer — Anthony Adessa
Alumni Secretary — Bill Goebel
Sergeant-at-Arms — Tony Nigro
Faculty Advisor — Greg Nelli

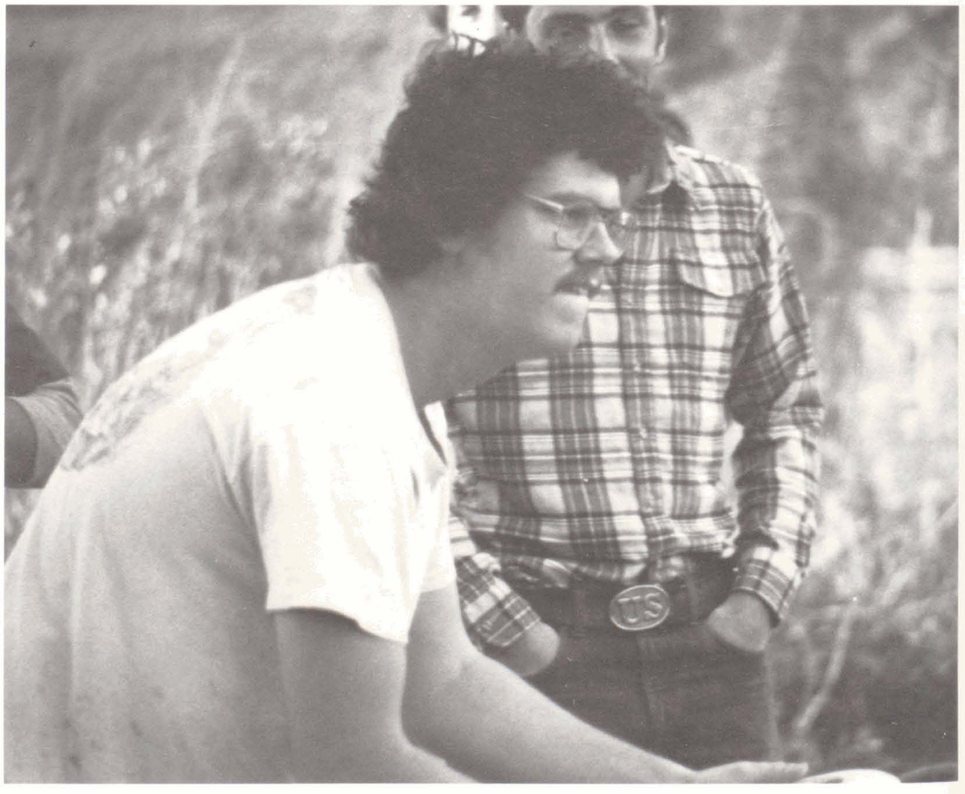
VOLKS

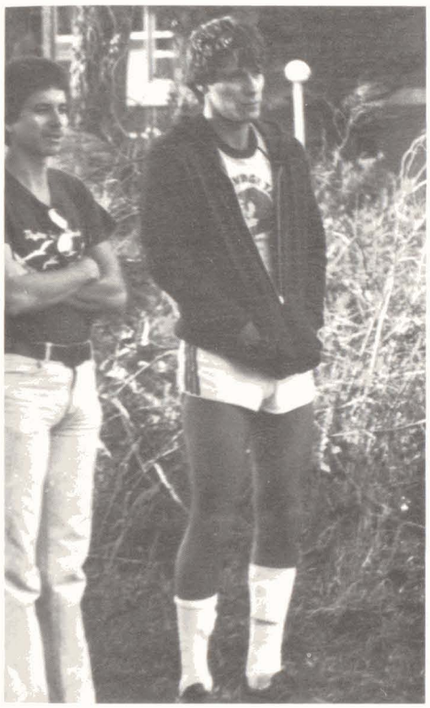


LAMBDA CHI ALPHA FRATERNITY

Officers:
President: Steven Kline
Secretary: Alan Fisher
Treasurer: Scott Hyde

The Brothers of Lambda Chi Alpha enjoyed a year of good times, learning, and personal development. In the future our chapter hopes to grow and develop into a better and more established fraternity on campus. Since 1974, we have had a total of 132 initiates, 47 community projects, 24 Crescent Sisters, and thousands of beer bashes!

The Brothers of Lambda Chi Alpha are easily identifiable by their green shirts with fold letters. We wish this year's graduates all the best!



1980-1981 MEMBERS:

Scott Hyde, Steve Kline, William Rhamy Nipper, James MacDeede, Steven Tedrow, Alan Fisher, Russell Pallotti, Phillip Metz, John Rourke, Terry Claussen, Bruce Romeo, Dave Lattanzio.

Sigma Chi Fraternity

Sigma Chi offers you the opportunity to develop leadership style through application, to gain personal responsibility, and to become involved and participate. Sigma Chi exists to create unity of purpose out of diversity of backgrounds, to teach lessons of group interaction and to work in cooperative harmony with others.

ALPHA ETA RHO INTERNATIONAL AVIATION FRATERNITY

Alpha Eta Rho is the only fraternity on campus that is totally aviation oriented. If you're interested in doing something useful for aviation and for yourself, Alpha Eta Rho may be for you.

The constitution of AHP declares that the success of aeronautics depends upon its unified development in all the countries of the world and upon the cooperation of different phases of aviation with each other. It affirms its character to be international and declares eligibility for membership not dependent upon race, religion, nationality or sex.

Come on out and enjoy yourself with other people that share your major interest, AVIATION!

President — Kevin Pasternack
Vice President — Larry Smith
Secretary — Jim Zurales
Treasurer — Rich Goebel
Pledgemaster — Paula Garver
Parliamentarian — Maxine Smith
Faculty Advisor — Tom Connolly

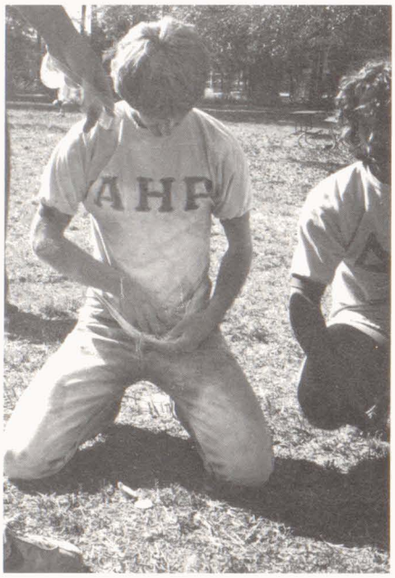
Walking to the beat of a different drummer . . . Rich Trussis, Bill Liberti (upside down), John Barci and Mitch Weingle (in the hat).

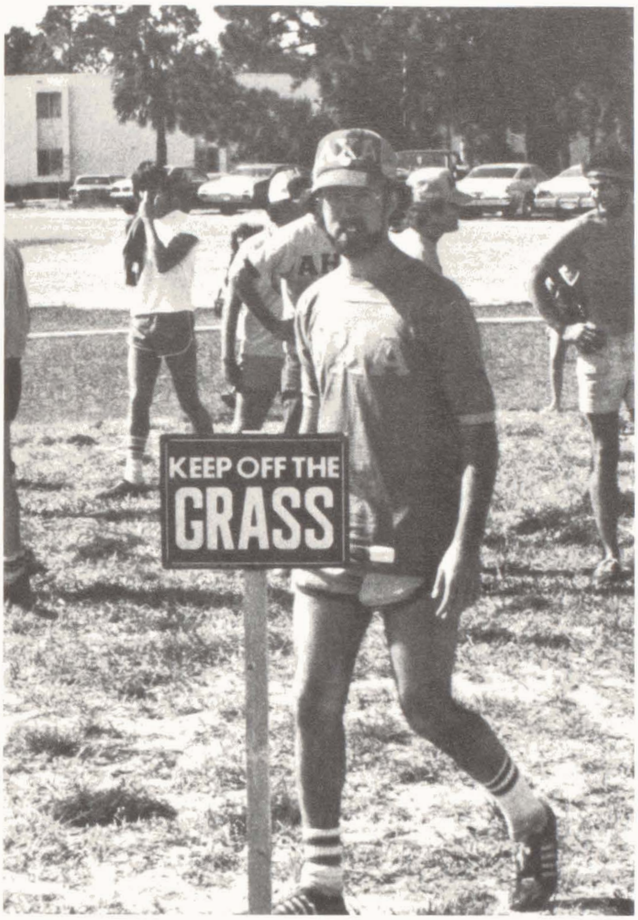
SIGMA PHI DELTA ENGINEERING FRATERNITY

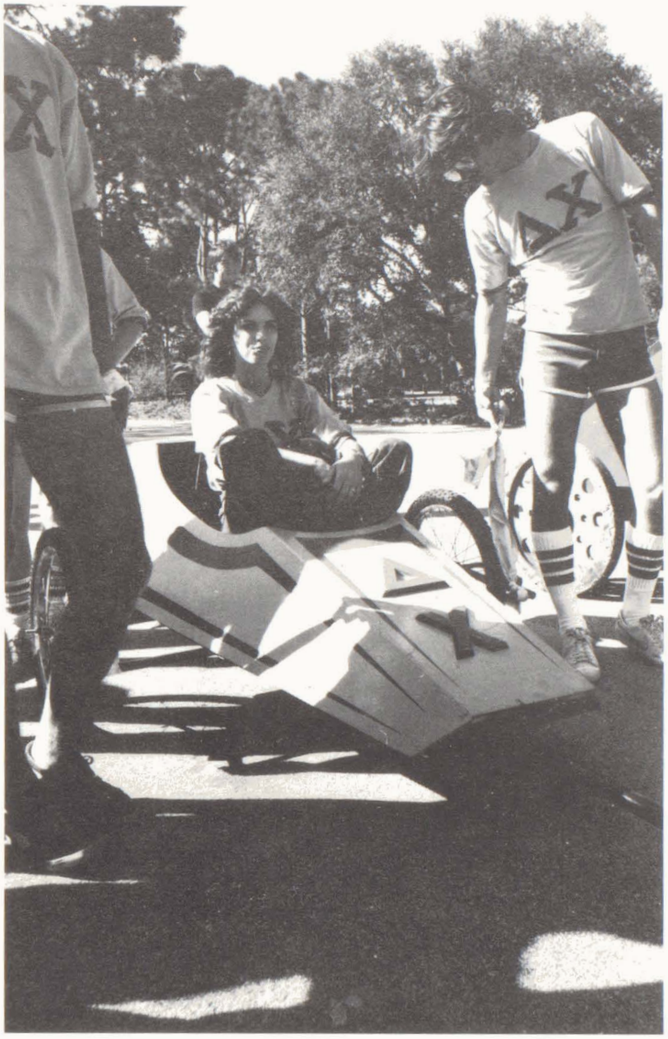
Sigma Phi Delta Engineering Fraternity was founded in 1926 and was established at Embry-Riddle in 1960 as Pi Chapter. Since we can only accept students in the Engineering curriculu, we are a small congenial group with common goals and interests. Pi Chapter owns two houses located ten minutes from campus. The buildings provide housing, study and recreational facilities. The functions carried on by Pi Chapter are both social and professional, combining professional knowledge and social growth. Sigma Phi Delta offers serious engineering students so as to not interfere with their studies.

GREEK WEEK, 1981

Sigma Chi Fraternity became the Champs for this year's GREEK WEEK games. With the support of the entire interfraternity council and Student Activities, Greek Week was once again a success.







GAMES GREEKS PLAY

STUDENT GOVERNMENT ASSOCIATION

Constitution Preamble:
We the students of Embry-Riddle Aeronautical University, in order to promote the internal unity and welfare of the students community, to respond to the challenges of society, believing in the concepts of democratic student government, human rights and individual responsibilities while recognizing and acknowledging the professional principles upon which this University was founded, so ordain and establish this Constitution for the student body of Embry-Riddle Aeronautical University.

Our guys are Good, we came in first in Media, for the second straight year in the E-RAU Riddle Regatta!

Cathy Babis and Tony Pinto help celebrate Avion achievements.

Bingham Stewart, Faculty Advisor and Strawberry Daiquiri expert.

THE AVION NEWSPAPER

The AVION is the students' voice at Embry-Riddle, as it is run entirely by a volunteer staff of students, supported by university resource persons who "support," but do not "run" the newspaper.

The main purpose is to put together a product for ALL students to enjoy. And it is what goes into making this paper, that is so exciting. There are opportunities to be writers. Their job involves one of research, interviews, compiling information, and putting this into a meaningful whole, what you know as a story.

There are those who work as staff photographers. Their job is to illustrate stories. Photography is probably one of the most useful tools in journalism today. Our photographers not only take photos, and work with the writers, but they are also well versed in darkroom techniques. Even for the novice, there is a chance to learn. Our student and university staff is here to assist those who are beginning and are willing to learn photography, writing or any of the newspaper jobs involved in this office.

Students may become involved in ad sales, business managing and editorial work as you grow with the newspaper. The AVION Office is located on the second floor of the University Center and encourages all interested to drop by and get involved.

You will be working with a large group of dedicated, creative, and intelligent students, who have been putting out an award-winning paper for the last five years.

Susie Sweetana and Jeanie Snyder, Publications Specialist listen to John McCollister at Pen and Press Workshop.

Carol Faith and Susie Sweetana — exhausted but proud to have finished under their own steam in an all-woman raft in the Riddle Regatta.

John Barci and Carol Faith enjoy a moment at a recent workshop dinner.

THE PHOENIX YEARBOOK

The Phoenix Yearbook staff is an active group of students working together to record Embry-Riddle's history.

It is a creative staff, that allows students to release their own individual talents. The Phoenix Yearbook, through the students' efforts is now an Award-Winning Yearbook. For the past two years the book has been the 2nd Place winner in the Southern Regional Press Institute contests, and has entered the Columbia University Press Institute national contest.

The Phoenix welcomes any student interested in yearbook work. The Student Publications office is an exciting place to learn and grow . . . and have a good time!

Dr. John McCollister, guest speaker at the 1st Annual Pen and Press Workshop, enjoys a lighter moment with Randy Bloom and Greg "Minnesota" Lundberg.

Left: Rich Frankel, alive and well and living on the couch in the AVION PHOENIX office.

ARMY RESERVE OFFICER TRAINING CORPS

The Army ROTC program provides an opportunity to acquire the skills and knowledge necessary for commissioning as a lieutenant in the U.S. Army, U.S. Army Reserve or National Guard. The Program offers both a 4-year and 2-year option. The 2-year option allows students with at least 2 academic years remaining in either undergraduate or graduate studies to meet all requirements for commissioning.

CHRISTIAN FELLOWSHIP CLUB

The Christian Fellowship Club has grown considerably since last year. One only has to look at our picture in last year's Phoenix to see that our membership has grown. I thank God for this growth.

The CFC is composed of people from different denominations. Not all of our members are students at E-RAU. We welcome anyone who wishes to learn more about God and His Son, Jesus Christ. We praise God because we are very thankful to Him for the many blessings that He has given us.

We also get together to pray for and encourage one another. Because, as believers, we are God's children. We have had many activities this trimester; a formal dinner meeting, a barbeque at President Hunt's house, and a carwash, to name only a few.

We are very grateful to God for what He is doing here on His campus and to this community. We invite everyone to come and join us each week.

'81

VETERANS CLUB

The Embry-Riddle Veterans' Association is comprised of military veterans from all branches of the service. They also have seven positions open for students who are not vets but desire to belong. They are active in community service, and maintain a program of veterans assistance through contacts with the school and various external government and veteran organizations.

They provide information on existing and pending veterans legislations, and aid the vet in locating housing or part-time employment opportunities or assist those who need classroom counseling of course scheduling. You'll find Vets in every phase of E-RAU, and our members are actively involved in student government giving them an active voice in school policy decisions.

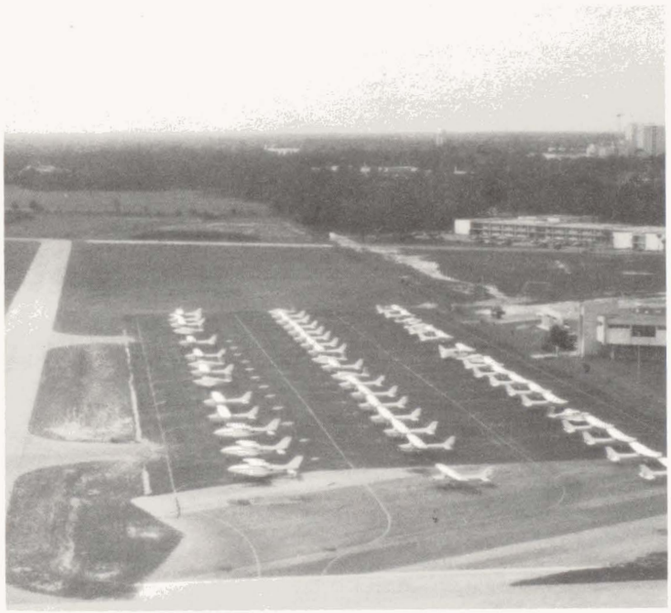
LEARN FROM OTHERS

Going to college should be more than just classes and studying. The school provides many opportunities to join organizations and a chance to meet other students. These experiences can help you out in all aspects of life.

DAYTONA BEACH REGIONAL AIRPORT

The ERAU Daytona Beach campus includes 86 acres directly located on the airport. There you will find the 'Riddle Ramp', which has about 70 Cessna and Mooney aircraft available to flight students.

Delta and Eastern who also use the airstrip, sometimes provide part time jobs to a few lucky people.



ERAU
INTERNATIONAL STUDENT AFFAIRS

The Department of International Student Affairs is organized to meet the special needs of international students. Several handbooks have been prepared containing information to guide students in areas of living with which they may be unfamiliar. The "BEYOND THE HORIZON" newsletter is another source of information, as is the Department's bulletin board in the U.C.

In addition, programs are planned to assist international students in experiencing many facets of life in the United States both on campus and in the Daytona Beach area. Every effort is made to assist students to achieve their educational goals.

Staff members act as counselors, friends, and advocates of international students as well as a source of information and liaison for immigration related matters. The office of International Student Affairs is located on the first floor of Dorm II.

INTERFRATERNITY COUNCIL

E-RAU's Interfraternity Council (IFC) is established to promote better brotherhood between the fraternities, to show professionalism, as well as to intermix during social activities. It states that all Greeks should be brothers, and good communication should be maintained, although each fraternity has different structures, governing membership and initiation.

Better sound through research.

SCIENCE AND ENGINEERING MAJORS: TAKE OUT INSURANCE NOW

How about an "insurance" policy that your science or engineering degree will really be used? It would be nice. Especially considering the work you put into such a degree.

The Air Force will use your talents. We have openings for young men and women majoring in selected science and engineering academic fields ... like Aeronautical, Aerospace, General and Electrical Engineering, Mathematics, Physics and Computer Technology, and many more.

One way to get into these jobs is through Air Force ROTC. Our AFROTC scholarship can help you financially so you can concentrate on getting your degree. AFROTC is a great opportunity to help yourself through college, and the Air Force is a great opportunity to really use what you learn.

Look into the Air Force ROTC program at your campus. It's good insurance.

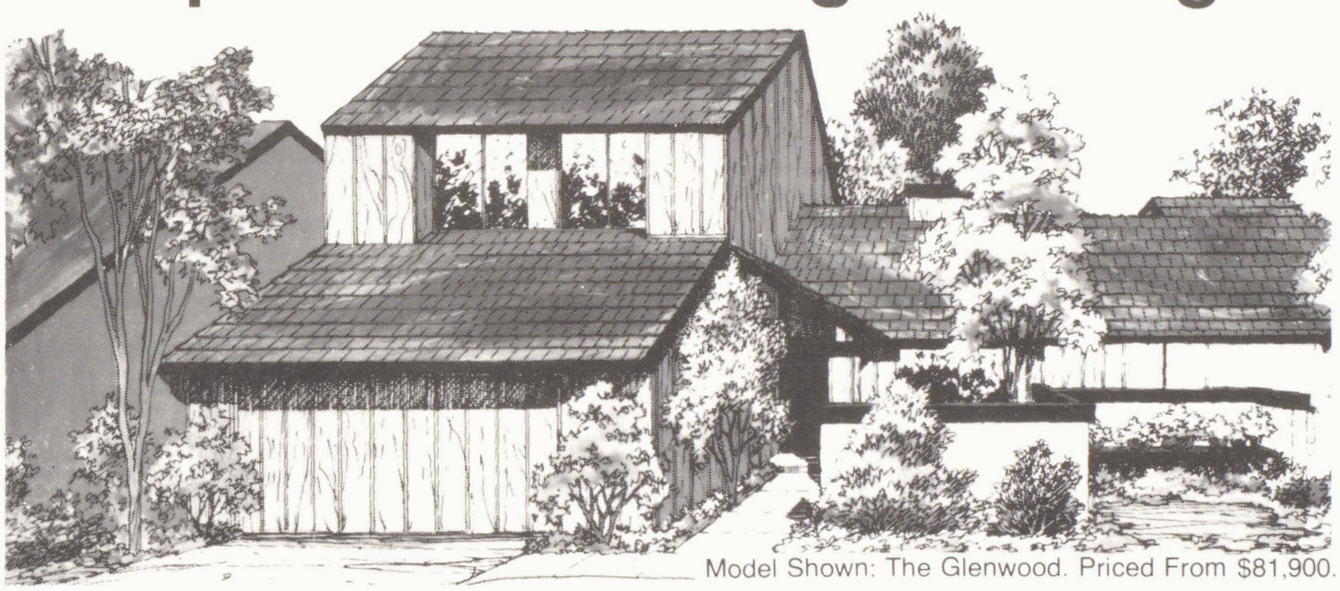
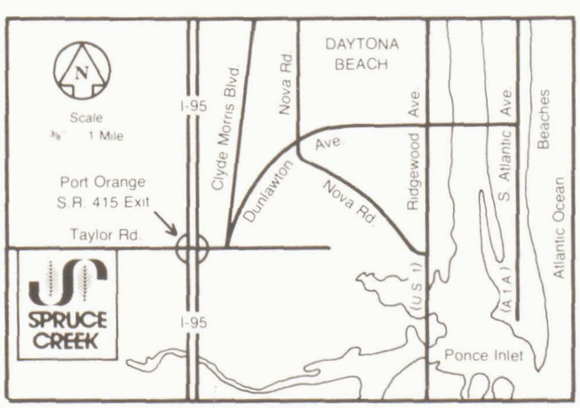
Our Fairway Villas Come Equipped With 18-Holes Of Golf, 4,000-Feet Of Runway And Up To 1,786-Square Feet Of Elegant Living



Model Shown: The Glenwood. Priced From $81,900.

Spruce Creek, the 1,000-acre "fly-in" country club community that's fast becoming the talk of Volusia County. The ultimate in gracious living. The community with style . . . for every lifestyle. Enter our limited edition golf villas; a balanced blend of contemporary and traditional styling with all the conveniences today's modern family will need. And lots of extras. Like cathedral ceilings, step-down living rooms, a raised hearth fireplace. And windows galore to provide panoramic views of the rolling fairways just outside your door. There are 3 models from which to select. Each, uniquely different; yet all designed to complement their natural surroundings; or choose a fairway, taxiway or water overlook homesite as a wise investment today or for your custom home tomorrow. Spruce Creek, a place for everything under the sun. Not just a championship golf course and clubhouse; but a picturesque nature trail and overlook at the bend in the winding waterway that is Spruce Creek. A great spot for fishing, canoeing, boating or just toe-dipping.

For our active flying residents and their guests, Spruce Creek provides a 4,000' paved and lighted runway; and has a full service operations office. No noise, crowds or congestion here. Just lots of sunshine, friendly neighbors and plenty to do. We're out of the mainstream; yet convenient to I-95, shopping, schools, medical facilities and Daytona's famous beach. So affordable with prices beginning at $69,900. We urge you not to wait.



Come visit our beautifully furnished models today. I-95 to Taylor Rd., then West 2 miles. Information Center open 9:30 A.M. to 5:30 P.M. Monday through Saturday. 11:00 A.M. to 5:30 P.M. Sunday.

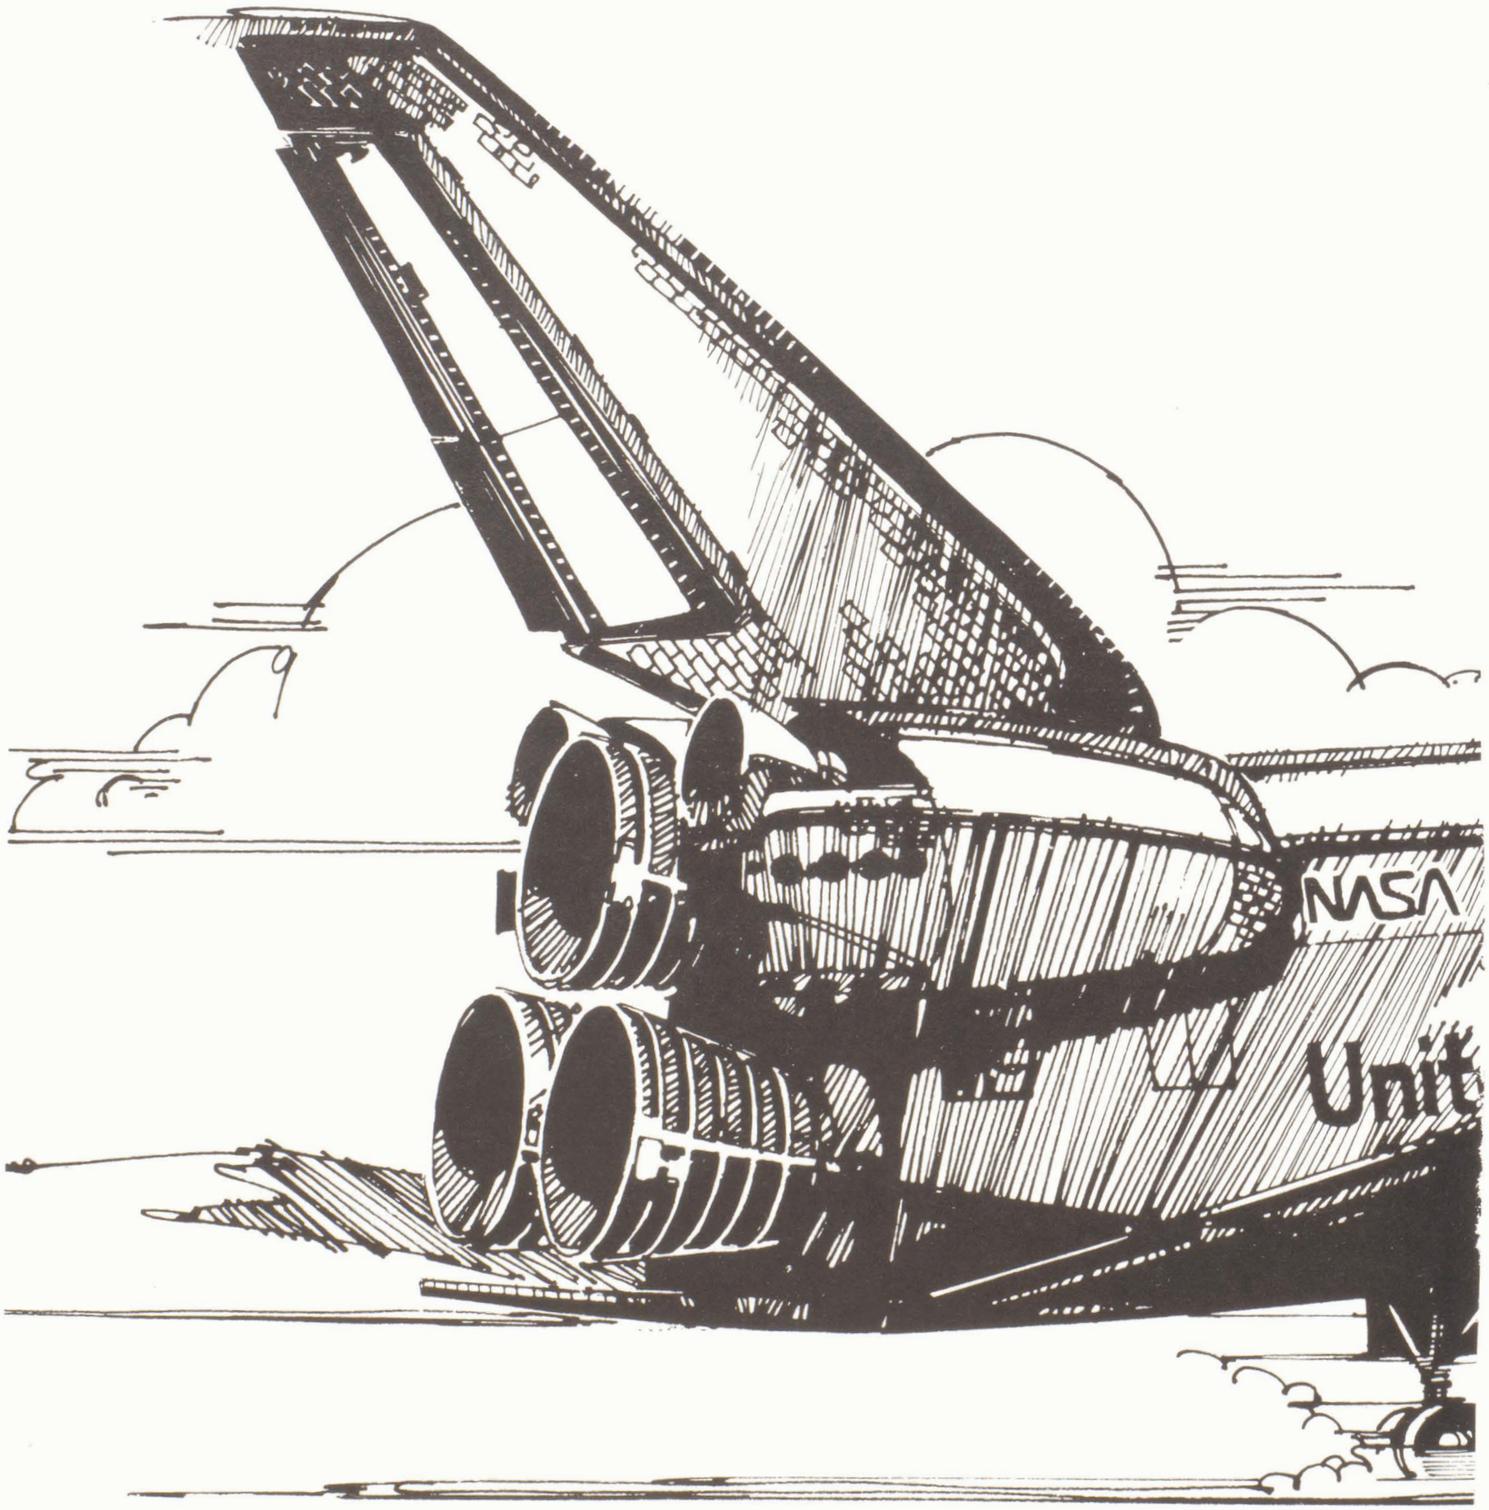
CONGRATULATIONS TO THE CLASS OF 1981 — "THE STUDENT STORE"

Congratulati



ons, America.

Once again, America is leading the world into space.

Rockwell International is prime contractor for the Shuttle orbiter. Also, our Rocketdyne Division built the main engines. And we assist NASA in the integration of the Space Transportation System. Our achievements in space and aircraft development demonstrate the high technology which characterizes all the businesses of Rockwell International.

We join America in saluting NASA, the *Columbia* crew — John W. Young and Robert L. Crippen — and the 50,000 people in many companies who worked with us to build America's Space Shuttle.

Congratulations, America. Through the Shuttle, designed for repeated flights into space, you have built a technology bridge to the benefits of this vast new frontier. It is a uniquely American achievement.

Good old American "know-how" is alive and well.

Rockwell International

...where science gets down to business

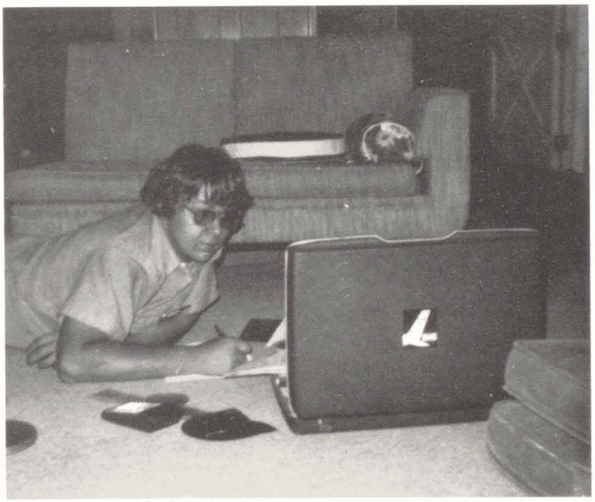
THEY CALL IT HOME

STUDENTS EXPERIMENT AND IMPROVISE, TO MAKE DORM ROOMS AND APARTMENTS LIVEABLE.



What better place to spread out homework, than on the floor?

Dorm II. Due to the housing limitations, 75% of Riddle students live in private accommodations.

A makeshift closeline.

Raggedy Ann and Andy help to brighten an otherwise dismal corner of an efficiency apartment.

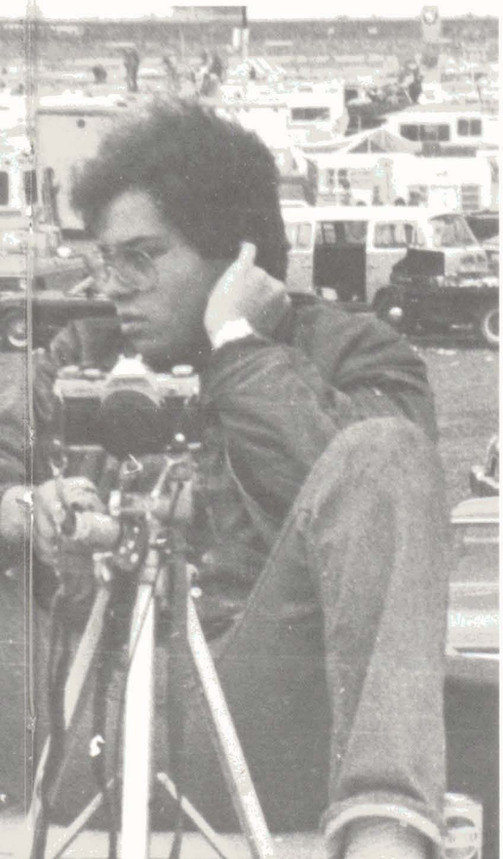
There's that pat of butter that I threw at the ceiling last week.

It's hard to whiz at this

Two Riddle employees share a secret and a smile.

FACES AROUND ERAU

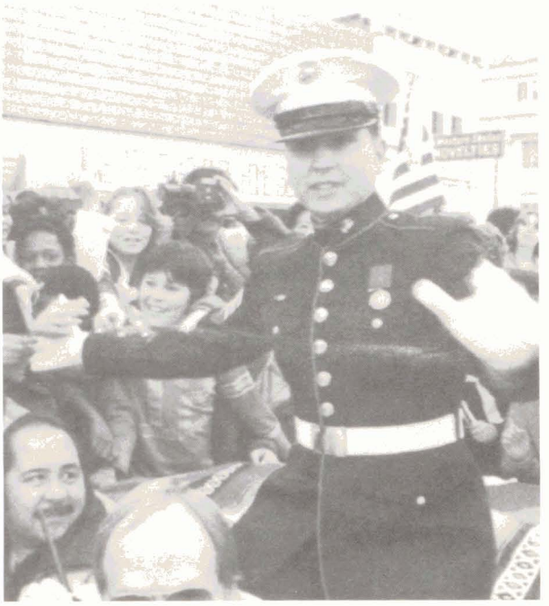
be humble when you're a game.



Jeff Barrow and the tree of his dreams.

Left; If two negatives make a positive, how many negatives make a photographer?

WHO SAYS THERE AREN'T ANY FEMALES AT RIDDLE?



A YEAR OF EVENTS

Looking Back on 1981, many things took place that had tremendous influences in our lives.

In a crime that stunned the nation, PRESIDENT RONALD REAGAN was seriously wounded in an assassination attempt on his life, by a lone gunman. White House Press Secretary James Brady and two law officers were also shot. Doctors described their recoveries as 'miraculous'. Less than two months after Reagan was injured, a Turkish gunman opened fire on POPE JOHN PAUL in St. Peters square, injuring him in the abdomen, hand and arm. ATLANTA took a suspect in the nations longest running murder mystery in which 28 young blacks have been killed. Wayne B. Williams was arrested in his Atlanta home and charged with one of the murders. Police continue to search for links that may prove he murdered all 28 children. After 14 months of anguished silence in Iran, AMERICAN HOSTAGES are greeted in America with a thunder of affection and cheers. CALE YARBOROUGH swept past Harry Gant to win his 4th Firecracker 400 stockcar race in Daytona Beach. American JOHN MCENROE emerges victorious at Wimbledon, ending Bjorn Borgs record of 41 consecutive Wimbledon triumphs. The major league BASEBALL STRIKE continued its 23rd day through July 4, marking the 1st time in a century that a National or an American game wasn't played on Independence Day. Americans coughed up 3 cents more for a 1st class letter in 1981 to 18¢. LADY DIANE SPENCER and PRINCE CHARLES were married in July, making her the next successor to Queen Elizabeth II. Closer to home, brush fires burned out of control in and around VOLUSIA COUNTY, and a gaping sinkhole appeared in Winter Park, Florida resulting from the severest drought in 10 years. Top box office attractions: For Your Eyes Only, Raiders of the Lost Ark, and Superman II.

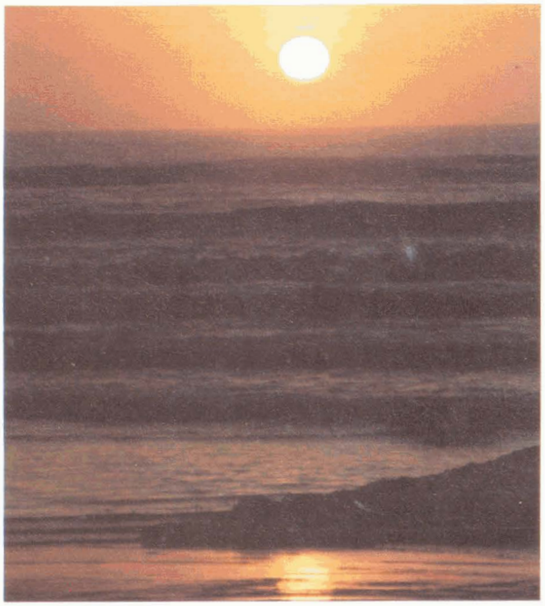
T.G.I.F.



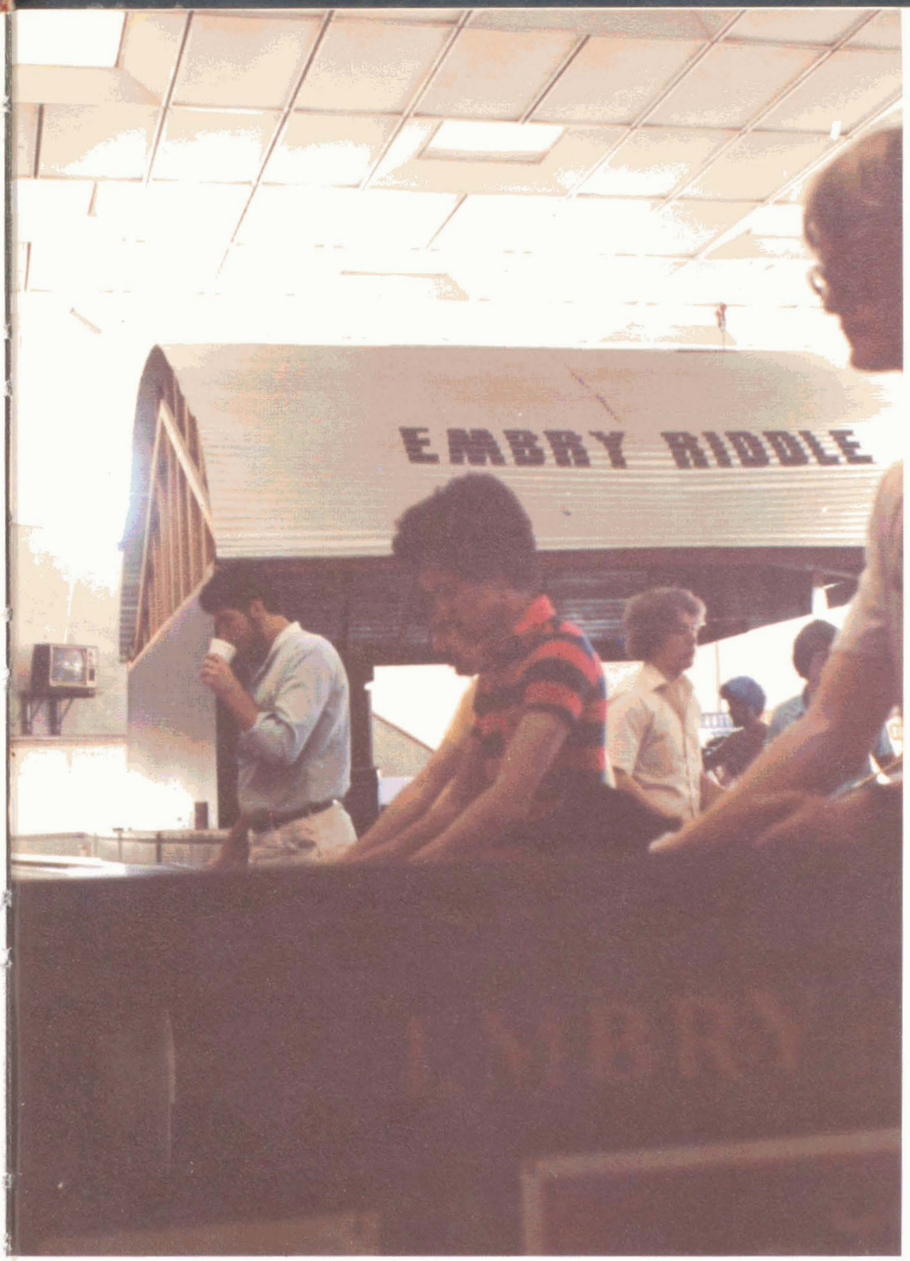
Some of the worlds most spectacular sunsets can be seen here in Daytona.

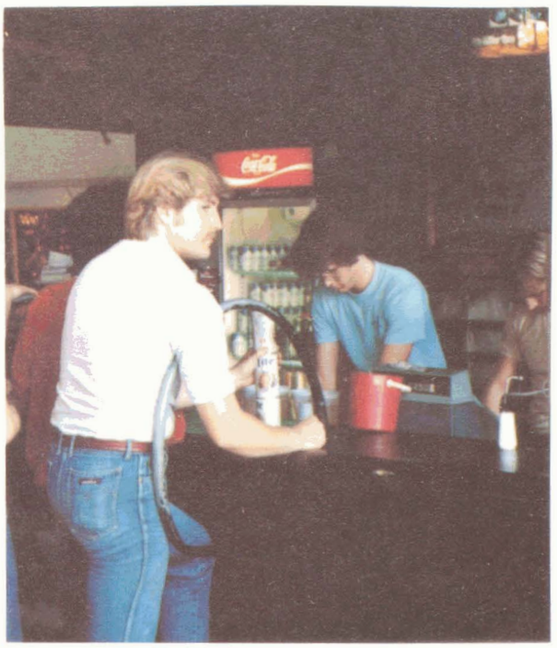
What can compare to a Friday night? After all the classes are over, all the tests are taken and all the papers written, it's time to enjoy.

There's a variety of activities to choose from, in and around Daytona. If you're into dancing, there's the Plantation Club on A1A, or Big Daddys' right down the street. If you prefer a quiet atmosphere, there's always Dunderbacks, or one of the local favorites, The Silver Bucket. Perhaps you'd rather just take a late night walk on the beach.

So toss those papers and books on your bed. Put on your best duds and celebrate! It's Friday!

More than 105 years old, the Daytona Beach Boardwalk offers everything from arcades to rollerskating.





Don't forget about the Pub in the University Center! For beer prices and good friends you just can't find a better place.

Like No Other

Regardless of the time of year, the beach is the biggest attraction of Daytona. The beach itself is 23 miles long, 18 of which you can drive on.

Thoroughly enjoyed by Riddle students and locals for swimming, sailing and people watching, it makes going to ERAU an extra special bonus.

After all don't most people envy you, when you say you go to College in Florida.

KISSIMMEE AIR SHOW

THE BIRDS

Left, small feeding flocks of pelicans work cooperatively by forming a line and herding schools of fish into shallow water. There they can be captured, dive fashion, with their pouches.

Almost always living in colonies, to provide better opportunities to food resources, pelicans use rising thermal air currents to gain high altitudes. For thousands of years, man has tried to imitate these birds' perfect aerodynamic form.

The day you've longed for, that moment when you are handed the scroll of paper signifying you a college graduate. But as your student years end, it also is a new beginning, a new part to add to your life. And like a good book, all the preceding pages only enhance those in the chapters to come.

THIS IS IT. PICTURES, COPY AND A TOUCH OF CREATIVITY. ALL OF THIS HAS GONE INTO THIS YEAR'S PHOENIX. WE HAVE ALL WORKED LONG AND HARD, BUT IT HAS ALSO BEEN A FUN AND REWARDING EXPERIENCE. MANY PEOPLE HAVE CONTRIBUTED THEIR IDEAS AND WORK TOWARDS YOUR YEARBOOK. WITHOUT THEM, THIS BOOK COULD NEVER HAVE COME TO LIFE.

A SPECIAL THANKS GOES TO ALETA VINAS, FOR HER ENTHUSIASM AND PERSERVERANCE WITH THE SENIOR SECTION, TO JOHN ROURKE AND THE SGA FOR THEIR BACKING AND GUIDANCE, TO MARVIN MAYER, OUR TAYLOR PUBLISHING REPRESENTATIVE, FOR ALL HIS ADVICE AND CREATIVE INSPIRATIONS. WE WOULD LIKE TO THANK JEAN SNYDER, FOR TAKING UP WHERE OTHERS HAD LEFT OFF, AND FOR HER LONG HOURS PUT INTO THE ANNUAL WHEN THE SCRAMBLE WAS ON TO BEAT A DEADLINE.

A SPECIAL THANKS ALSO TO GREG LUNDBERG WHO MANAGED TO KEEP ME LAUGHING THROUGH MINOR DISASTERS THAT OCCURRED DURING THE YEAR. AND, A VERY SPECIAL THANK YOU TO PAUL DOW, WHO GAVE HIS CONTINUOUS SUPPORT THROUGHOUT IT ALL.

ANOTHER TRIMESTER AT EMBRY-RIDDLE HAS DRAWN TO A CLOSE AND OUR COLLEGE YEARS ARE RAPIDLY FALLING BEHIND US. WE BELIEVE THIS BOOK HAS CAPTURED AND HARBORED ONE YEAR OF THEM FOREVER.

THIS IS THE WAY WE WERE IN 1981.
