EDUCATION AND RESEARCH
## TABLE OF CONTENTS

Editorial:
*Air Transportation Challenges of the 1990s, Part III* .............................................. 6

Letters to the Editor ................................................................. 8

Forum:
*The Tilted Playing Field*
  Thomas R. Weitzel ............................................................... 9

*The Demand for Aviation Activities at General Aviation Airports: An Empirical Study*
  Atef Ghobrial, Ph.D. and Don Ramdass ...................................... 11

Glass Cockpit
  Tim Brady .............................................................................. 19

*Personality and Hazardous Judgment Patterns Within A Student Civil Aviation Population*
  John R. Ives ............................................................................ 20

*Availability of Proficient Entry-level Airline Pilots: A Factor in Four of Six Hiring Criteria Tested*
  William C. Herrick ................................................................. 28
EDITORIAL FOCUS

The Journal of Aviation/Aerospace Education & Research (JAAER) is a scholarly publication for educators and researchers as well as for professionals in the aviation and aerospace industry. The focus is how the educational process is influenced by various segments of the aviation and aerospace community, and how education affects the industry. We are not confined to colleges and universities; we embrace elementary and secondary education, as well.

The Journal is interested in a wide range of scholarly submissions concerning aviation/aerospace curriculum development and/or innovative methods of instruction (for any/all levels of education), significant research relating to aviation/aerospace education, to industry research, and to industry and education partnerships. We also welcome submissions reflecting the latest industry and academic thought concerning current issues of interest to JAAER readers. We are interested in well-researched and documented stories concerning aviation history, both in the past and in the making.

The JAAER is a refereed publication. Manuscripts are blind-reviewed by members of the editorial board as well as by a limited number of professionals in that field. This review process takes a minimum of 60 days.

From time to time a non-refereed article may be included in a FORUM section. The The Journal of Aviation/Aerospace Education and Research believes that such commentaries have merit either as controversial material, as newsworth material, or as material of sufficient critical importance that it should be set before our readership. The opinions expressed by the author(s) are not necessarily those of the JAAER editors, reviewers, or staff.
AUTHOR’S GUIDELINES

Preparation of Manuscripts  The most current edition of the Publications Manual of the American Psychological Association (APA) is used as the style guide for submissions. However, authors are instructed to include all tables in the body of the manuscript.

☐ We do not accept multiple submissions. (If pending acceptance elsewhere do not submit to us.)
☐ Submit five copies of the manuscript using standard, white, bond paper.
☐ If typewritten, use dark, clearly legible ribbon. Do not use paper that will smear.
☐ If printed by computer print must be clear and easily readable. If a dot matrix printer is used, Near Letter Quality (NLQ) is acceptable if good quality ribbon and paper is used.
☐ Double space the text.
☐ Use wide margins (1.5"-2") on both sides and top and bottom.
☐ Do not right (full) justify the manuscript
☐ Do number the pages

Title  The title of the manuscript should be clearly indicative of its subject and of the author’s intention, and should not be unnecessarily long or convoluted.

Documentation  Manuscripts are to conform to APA reference documentation. Text reference citations and reference list entries must be identical.

Autobiography  On a separate sheet of paper, include a brief autobiography stating your qualifications for writing this article. If multiple authors, give a brief autobiography for each author.

Publication Policy  With your initial manuscript submission we require a full statement that this manuscript has not been previously published elsewhere, is not submitted and pending acceptance elsewhere, and will not be submitted for publication elsewhere in its present form.

If you have questions about submitting a manuscript or subscribing to the Journal, please call the office at 904-226-6855. Office hours are from 9:00 a.m. to 2:00 p.m. on Tuesday, Wednesday, and Thursday.
