Subject: Adding Patents to Scholarly Common

My name is Debra Rodensky and I'm one of the Scholarly Communication Librarians for the Hunt Library. I'm emailing you to let you know that we have a new initiative for ERAU's institutional repository: adding patents to our collection. We have a list of patents where ERAU is the applicant, however, we would like [your permission](#) to add the patents where you are the Inventor. There are already eleven patents in Scholarly Commons, and your approval would be greatly appreciated. Here is an example of a patent already in Scholarly Commons:

If you have any questions, please feel free to contact me. Thank you!

Regards,
