A.F. Pilot Training
Reduced 1,000

Selections for the U.S. Air Force School of Military Science (Officer) (formerly OTS) have been reduced considerably. Pilot training will be down approximately one thousand 1976 slots from last year.

At the present time it is taking approximately six months to process the paper work from time of application to class starting date.

The Selection Board gives special consideration to those individual students with a degree in aviation or aeronautics, so the outlook for Enry-Middle graduates continues to look favorable. The basic criteria for submitting an application for the U.S. Air Force School of Military Science remains at a score of 25 percentile.

For further information see Maj. Richard Bell at the Student Center on Mondays between 9:00 Pilot -10:00 A.M., or at the Flight Line Lounge from 10:00 A.M. to 11:00 A.M. If you wish you can visit our recruiting office at 620 N. Riverside Ave. or telephone the office at 253-9671.

Vets Club Plan
An Innertube Race

Pending approval by the U.S. Coast Guard the Vet's Club is planning to hold an "inner-tube" race to benefit the Big Brothers Assn.

According to Gary Rice, club President, the race is planned for June 30 or July 1.

Presently, the rules permit only inner-tubes to be entered in the race. Also, paddles may be used but no flippers. The contestants after a "technical inspection", will race from Seahorse Causeway to the Memorial Bridge connecting Orange and Silver Beach Streets.

Those interested in entering should contact either Gary Rice or Stan Stonerook. There is an entry fee of $10.00 for a team effort or $2.00 for an individual contestant. All of the profits will be turned over to the Big Brothers Assn.

Road Rally
COMING JUNE 16

The Vets announce another Road Rally coming next Saturday, June 16 at 1:00 P.M. and Dog Stonerook, who set up the last rally, has been muzzled and caged to give the contestants a better chance to find the markers.

The Rally will start at the Academic Complex at 1:00 P.M. and is expected to wander in a Southwesterner direction. The cost will be only $1.25 each for non Vet's club member. The entry is expected to include everything from a thug Super Van or two, to lowly Hondas. This includes the last Rally's winner, a Land Cruiser.

June & August Grads
Take Note

There will be a meeting for all Seniors, especially June graduates, on Tuesday, June 12 at 12:00 in Room 105.

This meeting is called to discuss the possibility of a June party, constitutional questions, the choice of a speaker and location for the August graduation and other pertinent questions.

This is your opportunity to shape the direction of the Senior Class.

Dean Clay receives a picture of the now partially complete Dallas-Ft. Worth Airport from Ben Tillman, Personnel Representative with American Airlines.

Road Rally
COMING JUNE 16

The Vets announce another Road Rally coming next Saturday, June 16 at 1:00 P.M. Had Don Steenbock, who set up the last rally, has been muzzled and caged to give the contestants a better chance to find the markers.

The Rally will start at the Academic Complex at 1:00 P.M. and is expected to wander in a Southwesterly direction. The cost will be only $1.25 each for non Vet's club member. The entry is expected to include everything from a Dodge Super Van or two, to lowly Hondas. This includes the last Rally's winner, a Land Cruiser.

June & August
Grads
Take Note

There will be a meeting for all Seniors, especially June graduates, on Tuesday, June 12 at 12:00 in room 109.

This meeting is called to discuss the possibility of a June party, constitutional questions, the choice of a speaker and location for the August graduation and other pertinent questions.

This is your opportunity to shape the direction of the Senior class.

A.F. Pilot Training
Reduced 1,000

Selections for the U.S. Air Force School of Military Science (Office) (formerly OTS) have been reduced considerably. Pilot Training will be down approximately one thousand, (1,000) slots from last year.

At the present time it is taking approximately six months to process the paper work from time of application to class starting date.

The Selection Board gives special consideration to those individual students with a degree in aviation or aeronautics, so the outlook for Envy-Billie graduates continues to look favorable. The basic criteria for submitting an application for the U.S. Air Force School of Military Science remains at a score of 25 percentile.

For further information see M/Sgt. Richard Bell at the Student Center on Mondays between 9:00 A.M. and 10:00 A.M. or at the Flight Line Lounge from 10:00 A.M. to 11:00 A.M. If you wish you can visit our recruiting office at 620 N. Ridgewood Ave. or telephone the office at 253-9671.

This last week's BBQ was billed as a "technical inspection". We have found evidence that this is not true and at present this photograph is proof. "They had a big blast," way back when ERAU was in Arcadia, Florida.

Vets Club Plan
An Innertube Race

Pending approval by the U.S. Coast Guard the Vet's Club is planning to hold an "inner-tube" race to benefit the Big Brothers Assoc.

According to Gary Rice, club President, the race is planned for June 30 or July 1.

Presently, the rules permit only inner-tubes to be entered in the race. Also, paddles may be used but no flipper.

The contestants after a "technical inspection", will race from Seabreeze Causeway to the Memorial Bridge, connecting Orange and Silver Beach Streets.

Those interested in entering should contact either Gary Rice or Stan Steenbock. There is an entry fee of $10.00 for a team effort or $2.00 for an individual contestant. All of the profits will be turned over to the Big Brothers Assoc.

Placement Office Has Local Full And Part-time Jobs And Career Openings

There are many part- time employment opportuni ties listed in the Placement Office. If you are currently looking for a part-time or local full-time job, perhaps just the one you need is listed in our office. Some of these opportunities include service station attendants, warehousemen, mechanic and linenman for FBC, sales clerk, dishwashers, stock clerk, cook(s), and general outside maintenance for private homes. Opportunities for student wives include receptionist (part-time or full-time) and secretarial (six weeks).

Also, Sunrise Odds needs twelve students to take inventory all day Saturday, June 30. If interested, contact Von Rasmussen at 232-822.

For those of you graduating, the Placement Office offers a resume service, assistance with cover letters, and materials to reference literature, as well as current employment opportunities.

There are many positions available for Airlineurbed. It is the students' responsibility to gain practical experience on the job, but assistance is given by the Career Office.

Cooperative Education is an ongoing program at E-RAU. If you are interested in learning how to gain practical experience in line with your career field, please give the Career Office an opportunity to explain the program to you.

INSURANCE SNAG

While checking into necessary details such as insurance, it was discovered that an experimental model such as the HP-10 is practically uninsured in an operation of this kind.

So, a decision was made to sell the HP-10 and use the proceeds to buy a glider which would be insurable.

Not wanting to postpone further the initiation of the glider club, we are offering interested students an opportunity to help cut the ball rolling by putting up $25 each toward the purchase of the new glider until we can sell the HP-10 and repay the investors who will then have been accorded special recognition as members and founders of the E-RAU SAILPLANE CLUB.

AGAIN, each person who puts up $25 towards the purchase of the glider will be recognized on a full upon sale of the HP-10 if we then.

The sailplane we intend to purchase is one of the finest, 'two-placers' available. It will be purchased in the nearest new and built right here on campus.

Sound like something you want to get in on? If so, call Betty Bond, ext. 25 for more info.

SPEAKING OUT

Mr. Rainell spent this week interviewing girls to replace his executive secretary.

When contacted concerning the President's Corner all he could muster is "I can't type. "36" can’t take shorthand. "24" is not a good secretary, but what a face...Decisions...Decisions...Decisions..."

The Avion is a publication for Embry-Riddle students partially financed by the Student's Association. The Avion is published weekly on Monday night. The Avion is a publication for Embry-Riddle students partially financed by the Student's Association. The Avion is published weekly on Monday night.

THE PRESIDENT'S CORNER

This week's topic was to be another foolish (in my opinion) topic was a discussion of the flight line. But I received word that the flight director, Mr. Gil Summers, is leaving E-RAU and going to his family in Boulder, Colorado. So I shall save it and spring it on his "replacement".

What should I use as a headline? I'm tired of pleasing for help, but I must announce a meeting of Avion editors and those who may be interested in helping out. The meeting will be held on Monday, June 11, Room 108, 12:00 noon. Also, another meeting will convene Tuesday, June 12, Room 108, 4:45 if you miss the first one.

This last week has been rather busy as I have been making first personal friend with the campus. I have purchased a bicycle to school. And, since I have been forced to ride a bicycle on campus, I've become more aware of the dangers of bicycle riding, even on our own campus.
The following full-time students earned a grade point average between 3.2 and 3.49 inclusively for the Spring Trimester, 1973.
