BIG BLOOD DRIVE NEARS

Next Friday is wt. Patty's Day and in conjunction with the holiday is this trimester's blood drive. It promises to be the most successful yet.

Last Tri the ERAU 500 netted 360 pints of life-giving blood for the Volusia County Blood Center. Needless to say, they were tickled red with the outstanding participation at ERAU, but now we have a chance to outdo ourselves.

Four hundred pints of blood is not an unreasonable goal for this drive. It will be held for two days, March 16 & 17, between the hours of 9:00 AM and 3:00 PM. We were successful in obtaining room 110 in the Academic Complex. This should be more convenient for students, faculty, and staff.

In addition to our goal of 400 pints of blood, we are trying to encourage participation from the faculty and staff of the school. In the past this has been a week point in our drive. We encourage everyone connected with ERAU to participate. There is no truth to the rumor that you have to be Irish to give; everyone is welcome.

As in the past there will be prizes, lots of them, such as dinners, shows, and gift certificates. The grand prize hasn't been finalized yet but it promises to be outstanding.

In keeping with the tradition of the holiday, we'd like to see everyone wear green. Try to get some spirit started. As usual, the fraternities are encouraged to promote the drive and participate by competing for the blood drive trophies.

If we all work together and put forth a little effort, we can reach our goal. It takes very little time, doesn't hurt, and is a rewarding experience. The blood we donate could be the pot of gold at the end of the rainbow for a loved one or a needy person somewhere. So, let's get out and give next week. Believe it or not you'll feel better in the long run. We will even make a guarantee; you won't turn green!

Students Devour AVION

Two unidentified ERAU students pore over last week's AVION

SCOLARSHIPS GIVEN

The Embry-Riddle Scholarship Committee awarded scholarships to eight deserving students this past week. Presented to senior Roland Sicotte was a full scholarship for the academic year starting in Sept., 1971 and ending in April, 1972. This award will cover full tuition in recognition of his outstanding efforts as a student here. This was also the only full scholarship awarded.

One hundred dollar scholarships were also awarded to the "rising" sophomores of the sophomore and junior classes and to the top students in the Division of Maintenance Technology and the Division of Flight Technology. John Pierce was the sophomore receiving the scholarship; Paul Reeder was awarded the junior scholarship; In the Maintenance Technology division and the Flight Division, Norman Hankel and Michael Oliver received scholarships.

Three other awards were granted, two of them, $300 Zonta Scholarships for women. Nancy Lucas and Vickie Smith received the awards. The final scholarship was given to Embry-Riddle by the Volusia County International Relations Club. It will be presented to Fred Arbab at the club's next meeting.

JACK HUNT HOSPITALIZED

President Jack Hunt is recovering satisfactorily from surgery performed Monday night by Doctor Gilbert Tweed at Halifax General Hospital. According to Doctor Crawford, consulting physician, Mr. Hunt underwent surgery to relieve pressure from a subdural hematoma. It apparently was caused by a head injury sustained during his trip to Russia. Mr. Hunt slipped on some ice, hit his head on a curb and was taken to the emergency room of a hospital in Russia. At the time, X-rays showed no fracture. He was treated and released. All tests subsequent to surgery show recovery to be satisfactory and normal. Mr. Hunt is expected to be back on campus and teaching classes at ERAU within a month.

St. Pats Blood Drive Next Week!
Hi guys, the score is still Lions-5, Christians-0. Flash! We are having some more domestic training films this trimester. The films will be shown right after a business meeting at the recreation hall over at Lakeview Mobile Home Park. Show up about 8PM (Friday) - there will be free beer for all members. Also, watch your mailboxes for details of a dinner dance we have coming up Saturday the 18th of March. The dance will be at the Club Morocco with live music, a buffet, and a rumored two hundred dollars in door prizes. The deadline for reservations is Tuesday, the 14th of March. You may make your reservations anytime before then over at the used bookstore.

Our volleyball team finished up their season last week with a record of two wins three losses - you players, supporters, and especially to the captain, big Frank Melody: Our softball team is still hanging in, tied for first place. Wn't forget about the movie tickets that are available at the used bookstore; for $1.25 you can get a ticket to any show at the Daytona Theater.

The petition drive for increased Veteran educational benefits that I mentioned last week is in high gear this week and going well. If you haven't signed the petition, or would like to help us get signatures, we would appreciate your stopping by the bookstore and letting us know; we'll fix you up. That's all for this time. Drive carefully - and let me assure you there is no truth to the rumor that Bob Kakak is going to be the consulting physicist for ERAU.

There is no truth to the rumor that: Embry-Riddle is merging with the Army, Air Force, Navy and U.S.M.C.
I have talked with Malcolm Jones, who is on the county commission, and he informed me that the lease for building 12, which is to become the Student Beer Hall, is to be on the agenda this Friday, and we should know by next week whether the lease has been approved. If it is approved, we can anticipate an opening within 30 days after receipt of the legal lease.

I would like to extend on behalf of the SGA a most sincere “Get Well” to President Hunt. We are looking forward to seeing him back on campus in the near future.

Seniors desiring to attend the Senior Class Party, Sunday night, April 16, please stop by the SGA office and fill out these cards, the invitations to the party will be sent to you. Only seniors receiving invitations will be allowed to attend the party. This party is for all Seniors graduating in the year 1972, not just those graduating in April.

An abundance of generalizations concerning involvement and indirectly skipping on aptitude slashed through the presses last week. These two words, involvement & aptitude, make periodic appearances here on campus. In retrospect, though, the voices that screamed those words so loudly in the past, were soon forced into silence. Undoubtedly the new voices that are rising now, face the same consequences as those before—unless of course, they find unity with cause.

This all relates to a phone call (received last week) from a DBC student. He questioned the validity of priorities with the actual content of The AVION. This question pinpointed the consciousness of articles printed and reflected on reasons for this. I had only one answer for him: the one expressed in the first paragraph. As to that first paragraph, I can speak first hand.

What can be done then to alleviate this situation? History reflects that the majority of journalists take a liberal outlook. This is especially true with the college newspaper staffs today. The newspaper is the voice of the people. To reach the people with ideas is the object of every paper. Conservatism only breeds stagnation, and this is your opportunity for change.

The true value of our Student Government Senate is the proper management and representation of the student association. The newspaper, and Senate Committees are the major parts of the general scheme of operations. In order to achieve that change, the student must work within the system. The AVION is part of that system: use it.
Gaylord's: A Good Place To Eat And Get Insulted!

This week we went to a Daytona landmark—Gaylord's. The quality of seafood dining at Gaylord's is unsurpassed anywhere in this area. However, we feel that success has gone to the management's head and made them think of their guests as just another entry on their financial statement.

The last time we went to Gaylord's, we made reservations. When we arrived we had to wait anyway. This could be easily explained because it was in the middle of a tourist event and the whole town was full.

We were shown to our table...it was the worst table in the whole house—next to the Busboy's dropoff and just around the corner from the kitchen, so the waitresses were rounding the corner and almost bumping into us.

We told the hostess that we would like to have another table (the place was thinning out and there were several available). These requests are usually most easily handled with a little palm greasing, but in this case we felt that since we did have a reservation that wasn't honored, we were entitled to at least have a table where we could enjoy our meal.

This was the biggest deal in the world (we were still standing with the hostess and a couple of steps in either direction could have solved the problem). Finally, the hostess consented to allow us to have another table. It started our evening out on the wrong foot.

This time we went in a group. When we were seated, the owner's husband very solicitously asked us if we were enjoying our meal. Etc. He then turned to a longer haired fellow in our party and said, "How about you miss—are you having a good time?"

He didn't leave it at that. Twice more during the evening he made references to our friend's haircut. Things were getting a little tense.

Mr. Gaylord didn't realize how close he came to having a customer serve him a plate of food—in his face.

Gaylord's is a fantastic fish house. Their selection of food is the widest around, and everything is delicious. Their wine list is extensive, and the service once past the hostess is very good.

I think Gaylord's has seen the last of us for a while, however. Two hassles in a row, one due to a poor selection of an employee, and the other due to Mrs. Gaylord's poor selection of a husband, have sent us packing.
REBUTTAL TO PEANUTS & POPCORN

Dear Mr. John Storm (whoever he may be):

Yes, I do know what I am doing. The Senior Class has about 450 students in it. If each one is allowed one guest, some 900 people could show up at the seniors' party. Add to that figure an additional 200 people from the faculty, administration and VIP guests. That means that the senior class officers must plan for 1100 people on an allocated budget of $2500.00. The d'oeuvres cost a minimum of 65¢ per item. Some of the hors d'oeuvres you want cost over $1.00 each. If you would like, we could throw a BYOB senior party.

Since you believe the old wives' tale that solid food in the stomach soaks up alcohol, may I suggest that you bring a loaf of bread to the party. It would fall within an acceptable price range and would more than adequately serve your purpose. You further insist that eating staves off cirrhosis of the liver. Again, you, a college senior, persist in promulgating another old wives' tale. You say that this is our first and last college graduation. May I suggest that several years delay is in order for you as you are obviously not ready for this one?

Brieferly, look at the broad choices attempting to remain dry on a rainy day by leaping across Lake Erie. Is it necessary to wait until one breaks an ankle or a leg before something is done? Could E-R headquarters be held liable in the event an injured student sued? That is certainly something of great importance to consider. Of course the other alternative is to wade through the water, which would be rather stupid anyway, as it is not conducive to longshore life. Wet and Disgusted Student.

Hank Cothran
Sr. Class President

FOR SALE: 5 string banjo w/case; Gibson 12 string guitar w/case; Braun electronic flash unit w/recharger. Call 255-6674.

There is no truth to the rumor that Mr. McDearmont had entered the Daytona 500 in place of Richard Petty.
Since tomorrow is the big day, we've been doing some last minute chores, mostly cleaning up the house. After the softball practice tomorrow at 8:30, all the pledges and brothers will meet at the house to put the house back in order and sparkle again. Later in the afternoon, alumnus Pat Phelan is flying in from California to attend the banquet. Representatives from National will be our regent, Phil Schereur and Field Secretary, Paul Bolhman. Congratulations telegrams and letters have been coming in all week from various Delta Chi chapters all over the country.

It's been a long way from local Pi Sigma Phi to Delta Chi Chapters, but it's not the end of a long road; just an appropriate beginning of things to come.

I think now since only one day remains, we should give thanks to Bob Spasyk and his Chartering Committee for all the time and work they put in for preparations.

Be back next week!

**Alpha Rho Omega**

All members are reminded that their hill Robb Wilson dedication takes place April 15th. Six volunteers are needed to drive visiting dignitaries, act as ushers, and perform other related tasks. The drive will be from 2-5 pm. Contact Jim Bearwolf.

A social function will be held toward the end of the month. Members will be notified of the details at the next meeting on Wednesday, March 8th, at Lakeview Mobile Estates Rec Center.

At the last meeting Frank Implaglazio talked about the upcoming articles on Alpha Rho Omega in a national magazine. The film company has been working hard making the entertainment. Jim Pappas and Bill Norman were voted in as active members, congratulations to both.

Persons interested in joining Alpha Rho Omega may contact Norm Hensel, Box 781.

**Lambda Chi Alpha**

The brothers and pledges of Sigma Chi have been very busy, so things don't promise to slow down in the near future.

Last Tuesday we solicited for the United Fund, collecting over $345.00 for this worthy cause. Although this was slightly below our goal, it proved to be an interesting and rewarding experience for those who participated. We were surprised by the number of large dogs that abound in the area. Now that we have completed our United Fund campaign our efforts will shift to the Easter Seal program that is to start in a few weeks.

While the fund collection was in process on Saturday, part of the class of 1971 was on a tour. A few walks along the facility parking lot at the academic complex. It was very attractive and practical project that impressed the brothers of Eta Iota. It would appear that Jim Patterson's boys are shaping up very well indeed, and will be an asset to Sigma Chi.

Our fund raising project for improving the chapter house is proceeding well also. An interior decorator has been contacted and several pieces of furniture have been purchased. Our aim is to make the Sigma Chi house the most attractive on campus, yet still functional, and we are eagerly awaiting the finished product. In the mean time there are several more money-making projects scheduled.

Eta Iota's first anniversary banquet is slated for March 17 at the Plaza Hotel. This will no doubt be the social function of the year for the chapter. We are all looking forward to it. Brothers Nick Kropog, Terry Gardner and Jerry Fry have been working hard making it a success, and from all indications they have done their job admirably.

We have also been keeping active in campus functions. The dance was well attended by the brothers, pledges, and alumni of Eta Iota, and we all enjoyed it very much. This was a fine event and from what we hear just a preview of what to expect from the new social committees.

Any student who changes his program, or transfers to another school, in the full time basis both terms of the summer, will be subject to the increased tuition. If there are any questions please refer to the bulletin- page 127, or inquire in the Registrar’s Office.
Dear Aunt Lucy,

When you called last night, you probably wondered who that loud voice was who answered the phone and what that barking was in the background. Wilbur, my first college roommate, is staying with me again. We used to room together in one of those super-small dormitory rooms with thin walls, tiny dressing stalls, indoor-outdoor linoleum tile—you know, a typical college dorm. I remember my first day at the dorm, wondering what my roommate would be like. I arrived three hours before he did and I guarded the bed near the window, making sure I'd get custody of the top dresser drawers so I wouldn't have to bend over more than necessary.

And then Wilbur arrived with a knapsack and a menagerie of cats, hamsters, birds, gerbils, chameleons, and a fish. Wilbur was an animal freak. I'd wake up in the middle of the night and find Wilbur's ten gerbils stuck between my toes, his four cats taunting the minah bird, which was caving obnubilities that made the college newspaper look innocent. But he didn't have a dog.

And now after three years of being away from that room, I am rooming with Wilbur again. And not alone.

"I always wanted a dog," he explained. "But I knew, but I used to squat my eyes real tight and it looked like a dog. I always wondered what Elizabeth Taylor was doing riding a dog. Of course I called the Seth, Pat, and Leonard Meister, about the dog yet. I've been too busy with the dog, trying to teach her to behave — you know, 'lay down, Pad...stay, Pad...sit, girl...roll over, Pad...get off my bed, Pad...'

Oh, now she's jumping on my desk and I think she wants some attention. "Do you want me to rub your belly, Pad?"

Hey, someone just came in the apartment... It's, it's Mr. Meister. He's coming at me... anyway. I finally got a dog a few weeks ago. She's sitting on your table...didn't you notice?"

Devouring my table was the biggest sheep dog I had ever seen; so large that even Richard Burton would be afraid to ride her. And if I hadn't noticed the dog, I certainly noticed the little Remembrances she had left from the door to the table, a la Hansel and Gretel, without the fairate charm.

"Her name is Paddington," Wilbur said. "But you can call her Pad."

"Pad?"

"No, Pad. Consider her your third roommate."

"But will she pay rent?" I asked as Wilbur walked away.

When Wilbur first got Pad, he lived in one of those apartment complexes (Withering Arms Terrace) for swinging singles and your harried marrieds with paper-thin walls — just like the dorm. Robert Cher, a jealous young husband, and his wife, Pat, lived next door to Wilbur.

But Wilbur was preoccupied, trying, in his unique booming voice, to teach Paddington tricks.

"Roll over, Pad...sit, girl...stay, Pad...lay down, Pad...fetch, Pad...play dead, girl...get off the bed, Pad...bad girl...good girl...let me scratch your belly... how does that feel, Pad... up, Pad... and on and on... until Robert Cher came bounding into Wilbur's apartment.

"Okay, where is she?"

"What? Who?" Wilbur asked twice.

"My wife. My wife," Mr. Cher answered twice.

"I heard you calling her, you disgusting wife snatcher, telling her to lay down and roll over and get off your bed... Better off than on, huh?"

"Okay, kid," Mr. Cher said, grabbing Wilbur, "Where is my wife?"

"Beats me..."

---

HAVE YOU CONSIDERED THE ARMY ROTC 2-YEAR PROGRAM??

This program affords the junior college graduate an opportunity to earn a commission as a 2nd Army Officer upon graduation from a four year college. To make a good thing better, you receive $100 per month as well as a draft deferment while in the program. Those who are interested are also eligible to participate in the ROTC flight training during their senior year. You might also want to investigate the possibility of a two-year scholarship which would pay all expenses except room and board.

ROTC trains you for leadership in civilian occupations as well as military. Be among the best!!

A number of students made an unnecessary trip to this office on Friday thinking it was pay day. So once more I will do my duty and inform the uninformed by telling them that pay days are the 6th and 21st day of each month. The only exception to this is when one of these dates falls on a Saturday or Sunday then you may pick up your check the preceding Friday.

Career Day is for all those students graduating in the calendar year 1972. Please stop by the Placement Office at your earliest convenience and indicate if you will attend Career Day. I will have lists of companies participating and would appreciate your signing for those you are most interested in. This is only to determine the number of persons that will have to be accommodated. Representatives will be on campus from 8 AM to 4 PM and will be available to talk with students from 10 AM until 11:30 AM and from 1 PM to 4 PM. If you have any questions, contact Kevin Phillips, Frank Meyer or myself.

CONSUMER CORNER

INSURANCE FOR THE COLLEGE MAJOR - NOT ON YOUR LIFE! ADVICE C.U. (Prepared by Consumer Report)

Unless a college student has children, as a rule he should not buy life insurance. In fact, says the nonprofit Consumers Union, "The last thing most college students need is life insurance."

The exception would be the bequest winner on whose inheritance the family will be dependent until they grow up. Despite this atypical circumstance for a collegian, CU says "The life insurance agent has become a familiar figure on many campuses."

Bearing this out is an industry survey of more than 300 life insurance companies which turned up 20 per cent with sales programs aimed at college students and student professionals who are not yet earning enough to pay the premiums.

Isn't it difficult to sell a policy to someone who can't afford it? Insurance men have their sales pitch so programmed to this hurdle that they can often turn it into a selling point.

Employment off campus remains fairly status quo - the usual selection of service stations, restaurant and motel work is available.

"I DON'T MEAN TO QUESTION YOU, BOY, BUT WHERE WERE YOU LAST SUNDAY NIGHT?" - ALAN L. STEPHENS
As an example of what life-insurance loans can cost, the nonprofit consumer organization tells of a $10,000 policy sold by Fidelity Union Life of Dallas in 1970. The 21-year-old student purchaser paid an annual interest rate of 8.5 per cent. The compounded finance charge on the first year premium loan of $151 comes to $76.07.

From the creditor's standpoint, such loans are among the safest imaginable, says Consumers Union. Its full report on the sale of life insurance to students, contained in the January issue of Consumer Reports, explains why lender's risk is so minimal.

One element involves a miniature endowment policy built right into the insurance policy. At the end of five years, the insurance company gets most of the cash value in payment of the policyholder's debt. The promissory note itself has built into it an acceleration clause, a typical feature of retail installment contracts. If the student fails to pay any premiums on time, the lender can demand immediate payment of the entire loan. With the promissory note, he can also readily obtain a court judgment ordering payment.

Entitled "Caveat Emporior on Campus," the CU report warns that as with most retail credit agreements, an insurance policy financing note may be impossible to cancel. Life insurance is customarily sold for a year at a time. When a student is persuaded to buy a policy and sign a financing agreement, he is committing himself to buy a full year's protection.

None of the policies or promissory notes examined by Consumers Union had a provision for refund of premiums during the first year. And, says CU, the policies are relatively expensive with lots of extra-priced features.

Companies doing a big business in college policies often set up special agents in college towns. They like to recruit as salesmen popular campus figures such as fraternity leaders, recently graduated star athletes, former coaches and even faculty members and administrators.

One professor at Michigan State University is cited as reporting some students he interviewed didn't know they were signing a contract committing them to buy insurance. Some thought they were signing a medical form. Others thought they were getting the first year's insurance free. All were being sued by the same insurance company.

There is no truth to the rumor: That this is the Book Store's spy camera in action.

If you feel like this guy looks after the flight, refresh yourself at our Lounge.
BASEBALL
by Coach Brown

Last Wednesday, March 1, the Eagles dueled a tough U-of South Florida squad, and came out on the short end, 8-0. As is sometimes the case, the final score did not indicate the closeness of the game. USF poked 6 hits and made 1 error, while Riddle managed only 3 hits but played an errorless game. Walks hurt the Riddle cause though, as three alone came in the first inning when USF scored four runs.

Captain Steve Sullen-trup came up with the fielding play of the game, driving for a hard hit ball in back of second base and flipping to the shortstop for a force-out, stopping cold a possible big inning for USF. Two of the extra bases, as Gary Haupt connected for a double in the first inning, and Richard Smith for a triple in the ninth, Riddle's record as of this writing is 0-3. On Saturday, March 11, Riddle plays F.I.T. in a twin bill, away. Game time is 1:30 PM.

ATTENTION 1972 GRADUATES
If you plan to attend the Senior Class Party, stop by the SGA Office and fill out an Invitation Form. Hours are from 9-3 daily. Last day will be March 17th. You will not be admitted to the party without the invitation.
At the beginning of the new year (not to mention my Sophomore and Senior year in High School), I was very much looking forward to the rewarding benefits and changes that college would bring to my life. In order to make the "big step", I began improving my scholastic ability—upon the advice of my Guidance Counselor—just to make sure I could handle the added responsibilities that go along with college.

At this point, I would like to direct these questions to Pres. Hunt: if he reads the Avion and/or to whom you, the Administration, feel, like most every parent, are not to mention your disrespect and low esteem, not to mention your underestimation of us! A very fine example of this lies in Dean Spears' response to 24 hr. visitation during the last meeting; which was that he would resign if and when Dorms get unlimited visitation on the weekends! Dig that! GIVE US A CHANCE!

We, the readers of the AVION, will be expecting your reply to the above questions and comments. News of your reply, if any, will receive considerable publicity.

As I stated before, this column has been created in the hope of increasing student-Administration relations—START DOING YOUR PART!

by John Eaton
Hi guys, the score is still Lions-5, Christians-0. Flash: We are having some more domestic training films this Trimester. The films will be shown right after a business meeting at the recreation hall over at Lakeview Mobile Home Park. Show up about 8PM (Friday) — there will be free beer for all members. Also, watch your mailboxes for details of a dinner dance we have coming up Saturday the 18th of March. The dance will be at the Club Morocco with live music, a buffet, and a rumored two hundred dollars in door prizes. The deadline for reservations is Tuesday, the 14th of March. You may make your reservations anytime before then over at the used bookstore.

Our volleyball team finished up their season last week with a record of two wins — three losses— a good show and lots of fun. Our club thanks go to all you players, supporters, and especially to the captain, big Frank Melody. Our softball team is still hanging in, tied for first place.

Don't forget about the movie tickets that are available at the used bookstore for $1.25; you can get a ticket to any show at the Daytona Theater.

The petition drive for increased Veteran educational benefits that I mentioned last week is in high gear this week and going well. If you haven't signed the petition, or would like to help us get signatures, we would appreciate your stopping by the bookstore and letting us know; we'll fix you up.

That's all for this time. Drive carefully and let me assure you there is no truth to the rumor that Bob Kakak is going to be the consulting physicist for ERAU.

There is no truth to the rumor that Embry-Riddle is merging with the Army, Air Force, Navy and U.S.M.C.
Sure wish I could drink this. I thought it was bigger than that!
